DEVOTED TO THE INTERESTS OF HANTSPORT AND VICINITY

Here and There

Moose hunting opened in the Province of Quebec on September 10th. Indications are that an unusually large number of hunters will invade the woods this fall and the rush for licenses is well under way.

Edward A. Patterson, mining engineer of London, England, visiting Nova Scotia, states that the mineral resources of that province are practically lying dormant and that with proper development along scientific lines, mining could be advanced to first place in the province's industries.

Calgary, Alta., is planning an artificial ice rink, because of the prevalence of chinooks in the winter, but the project will not be carried out in time for the coming season. Calgary had to abandon its scheme for an annual winter carnival because it could not count on weather that was cold enough or on snow.

The members of the band of the famous Princess Patricia's Canadian Light Infantry were among the passengers sailing for England aboard the Canadian Pacific liner "Empress of France" on September 10th. Under the direction of Lieut. T. W. James, they are to play at the British Empire Exhibition at Wembley.

The Duke de Alba, 17th of that name and 10th Duke of Berwick in the British nobility, together with the Duchess of Alba and several other distinguished Spaniards, is touring Canada over Canadian Pacific lines. Their itinerary includes Niagara Falls, Toronto, Banff, Lake Louise, Vancouver and Victoria.

Transformation for the better wrought among the Eskimos in the last 25 years is almost unbelievable, as Bishop I. O. Stringer, of the Anglican diocese of the Yukon, reported on a recent visit to Edmonton, Alta. The Bishop attributes this improvement to the influence of the missionaries and the Royal Canadian Mounted Police.

The "Calgary process," the newest method of oil refining, was examined with interest by the members of the British Association for the Advancement of Science during their recent visit to Calgary, Alta. This process has become world-famous ever since the experiments conducted at the local Imperial oil refinery proved so successful.

Thousands of Belgians are waiting to cross the Atlantic to Canada as soon as the Dominion can assimilate them, it is reported by authorities in touch with the situation. Belgium's interest in Canada is further evidenced by the visit to the Dominion of Louis Strauss, veteran member of the diplomatic corps and member of the Belgian Parliament for Antwerp, who, as guest of E. W. Beatty, Chairman and President of the Canadian Pacific Railway, is touring the country studying economic conditions with a view to stimulating Belgium immigration.

NO GAS ON SUNDAYS

Calgary Garage and Service Station Men to Obey Closing Law

CALGARY, Sept. 25.—Garages and service stations in Calgary will close down on Sunday, according to a decision reached at a meeting of the Calgary Auto Dealers' Association. The garagemen passed a resolution and expressed themselves as being in sympathy with the closing up for general service on Sunday. Neither gasoline nor oil will be sold on the Sabbath, neither will there be any repair service provided, and the only places remaining open will be garages where cars are stored, and a man will be kept on duty to look after the storages, but that is all.

W. J. McLeod, chairman of the association said that the garagemen do not wish to be a party to a movement to offend against the law, and since the city police have ordered them to remain closed on Sundays, they will comply with the ruling.

"The law is there, and it is to be obeyed," remarked Mr. McLeod. "If the public want the service from garages on Sunday, it is up to them to see that steps are taken to have the law amended."

PRECAUTION

It was to be his wedding morning but somehow or other he overslept himself.

When at last he awoke he dressed hurriedly and hastened to a telegraph station and sent this message to his waiting bride:

"Detained. Don't marry until I come."

Miss Josephine Borden, who has been a guest of J. E. and Mrs. Borden for some time, has returned to her home in Hartford, Conn.

RALLY DAY SERVICES

Interesting and successful Rally Day services were held on Sunday in connection with the United Methodist and Presbyterian Sunday Schools. In the afternoon an interesting program of music, Scripture reading and recitations was given by the members of the school. The Rev. W. A. Outerbridge delivered an inspiring address.

In the evening at the regular service the program was repeated. The School occupied the chancel of the church and lead the congregation in the service of praise. The pastor, Rev. A. B. Higgins, spoke on the teacher's opportunity, closing with a practical and helpful talk to the young people. A large congregation was present. Mrs. F. Hart presided at the organ.

In the Baptist church the Rally Day music and exercises were particularly interesting, the children performing their parts in a very creditable manner.

REQUIEM

Under the wide and starry sky,
Dig the grave and let me lie.
Glad did I live and gladly die,
And I laid me down with a will.

Here may the winds about me blow;
Here the clouds may come and go;
Here shall be rest for evermore,
And the heart for aye shall be still.

Here may the winds about me blow;
Here the clouds may come and go;
Here shall be rest for evermore,
And the heart for aye shall be still.

Here may the winds about me blow;
Here the clouds may come and go;
Here shall be rest for evermore,
And the heart for aye shall be still.

Here may the winds about me blow;
Here the clouds may come and go;
Here shall be rest for evermore,
And the heart for aye shall be still.

LETTER OF SYMPATHY

The following letter of sympathy was sent by the Maritime Baptist Convention to Rev. F. H. Beals:

Wolfville, N. S., Sept. 2, 1924.
Dear Bro. Beals:—

I have been instructed by Convention to extend to you the deep and heartfelt sympathy of the brethren for you in your recent affliction; to assure you of their appreciation of your untiring and splendid labors for the advancement of the Denomination and the Kingdom of God, and to express the hope that many years of service may still be granted you. And further, to assure you of their love, and their prayers for your future welfare.

On behalf of the Convention,
S. S. POOLE, Secretary.

CONSUMERS PAY FOUR TIMES WHAT GROWERS GET FOR APPLES

That apples are being retailed in Winnipeg at a price four times that paid the growers is a statement which comes from that city. Barreled apples which are bringing eight dollars a barrel have been found to contain notes from the grower, stating that he received two dollars and asking that the purchaser write and tell him what he paid.

In the meantime apples from the United States pay duty and more freight and yet sell for 20 per cent less on the

prairies. These facts interest the public in the presence of the Federal investigation now being held on the prairies to determine why the situation favors U. S. products and who gets the difference between what the grower is paid and what the consumer is taxed. Manitoba retailers assert the market there for domestic fruits is decreasing because of the conditions.—Ex.
