# The Gurney-Oxford 000000000

# Why it is the Best Range Procurable

It stands to reason that the Perfect Control foundry of national reputation for its equipment of the most notable hotel, restaurant, and institutional kitchens throughout the Dominion, also makes the best range on the market

for the home kitchen. This Gurney-Oxford range is the result of over seventy years' experience and experimental study of improvements to benefit the woman who toils

### in the kitchen.

0

**Even Bakings** By means of a Divided Flue Strip, the heat is divided evenly over the top and down the back and sides of the oven. A pan It's Sanitary Too of biscuits in the front and back of the oven will brown with perfect evenness without having to change their places many times during the baking. The two back lids of the range also receive an equal cooking heat that will boil two kettles

The entire range is controlled practically by one handle, called the Economizer. It turns around a series of six notches to determine the exact degree of heat required. Such control saves time, fuel and labor.

0

# Saving of Fuel

Then again the special Reversible Grate saves coal bills by burning the coal to a fine white ash. No unburnt coal can lodge in the rounded cor-

# ners of the firebox.

Its smooth, clean top is polished and requires no black
