Delaware Park Survey

For the week commencing on the 27th April we desire to call special attention to the lots fronting on Delaware Avenue. These lots are 40 ft. by 100 ft. and as the sidewalk on the north side will be about 15 feet to the south of the street line, these lots are practically 115 feet deep. The price is \$25.00 per foot frontage, or \$10.00 per foot less than other lots on the same avenue. This is the choicest frontage in East Hamilton, and as corner lots will be sold at the same price during the week you should make an early selection. Delaware Avenue is only half a mile in length and prices will reach \$50.00 per foot in 5 years time.
Lots on Eastmoreland and Westmoreland Avenues are still selling at \$15.00 per foot frontage. They will soon be worth \$30.00 per foot.
This property is reserved for residential purposes only and the reasonable building restrictions imposed are such as to insure the proper development of the survey.
Correspondence specially invited with investors living out of the city. Plans of survey sent on application.
Terms—One-sixth cash, balance easy terms, monthly payments or otherwise, time being only a question of interest.
