

AROUND THE CITY

(From Monday's Daily). The producer gas plant was in full operation on Saturday night and worked without a hitch. It will run again this afternoon. Its uninterrupted operation is now thought to be assured.

AT R.N.W.M.P. BARRACKS. At the R.N.W.M.P. Barracks on Saturday, Thomas Manning, of Bon Accord, waived the preliminary hearing on a charge of horse stealing. He was sent up for trial. Manager Reynolds, of the Clover Bar Coal Company, was fined \$5 for leaving the mine shaft unprotected.

ANOTHER CANDIDATE. J. H. McKinley, of the Windsor literary, announced himself today as a candidate for alderman at the forthcoming municipal elections. Mr. McKinley resides on May street. He has been a resident of Edmonton for five years and has seen much of the development which has taken place in the city.

FURNITURE FACTORY. A number of eastern capitalists, represented by J. J. Cavonius, Toronto, who is now in the city, are contemplating the establishment of a furniture factory here. The promoter was here in August and went into the proposition thoroughly and was very favorably impressed with the prospects. Today he is interviewing a number of local men with reference to a site, etc. It is estimated that a \$100,000 plant will be required here within the next few years.

STATION AT PACKING PLANT. The C.N.R. have notified the city that they intend at once establishing a passenger, freight and telegraphic station at the packing plant. It is proposed to call this station Dwyer by the railway authorities, but to this there is strenuous objection, as it is felt the advertising to the city from the big packing plant would to some extent be lost if goods, etc., were consigned to "Dwyer." The name of North Edmonton has been suggested instead, and it is probable that this will be adopted.

VOLUNTEERS WANT LAND. All South Africa war veterans interested in having the land under the Volunteer act of 1908 extended to all men of the Anglo Saxon race who served in the Boer war and who were residing in Canada at the time the act came into force, are requested to communicate with C. R. Hoilding of the St. James Hotel cigar and news stand. If the movement is found to be popular throughout the country it is probable that a delegation will be appointed to wait on the Dominion government early next month to ask for an amendment to the act.

COLLIDED WITH STREET CAR. The first collision with a street car occurred on Saturday evening about half past seven, between Eleventh and Twelfth streets. There were no fatalities. A man named Alex Ross was driving along the street when his horse dashed in front of the car. It hit the wagon, overturning it and throwing the occupant underneath. He was picked up and taken to hospital. It is thought that he was seriously injured, he was taken to the General Hospital. The nurse soon reported that, however, that he was becoming troublesome, and he was removed to the police station, where a charge of drunkenness was laid against him. This morning he pleaded no guilty and was remanded until this afternoon.

SUPREME COURT CASES. The following Supreme Court cases have been disposed of as follows: Gilmore vs. Tough. Settled out of court. Segarman vs. Shugerman. Settled, each party to pay own costs. J. Henry Machine Works vs. Paas. Commission to be taken and to be tried before Justice Harvey. York vs. Inglis. Next court, costs to plaintiff. McDougall & Secord vs. Inglis. Judgment for plaintiff, not defended. Griffin et al. vs. Kennedy et al. Settled. Yarnow vs. Bramberger. Set down for Monday, Nov. 28. Magoon vs. Porter. Next court. Federal Life vs. Dumas. To be transferred to District Court. Brock Co. vs. Labelle. Settled out of court. O'Keefe vs. York. Settled on payment of costs. Taylor vs. Bissett. Adjudged to Wednesday, Nov. 25.

WILL OPEN DAY NURSERY. Arrangements have been completed by the Edmonton branch of the Canadian Council of Women for the opening of a day nursery in the city on December 1st. A suitable house has been secured at 840 McDougall avenue, for which \$25 per month rent is being paid. The house will be open for little children during the day from 7 a.m. to 6 p.m.; while their mothers are at work. A matron has been engaged to look after the home and care for the children. A charge of 10c per day is made for each child which will not, of course, cover the expenses of the undertaking. The total cost for the first year is estimated at \$900, of which \$300 has been already subscribed. Donations in aid of this work

10c. The latest success. Black Watch The big black plug chewing tobacco. 2255

will be received by Mrs. R. W. Cantley, 534 Sixth street. In connection with this work, started by the ladies of the city, a Scotch concert will be given on Thursday evening, Nov. 28th. This is their annual Scotch concert and everyone is cordially invited to attend. A collection will be taken at the door, which will be used in aid of the day nursery.

A NEW RECORD. A new record for street car operation was established on Saturday, when the four cars in operation carried 4,177 people and the receipts amounted to \$175. This was the highest record of any day of operation, the only record of 2,500 being established on Friday. The four cars are now being run on a fifteen minute schedule between Alberta avenue and 21st street, and are being very liberally patronized.

This forenoon, owing to an accident to the generator in connection with the old plant at the power-house, the power was shut off and the street cars were unable to operate for several hours. This afternoon the trouble will be remedied and the cars started again on schedule time.

Supervisor Taylor expects tomorrow to put in the diamond over the Canadian Pacific railway at Strathcona. Permission to cross here was granted several weeks ago. This afternoon the bridge is expected to be started, and then the inter-urban car service will be started at once. Two more cars are expected to arrive in the city tomorrow and be fitted up at once for regular service. The small car now in Strathcona alone is also expected a day or two later.

PROVINCIAL APPOINTMENTS. The following provincial appointments, etc., appear in the last issue of the Alberta Gazette: Martin Woolf, of Cardston. Orson O. Woolley, of Magrath. R. G. Dunsmuir, of Vermilion. J. B. Thomas, of Mannville. Ole Lund, of Viking. Ered Hild, of Magrath. Zebulun Young Jacobs, of Carleton. Harry Grover Worley, of Millet. D. J. Berry, of Vermilion. Certificates of Registration. Certificates of registration have been granted as follows: The Ingersoll-Segeant of Canada, Ltd., Montreal. The General Accident Fire and Life Assurance Corporation, Ltd., Perth, Scotland. The Monarch Lumber Co., Ltd. (From Tuesday's Daily).

The death occurred at the General Hospital this morning of Claude Latimer, a farmer who resided about three miles west of the city. He came out to this country a short time ago from Ontario. The immediate cause of his death was inflammation of the intestines. He leaves a wife and two children. The remains were removed to the mortuary of Andrew Taylor and were taken out to the family residence, from which place the funeral will take place.

THREATENING TO KILL. Last night a man named Harry Latimer, who lives near the Bickelton hotel, was arrested by the police on a charge of threatening to kill his brother, Emile Latimer. The two brothers, it is said, have been quarrelling for some time and the complainant alleges that on Sunday night he accused the other of having killed his mother. The case will come up for trial before Magistrate Belcher tomorrow.

BIGGER PRICE FOR DEBENTURES. This forenoon Mayor McDougall received a letter from a well-known London, England, financier, stating that he was prepared to tender on the next issue of city debentures a price of 5 per cent. par basis. The Mayor is of the opinion, however, that a much better price is obtainable than the next issue is put on the market next spring. At the present time the Edmonton rate is quoted at from 105 to 108 on the English market.

FIRST BREAK IN FOUR YEARS. For the first time in the past four years the cogino of the old electric power plant at the power-house yesterday about nine o'clock and was not ready for use again till after four. The only public utility that suffered from the street car system, run by the old plant, and this was tied up while the engine was out of business. Despite the fact that the cogino has been standing idle a greater part of the year, 1,838 tickets were sold during the time the cogino was out of business. Today the four cars are running on schedule time.

NEW WHOLESALE HOUSE. H. C. Stockton, representing the Royal Fruit Co., is in the city making arrangements for opening a wholesale grocery store in the city. The company now have six wholesale houses in Manitoba. The store will be located on the corner of Dakota and Minnesota highways. The year's output is \$500,000 worth of business. For the present it is likely that a part of the warehouse owned by Kenneth McKenzie & Co., on Fourth street, will be used. Later it is the intention to build on a site to be purchased shortly.

TRIALS OF MYSTERY MAN. Professor Willey, hypnotist, who has been in Edmonton for some weeks and more recently in Calgary, appears to have had a sad experience last week in the southern town. Speaking of his adventures, the Albertan says: "I got closed out of the Lyric theatre after one evening's performance of what was to be a three nights' engagement, followed by the disappearance of his manager with the use of my cash, is the sad experience of Professor Willey, the 'human magnet' who was billed in Calgary and today's performances on spiritualism and other mystery packages. Manager Hamilton, who departed, it is claimed, has left the man who placed so much confidence in him in a very peculiar position, as Thursday's article has shown. The man who had been in the city for a long time, and the takings would have been considerable, but he had been gone, the professor is minus money and manager, although it would not have mattered much about the latter had he left behind the cash. Professor Willey was to have given the Calgary reporters a private reception yesterday afternoon, and give them a private glimpse to take any chances of being put to sleep and perchance reveal their past sins, so they never put in an appearance.

FURTHER FACTS IN CASE. In the course of the evidence which was adduced at the trial of John Smith of 23 Pleasant in the District Court, last week, regarding the neglect of a sick child, certain facts were not adduced in evidence, as a result of which might have been the impression to be conveyed that the defendants were treated more harshly by the police than the case warranted. The facts are that the parents were both released on bail on the 24th July and were not confined nearly two days in all, but less than twelve hours. Furthermore a release could readily have been effected the evening of the arrest, had it not been for the delay caused by the protracted resistance offered to the police which made it difficult to make arrangements for their release at so late an hour. After 11 p.m. the health officer after his return from the hospital requested the police to release the mother, but was informed that a magistrate would have to be found before this could be done. The children were taken to the home alone, as suggested, but had a grown up sister to attend to their wants. The police, however, did not leave the mother hired a team and brought the baby to her but after doing this she obliged the child to accept and ride in the sled to take it back again, which they did.

According to the evidence given by two medical men, the condition of the sick child was so precarious on this night as to demand instant attention and this could not possibly be done without first taking action against the parents. The fact that the child was not generally known that a division of this hospital is reserved for cases other than the infectious diseases, and was so this division was taken.

LOOKING FOR HER HUSBAND. If there is a German named Wies living in Edmonton, his presence is very urgently requested at the Immigration Hall on First street where his wife and two small children are eagerly looking for him. Yesterday afternoon Mrs. Wies arrived in the city on the C.P.R. with her children from her home in North Dakota. Her husband came out to Edmonton about three weeks ago promising to send for his family as soon as he had a home ready for them. They being here a short time he wrote his wife that he was building a home in Edmonton and that he would be coming to see her soon. Instead of waiting for more definite information Mrs. Wies packed up her goods and children and came to the city yesterday she was in a very nervous and excited condition. She was taken to the Immigration Hall but neither it was a hospital where her children might contract some contagious disease she at first refused to enter it. This morning she wrote her husband, sending the letter to the general delivery, telling him where she and the children were and that she would not be allowed to leave the hall when he came to get them. She is now in all the motherly tact of Mrs. Willis, the matron, to soothe her fears. Meanwhile Mrs. Wies is looking eagerly up and down First street for a sign of her husband coming to take her to the home he has prepared for them.

Another family that arrived yesterday direct from Ireland are staying at the Immigration Hall. They too came over to see their children who were in the hall. The children were taken direct to the Immigration Hall by their parents, who were joined later by their parents, who were in the hall.

Two more of the street cars, Nos. 3 and 6, of the Edmonton Radial Railway arrived in the city over the weekend. They were taken to the car barns on Syndicate avenue. A staff of men will be put upon them this afternoon and they will be ready for operation within the next two or three days. Immediately upon their completion they will be put on best routes Edmonton and Strathcona and by Monday at the latest the inter-urban service will be in full swing. The new car for use on Whyte avenue, Strathcona, is expected shortly, and orders for four more large cars have been placed in the course of a week or two.

In the District Court yesterday afternoon, before Judge Taylor, Latimer vs. Latimer, a case involving a wife and costs of both courts, being & Edge appeared for the plaintiff and J. B. Tait for the defendant. The case was dismissed with costs, with leave to sue on a counter claim.

RUSH FOR DIVISIONAL POINT. "Where will be the divisional point on the G.T.P. west of Edmonton?" Rumor has had it that it will be where the G.T.P. crosses the Macleod river about 125 miles west of Edmonton. Last night and this morning about twenty-five men gathered in front of the Dominion land office on Sixth street and filed for homesteads on what they, with prophetic vision, count on being the site of a prosperous town. The favorite locations were in townships 53 and 54 range 16 west of the 5th meridian, through which the G.T.P. passes. Reports from the land office are to the effect that the office is particularly busy every day. Yesterday 50 applications for homesteads were entered.

Must Provide Stopping Places. Ottawa, Nov. 25.—One of the most important features of the award which has been given under the Lemieux Act in dispute between the Canadian Northern railway and its locomotive engineers is the stipulation that makes that the railway company must provide adequate stopping places for train crews along its road where they are forced to remain over night and sometimes after long trips in most inclement weather.

TO VIGOROUSLY COLLECT TAXES. Only five more days remain for payment of business and income taxes on which a discount of three per cent may be secured. Beginning the first of December, next, Tuesday, the city assessor will vigorously gather in all arrears by issuing distress warrants in any cases when payment has not been made. The department intends to make a clean sweep this year.

MEN WANTED AT TOFIELD. Thomas Herndon, late of Ross Creek, who has removed to Tofield, reports that there are many opportunities of employment for men in that town. The coal mines can not get out the coal fast enough to supply the demand and laborers are asking thirty cents an hour. At the present time, Mr. Herndon says it is impossible to get men at any price to saw a board straight or drive a nail.

CONVERT TO MUNICIPAL CONTROL. Successful operation of public utility under municipal ownership in Edmonton has made a convert of Assistant Consulting Engineer W. Lynn Cameron, of the New York Trusting Co., Ltd., who is now on a visit to the city. Mr. Cameron came here recently to inspect the city waterworks and electric light and street car system, he has become convinced that a city own and operate its utilities with just as much success as a private corporation.

SLIGHT ACCIDENT AT PLANT. There was a slight accident at the producer gas plant yesterday afternoon, about four o'clock, by reason of which it was put out of operation for about four hours, and the city had to fall back on the old plant for its electric power supply. This morning the complete repairs were made and the new plant is ready for operation again today. It is thought that there is no doubt at all but that the new plant will work satisfactorily after the adjustments that have been made in the initial stages are made. Up to last evening it was running well for some days.

MORE STREET CARS HERE. Two more of the street cars, Nos. 3 and 6, of the Edmonton Radial Railway arrived in the city over the weekend. They were taken to the car barns on Syndicate avenue.
