BONAR LAW. PALL MALL GAZETTE DISCUSSES AMERICAN PRESS REPORTS.

LONDON, Jan. 15. The Pall Mall Gazette, discussing American press reports regarding the attitude which the United States may adopt with regard to the blockade estion, says if Count Von Bernstorff succeeds in obtaining a quid proque, for the outward recantation by Germany of her acts of piracy, and succeeds in enlisting the United States as one of Germany's allies in her ef-forts to rule the world, we may expect fresh attacks upon our interpre-tation of international law. The British Empire which is shedding blood, and not ink, for the vindication of neutral rights, has reached a stage in conflict where technicalities will not be allowed to restrain legitimate weapons of warfare. Our right to prevent supplies from reaching the enemy is absolute, and if the process assumes fresh disguises, it is the business of international law to strip wording of its former rescripts. No British Government would dare to relax its grip on Germany now in deference to unrests and threats of out-siders who are chiefly interested in
