ON OTHERS' FAULTS.

It is The Cure of Cases Where Other Medicines Failed, That Has Made The Great Reputation For Pitcher's Backache Kidney Tablets.

Take all the medicines in the world's history, combine their records, and you will not have the proof that is established for Dr, Pitcher's Backache Kidney Tablets for the cure of Backache and all kidney and Bladder troubles.

John Legier, 308 Wilton Ave., Toronto, caretaker and sexton of St. James' Cathedral for I4 yrs., writes:-Last February I came down sick with kidney and liver trouble, due to cold I think. I was told by two doctors to go home and go to bed if I wantel to get well. I went home, but did not go to bed.; I was too uncomfortable. I took all sorts of prescriptions from the doctors, and tried many kinds of patent medicines, with no relief. My appetite gave out- I could eat nothing at all without distress and bloating. A pain came on low down in front and to tell you the truth no one could have felt more miserable. Finally I heard of and got a bottle of Dr. Pitcher's Backache Kidney Tablets, and they did me a world of good immediately I never saw or heard of anything acting so well and so quickly. I feel well and strong again. The pain and soreness are all gone, also the bloating, and I can eat with pleasure and comfort. I take no little pleasure in telling everyone of the results, and will continue to do so, as I feel it a duty I owe the Tablets and the public."

George Letray, 90 Bathurst St. Toronto, writes:-For a long time I was suffering from a gnawing pain in my back. Accompanying it was at times an acute lameness across the loins. I read about Dr. Pitcher's Backache Kidney Tablets and got a bottle. I do not believe that there can be anything better. I have had none of these troubles since, and besides they banished that blurring of the eyes, they eliminated the uric poison that permeated my blood, and the gases that formed in the stonach. causing indigestion, were completely metralized. I strongly recomended those tablets to any person suffering from their back and kidneys. They are prompt in relieving, they cause no inconvenience and can be carried

about with you.' Any reader of this paper can test the merits of Dr. Pitcher's Backache Kidney Tablets free by enclosing two cents postage for trial package to The Pitcher Tablet Co., Toronto. Regular size 50 cents per bottle.

What Not to Say.

Do not say "I can't eat." Take Hood's Sarsaparilla and say, "I am hungry all the time, and food never hurts me."

Never say to your friends that you are as tired in the morning as at night. If they happen to be sharp they will tell you Hood's Sarsaparilla cures that tired feeling.

Do not say "My face is full of pimples. You are quite likely to be told by someone, "There's no need of that for Hood's Sarsap arilla cures pimples "

It is impropper and unnecessary to say "My health is poor and my blood is bad." Hood's Sarsaparilla will give you good blood, and good health will follow as a natura consequence.

In a more lengthy note the Colonel says;
"The battalion is s.ill occupying this place (Springs), and keeping up the duties that I have referred to in one of my previous reports. These, I should say, nowever, are now somewhat increased owing to an attack which the enemy, to the number of about 600, made on our lines on the morning of the 28th of June. This attack was not a very determined one, as, with the exception of a comparative few of them who worked up under cover to within 500 or 600 yards of one of our posts, they contented themselves with remaining at long range rifle and gun fire. For half an hour we kept up a desultory rifle fire by volieys at 1600 yards, and threw half a dozen shells at their ranks at about 3000 yards. The latter fire had the effect of causing them to retire with the loss of one man and a couple of horses. Our casualities were nil. The battalion was prompt to proceed to their respective stations on the alarm."

Gen. Hutton's Report.

General Hut in, in a report to Lord Minto, dated Dradspoort Bivonac, Pretoria, July 22, encloses a report from Col. T. B. Evans, commanding the second battalion, Canadian Mounted Infantry, in which the latter gives an account of a most interesting and gallant incident which occurred during the attack on Honing Spruit (Honey Creek) camp on June 22. The attack commenced at 6.30 a.m., when Lieutinglis was taking out a party of eight men to post on a wooden koppe about three miles and a half enst of the camp. This party was almost surrounded by about 400 of the enemy, and forced to retire. The retirement was made in the direction of a Cossack post on the rallway track, about one mile south of the camp. During the retirement Lieut Inglis and two men were wounded. One was known to have been a prisoner, one made his way to Kroonstadt and six are missing, supposed to be prisoners. The retirement was practically covered by the Cossack posts.

The Group.

was practically covered by the Cossack posts.

The Group.

The group consisted of Corp. Morden, Acting Corp, Miles and Ptes. Kerr and Miles, Their only course was by the railway. Pte. Miles was wounded in the hand, and went back with the tead horse. Corp. Morton sent word back that his group "could stand off the enemy without help." The Cossack post being attacked by 50 of the enemy. Corp. Miles was shot thrut the left shoulder, but continued to fire most effectively. Pte. Kerr was wounded in the side, but continued firing until shot thru the heart and killed. Corp. Morden 'ept up the fire until he was killed, being shot thrut the brain. These men were excellent shots, and their fire so effectivelier they left two or three dead in the vicinity. They are known to have carried off some dead and wounded. The group was composed wholly of Pincher Creek men, Corp. Morden being the best rancher in Pincher Creek.

Fish as Fighters.

The inhabitants of Coshin China.

The inhabitants of Cochin China and of a savage little fish for many years and have long been in the habit of making matches between those owned by different men, just as Mexicans match gamecocks and some Americans and Englishmen bull pups. When a match is made the parties to it having laid their bets bring their specimens of the fierce little Betta pugnax in globes of water. Both are put into one globe and without a moment's hesita tion they fly at each other and do not cease fighting until one of the combatants is killed by the other.

It is only a year or two since specimens of this fish were brought to Paris, but now many are owned in Paris, and it is said that the demand for good specimens is constantly on the increase. They are beautifully spotted with red and blue and would attract attention in any aquarium by their colors alone. The savage nature be hind the beauty would hardly be sus-pected.—Chicago Inter Ocean.

Did you ever take a cork, stick through it a horseshoe nail, put on the top of the cork two or three feathers, tie a long string around the cork and then spear for apples or potatoes? Just try it some time and see how proficiently and how straight you can learn to throw the bob straight you can learn to throw the bolt in a short time. The cork keeps the horseshoe nail in without slipping, and the feathers serve to guide the bob through the air.
