"THE UNSIGHTLY POLES."

Action Taken by the Board of Works-Several Minor Matters Dealt With. Several Minor Matters Dealt With.
At the regular weekly meeting of the
Board of Work last evening Ald, Garratt,
Bartlett, Shaw, Jones, and O'Meara, Commissioner Owen, Secretary Bell, and the
city engineer were present. The engineer
will report on the advisability of continuing Marshall street to Lyle.
Mr. Graydon reported that the city was
not responsible for the accident to John
McKay's horse, and his communication
setting forth a claim of \$110 was filed.
Ald. Jones moved that in accordance

setting forth a claim of \$110 was filed.

Ald. Jones moved that in accordance with the recommendation of the city engineer's report on artificial stone walks, the tender of A. Gardner & Co., Toronto, be accepted. Carried.

The engineer reported that he had examined the city bridges, and that Victoria and Clark's bridges needed reflooring, and that the mill-race bridge needed repairs. Tenders will be called for the latter. Mr. Hunt offered to pay the cost of widening Hunt offered to pay the cost of widening

Hunt offered to pay the cost of widening the bridge. The report was laid over until a further report is received on the stone work of the bridges.

The Privy Council will be requested to order the C. P. R. authorities to erect gates at the Adelaide street crossing.

A petition for repairs to Cartwright street between Dufferin and Princess avenues was referred to the engineer.

Contractor Howie set forth a claim, moral but not legal, for extra payment for the Dundas street pavement put down by him last year. The matter was before the Council last fall and was referred to them

him last year. The matter was before the Council last fall and was referred to them again.

The engineer was instructed to get the

The engineer was instructed to get the solicitor's opinion regarding the Emery street drain.

Mr. Graydon advised that 65 or 70 foot poles be erected in the city on which to hang all the telegraph, electric light and fire alarm wires. On account of the induction of the telephone wires they would have to have spearate poles. The reprehave to have separate poles. The representatives of the different companies inter

sentatives of the different companies interested will be notified to be present at the next meeting of the committee.

A deputation of ratepayers was present regarding improvements to Dufferin avenue, between Quebec and Ontario streets. The engineer will report on the matter.

Ald. Shaw moved that the Council be recommended to have the breakwater at Victoria bridge raised seven feet. The ungineer will prepare specifications and find out the prices for the work.

The street railway company are paving netween their tracks on Dundas street from Adelaide street to Queen's Park, and the contract for drawing the gravel away was let to G. Hartley at 3\hat{z}\hat{z}\hat{c} cents per running foot.

A communication from C. R. Howell A communication from C. R. Howell regarding moving a sidewalk on Adelaide street was laid over, as was also one from Thos. Cosford regarding graveling and grading Catheart street.

Ald. Garratt moved that the Ceuncil be recommended to rescind the present bylaw for granting permits for tapping sewers. Carried.

Carried.

The committee laid over the matter of a remedy for streets bearing the same names.

The committee decided to call for tenders for block pavements on Waterloo street between Queen's and Dufferin avenues, Clarence street from Dundas to the G. T. R., and Hyman street from Waterloo to Wellington.

ounts were passed and the committee

When the merits of a good thing are considered, it only requires proof like the following to convince and settle any doubt.

—Constantine, Mich., U. S. A., Feb. 16, 1887: "Was troubled 30 years with pains in the back from strain; in bed for weeks at a time; no relief from other remedies. About eight years ago I bought St. Jacobs Oil and made about fourteen applications; have been well and strong ever since. Have done all kinds of work and can lift is much as ever. No return of pain in

rears. No return of pain in D. M. Readick."

IN CONGRESS.

The Free Wool Bill Passed by the House-Bow to Work Off the Surplus Silver.

Surplus Silvor.

Washingtos, April 7.—The free wool bill passed the House of Representatives by 194 to 60.

Representative Williams, of North Carolina, suggests a method of disposing of the silver bullion in the treasury in a bill introduced in the House to-day. He proposes to coin all the bullion now on hand, and hereafter to be purchased, and reserving one-third of it as a redemption fund issue the remainder to the States in proportion to their population as a loan without any interest charges. States are to invest the money as they see fit.

A Wanderer Returns.

Middleton, Conn., April 7.—Edward Dimock, who left here 23 years ago, since which time no trace of him had been learned, turned up yesterday. He has been in California and has been successful toeen in California and has been successful in business. He finds that in his absence two sisters have been born, whom he saw for the first time this morning, and his father has died. Both of his sisters are grown to womanhood and are married. There is joy to-day in the house of Dimock.

There is joy to-day in the house of Dimock time; no relief from other remedies, bout eight years ago I bought St. Jacobs, bout eight years ago I bought St. Jacobs, and made about fourteen applications; ave been well and strong ever since, lave done all kinds of work and can lift amuch as ever. No return of pain in ears.

But M. Realick."

Human reason borrowed many arts from he instincts of anima's.—[Dr. Johnson.

Every judge should have the courage of its convictions.

There is joy to-day in the house of Dimock. The Grand Trunk Engine House at Galt Destroyed.

Messrs. Cook (chairman), Jeffery, Craig, Meelheran, Tanton, Brady, Turner, D. W. Blackwell and Secretary Abbott attended last evening's meeting of No. 2 Committee of the Board of Education. An hour and a half was spent in passing the accounts, after which the reports of principals of

—J. Fryer, conductor No. 9, last night telegraphed that there was one passenger for London. No. 9 was a little late, and the London train was held. When the train arrived the passenger turned out to be a little 3-year-older, who was en route from Buffalo to London in charge of the conductor.—[St. Thomas Journal.

—Every alternate morning chery 6

ductor.—[St. Thomas Journal,
—Every alternate morning about 6 o'clock the central fire brigade may be seen at "ladder drill." They practice an hour or so on the large buildings in that vicinity such as the London furniture factory, Reid Bros', McKay's and McClary's establishments, the Mechanics' Hall, etc. The hoys have become expert at running up the ladders, the longest of which, by the way, does not nearly reach the roof of any of these places.

these places.

—The ladies attending the W. C. T. U. meeting yesterday afternoon had a very pleasant and profitable time. Mrs. Thornley, president of the London W. C. T. U., was present. She is a pleasing speaker, and kept the audience interested for nearly two hours. She is quite at home while speaking on the different branches of work taken up by the Women's Christian Temperance Union, being an enthusiastic temperance worker. The success of the temperance work in London is largely due to her efforts.—[Woodstock Sentinel-Review, April 7.

—The Ancient Order of United Work-

-The Ancient Order of United Workmen have for some time been desirous of extending their membership in the North-west Territories and British Columbia, in

Milne. The Art Recital To-Night.

The Art Recital To-Night.

The advance sale for the art recital in Victoria Hall to-night insures its financial success, independent of the large number who will buy their tickets at the door. The fact that the ladies of Alma College, St. Thomas, will furnish the programme is also a guarantee of its artistic excellence. It was partially produced at the Opera House, St. Thomas, Tuesday, and press and public there have been sounding its praises. The performance is varied in nature, the tableaux being particularly charming. Kilwinning Loige, A. F. and A. M., is the promoter of the recital.

Te-Night's Ehow.

Te.Night's Ehow.

Those who admire refined and legitimate comedy will find in "Dr. Bill," which will be produced at the Grand Opera House tonight, something to their taste. The Doctor's medicine is described as a first-class tonic for low spirits. The Albany Express says: "A large and demonstrative audience saw the first production of 'Dr. Bill' at the Albany Theater last night, and laughed immoderately over the amusing complications and mishaps, which the author, Hamilton Aide, has invented for his characters. After the surfeit of insane farce-comedy which has lately deluged the local stage, such a performance as that of Tc-Night's Show. farce-comedy which has lately deniged the local stage, such a performance as that of last night is to be hailed with delight. The heartiness with which the piece was received would seem to indicate that Albanians have tired of the inamity and vulgarity

schools in re the janitors were next taken up. Several janitors will receive notifications to attend more carefully to their duties. Tenders will be called for cupboards in several of the school rooms, Messrs. Blackwell and Tanton will provide Messrs. Blackwell and Tanton will provide a stove for Lorne avenue school for scrubbing purposes. The matter of appointing an architect for the Board other than the city engineer was laid over. The engineer was instructed to prepare specifications for cloak rooms on ground floor of the Collegiate Institute. Several minor repairs will be made to King street and Queen's avenue kindergarten schools. The principals of all the schools will be asked to furnish the committee, before June 1, with written committee, before June 1, with written statements of any repairs needed.

DEADLY PARALLEL NO. 2. The best evidence of the soundness of the position of the Liberal lawyers that the notices served on the bogus voters were perfectly valid is to be found in the attitude taken on them by the judges before whom they were brought. For the purposes of comparison, we give the names of the judges for and against the validity of the

Declared the Liberal | Declared the Libera notices good. In County Court:

In Court of Queen's Bench: Judge Elliot, Londo Chief Justice Armoun Mr. Justice Street. Mr. Justice Falcor

In Court of Appeal Chief Justice Hagarty Mr. Justice Burton. Mr. Justice Macler

In County Courts: Judge Price, Kingston

Judge Wilkinson, Nap what better proof of the validity of the notices could be obtained than the unanimous judgment of two superior courts, supplemented by the decisions of two respected county judges? Against this judgment must be placed the solitary decision of Judge Elliot, given two months after he expressed his intention to await the decision of the Court of Appeal, and after he cision of the Court of Appeal, and after he had been guilty of the grossest partisanship.

Horticulture.

THE APPLE SCAB. The apple scab is a parasitic fungus growing upon the leaf and fruit and flourishing west Territories and British Columbia, in the hope of being able to set that territory apart as a separate jurisdiction. With this in view, Mr. John Milne, past grand workman, of Essex, was lately solicited to visit that country and establish lodges. He consented to do so, and will shortly start for Manitoba. The arrangements were finally concluded at a meeting held in St. Thomas Wednesday, in the office of Grand Recorder Carder. There were present: G. M., W. Inwood, of Toronto; G. M. Examiner Colton, of Lambton Mills; Col. Dawson, London; T. C. Irving, Toronto; H. B. Taylor, Whitby, the finance committee and Mr. Milne. varieties which escape the scab, but in some seasons, however, it respects neither condition of soil, mode of culture, nor variety of fruit. So also varieties notably free from disease in one section may scab badly in some other locality more or less remote.

free from disease in one section may scab badly in some other locality more or less remote.

It has been demonstrated by experiments made by and under the direction of the Ohio station, that the growth of scab fungus may be checked by spraying the tree at proper times during the spring with several of the copper compounds commonly used as fungicides. So far as tested the most satisfactory compound is dilute Bordeaux mixture containing 4 pounds of lime, 4 pounds of copper sulphate and 50 gallons of water.

As directed by Mr. Green, the horticulturist of the station, the first application should be made before or about the time the leaves open, the Bordeaux mixture being used alone. The second spraying should be made immediately after the blossoms fall. In this paris green or London purple may be combined with the dilute Bordeaux mixture to destroy the apple worm. The third application may be made a week or ten days from the time of the second and with the same materials. The fourth and last application for the season should be made in about two weeks from the time of the third, and dilute Bordeaux mixture alone used. For early ripening varieties the fourth application may be

Her dresses are models of perfection in fit. Charges moderate. Ladies, try our Dressmaker and Mantle-maker

Known everywhere in this Western Peninsula as Lendon's Cheap Dry goods Store.

omitted, to avoid leaving a coating of the mixture on the fruit when ripe.

It appears that spraying greatly increases the market value of all the varieties experimented upon, and in the case of Newtown pippin the value was more than doubled. The difference was also quite marked with Beilflower and Smith's cider, but less so with Baldwin and Greening. The effect of judicious spraying with fungicides is to check the dropping of immature fruit in the spring, to cause it to grow to larger size and more free from blemishes, to cause it to hang better to the tree while ripening and take on higher color and to improve its keeping quality.

A CHEAP GRAITING WAX.

Take equal parts good clay and fresh cow manure. Mix thoroughly and it will be ready for use. Tie a cloth or rag around the wax when applied to prevent rain from washing it off. I experimented with the above last spring with good success. I will use it again this spring. Try it.

success. I will use it again this spring. Try it.

KEEF CLOVER OUT OF ORCHARDS.
The orchard is one little field that nearly every farmer has that helps to increase or decrease the income of the farm. It cannot be rotated many years as other fields.
There is no kind of grass seed when sown that will do the trees much good. Clover is the one special grass to enrich land, but when sown in orchards with fruit trees the clover takes up the saltpetre and other floating ingredients from the atmosphere that are so essential to the growth of the growing trees, so much so that if kept continually in clover four or five years without feeding the ground with manure or fertilizer the trees will not only cease growing but will become blighted and soon die for want of nourishment. After using the orchard for potatoes or for a general truck patch while the trees are small, seed down to orchard or some other kind of good grass, and when the trees the sing of the good grass, and when the trees the sing of the good grass, and when the trees the sing of the good grass, and when the trees the sing of the good grass, and when the trees the grant in the growing the good grass, and when the trees the grant gran to orchard or some other kind of good grass, and when the trees show signs of fruiting be sure to feed the ground well every winter with some good manure.
