"TWO LITTLE WAIFS." Lincoln J. Carter's latest production will be at the New Grand tomorrow (Wednesday) evening. Stanley and Lolita Lamb will essay the parts of the "waifs," and are said to be clever child artists, playing the difficult roles with an interpretation worthy of professionals. The story is one of heart-interest, with a broad vein of refined comedy, intermingled with pathos, sentiment and tears. "The Two Little Waifs" is said to be the best of Mr. Carter's pieces.

AT THE NEW GRAND. Primrose & Dockstader's Minstrels and Mr. Robert B. Mantell are early bookings at the New Grand.

AT THE LONDON OPERA HOUSE. The management of the London Opera. House announce the re-engagement of Professor Pull, mind-reader and hypnotist, for the last three nights of this week. Professor Pull will during this engagement present exhibitions of the scientific aspects of hypnotism, including human statuary, which he did not put on before. There will be a matinee on Saturday.

It Is Time You Were Awakening to the Fact That

## Malt Breakfast Food Is a Promoter of Good

If, up to the present, your morning dish of oatmeal or other grain foods into Arizona they carried back reports have not given you the satisfaction you expected, it is time you were awakening to the fact that Malt Breakfast Food is an unfailing promoter of good digestion, which means

Digestion.

comfort and happiness. The Malt used properly and scientifically in the manufacture of Malt Breakfast Food, owing to its happy digestive action, overcomes all the troubles you now experience from starchy foods, like catmeal and ordinary wheat preparations. The flavor of Malt Breakfast Food is simply delicious and the food value marvelous. If you are open to honest conviction, try one package of Malt Breakfast Food; your grocer can supply you.

Boston, one of the richest cities in the United States, has a municipal debt

## The Cactus is Doomed.

Watering the arid wastes of Arizona is causing the extinction of one of the most singular plants in the worldthe great cactus-better known as the saguara. When the first Franciscan Fathers journeyed north from Mexico of the great cactus which covered the plains of the new country, and told about its food value to the Indians. Now, as the art of the American has reclaimed, foot by foot, the former desert, and the magic water has made orange, peach and apricot or-chards and great fields of alfalfa, the saguara has been driven out, and only in spots where water cannot be placed can the odd plant be found. On the rocky, gravelly mesas, the saguras, the largest of the cactus family, point their candelabrum-like arms straight toward the sky, not unfrequently attaining a height of 60 feet. The body of the saguara, sometimes two feet in thickness, is composed of thin pieces of porous wood arranged in the form of Corinthian column, covered and heid together by the outside fibers of a pale green. At some distance from the ground large branches put out, while

the whole surface is covered sharp, prickly thorns. A large white, sometimes purple blossom comes forth early in the spring and ripens into a pear-shaped fruit by the last of June. This fruit, the petahaya, tastes like a mixture of raspberry and fig, and is highly prized by both Indians and Mexicans. Part of the fruit is eaten while ripe, and the rest is dried in the sun or boiled down to a jam.

San Francisco, Cal., Jan. 7.—The French bark Max (Capt. Benoist), which was in collision with and sank the steamer Walla Walla, causing the loss of about 40 lives, on Sunday night was towed to this port, badly damaged in the accident. Her steel jibboom was broken, her stem was twisted and great gaping holes had been torn in her bow. There was one almost at the water line, and another a few feet above. Only her water-cight compartments kept her from sinking. Her captain had little to say regarding the disaster, except that his vessel was closely following the rules of the road when the steamer came ander the bows of his bark. He declared that the lights of the Max were properly burning and displayed, He said: "Our vessel was so badly damaged we thought she would sink, and under the circumstances we had all we could de to take care of ourselves." 3 MISERABLE MONTHS South American Nervine cured this severe case of a generally upset nervous system which developed into Neuralgia of the stomach. No nervous trouble that it will not cure quickly and permanently.

William Davidson, of Thedford, Ont., put in three miserable months of very acute suffering from neuralgia of the stomach and a generally disordered nervous system. Doctors failed to find any treatment that would give me any permanent help. A friend, whom South American Nervine had cured of a very stubborn case of stomach trouble, recommended it for his case. He tried it one bottle greatly benefited and six bottles effected a permanent cure. For sale by C. McCallum & Co.

# A Calamity.

[Chicago Tribune.] All at once the street car sort o' hopped, And then, with a jolt and a bump, it stopped, For another car was just ahead, As motionless as if 'twere dead.
Another car was ahead of that,
Two men inside, one lean, one fat,
And ahead of that was another ca And ahead of that was another car, With one lone man of the G. A. R. Another car was ahead of that, In which a sleeping copper sat, And another car ahead of that Was as empty as a looted flat. Ahead of that was another car, And ahead of that another car, And ahead of that another car, And another car ahead of that, And another car ahead of that, And another car ahead of that,

And another car ahead of that,
And another car ahead of that,
And another car ahead of that,
And other cars ahead of those,
And still more cars ahead of those,
And ahead of those were others still,
And stretching ahead were others still,
While each was as silent as the tomb,

VARIATIONS OF CONVENTION. The teacher of an intermediate grade in the Third Ward school was "showing off" her pupils before a number of ferers. Paine's Celery Compound

The spelling class was on the floor, and one small, red-headed boy was given the word "introduction." He paused, twisted his lips, stared, and then in a faltering way spelled it correctly, and seemed rather surprised that he had done it. "Do you know what the means?" asked the teacher.

"No'm."
"What?" You don't know what introduction means ' "No'm."
"Well, now, I'll explain it to you.

Does your mother ever have callers?" "Well, now, suppose that two ladies eame to call on your mother. Your mother knows one of the ladies, but doesn't know the other. Deafness Is Cura ble! Sufferers from impaired hearing will be glad to know that their affliction is probably not due to any organic defect in the ear, but results probably from a thickening of the lining of the middle ear, caused by catarrhal inflammation. Hundreds of perfect recoveries as a result of the inhalation of Catarrhozone are reported, and on the highest authority we recommend this treatment to our readers. Catarrhozone quickly restores lost hearing, and its efficiency is placed beyond dispute by the case of Mr. Foxall, of St. Thomas, who recovered perfect hearing by using Catarrhozone, after years of deafness. ### SORE NECK

Take Scott's Emulsion for scrofula. Children often have sores on the neck that won't heal up. The sores may come and go. Parents may not know what's the matter nor what to do. Scrofula is the trouble and Scott's Emulsion is the medicine.

Scott's Emulsion heals the sores. But that is not all. Scrofula leads to consumption. This is the real danger.

Scott's Emulsion is the "ounce of prevention" that keeps off consumption. We'll send you a little to try, if you like,
