

The Difference Between Expert and Unskilful Tea Blending

THE qualities of different teas prove that there is a distinct difference between expert Red Rose blending methods and the usual methods.

Several kinds of teas may be blended, but if unskilfully selected they will not combine to make a perfect blend; they will retain their original individual characteristics with their roughness and harshness emphasized.

Such tea is bitter, poorly flavored in the cup (and there is much of it in bulk and package form on the market). It emphasizes the result of inexperience, lack of knowledge of combining qualities of different teas, imperfect blending, poor selection, and the hundred and one other causes of poor tea.

But my expert Red Rose blenders select the right grades of strong, rich Indian teas and delicate fragrant Ceylon teas, and produce Red Rose Tea with entirely new characteristics—a tea with that "rich fruity flavor"—a tea so exquisitely different and better than any brand of Ceylon alone, that no one who once tries it ever goes back to Ceylon again.

TORONTO JUNCTION.

Toronto Junction, July 17.—With a large consignment of cattle from the west and the space taken on the boats, and the market quiet in the old country, business at the Union stock yards this morning was quite quiet. The run today was the largest for some months, being 88 cars, with 1,500 cattle, 102 sheep, 26 calves and 3 horses.

The quality of the exporters was the best this year, and in spite of that the prices dropped about 25¢ per cwt.

Butchers' cattle were also a little lower. There were not many butchers' cattle, but the demand was not great.

Milk cows were not plentiful, and held about the same.

Hogs were steady, at \$6.50, off cars, and \$2.50 fed and watered.

E. Small bought 5 loads of exporters at \$4.40 to \$4.55.
