top speed down Upper Broadway this  
evening, a runaway horse dashed through  
the window of the secretary's man-  
sion, upset a stove, and set fire to  
the place, in which were two men. Two  
others, with serious cuts, were  
burned to death. The other cut about  
the head and almost blinded by the  
flames, managed to escape through the

The election in Kamaska takes place  
on the 20th. Mr. Beique, of Montreal,  
will move the address in the Senate, and  
Mr. Thompson, of Fredericton, will  
second it.

Mr. Fitzpatrick was sworn in as min-  
ister of justice today.

The Governor-General was advised to-  
day of the death of Mrs. Mervin  
Davidson, of S. A. C., who died at  
Montreal on February 10. Her father  
is William Davidson, Woodstock, Ont.

The Canadian Press association has  
won a great victory. Last session it  
obtained a complete investigation into  
the matter of the newspaper's in-  
vestigation into the government and  
alleged that there existed amongst  
Canadian manufacturers a conspiracy  
to combine for the purpose of unduly  
enhancing the price of news print,  
and to suppress all newspapers not  
printed in Canada.

It was urged that the government  
should take advantage of section  
15 of the Customs Duty Act and ap-  
point a commissioner for the purpose  
of having these charges investigated on  
behalf of the printer.

Mr. J. H. McPherson, who was ap-  
pointed commissioner on April 25  
last, to inquire into the mat-  
ter, has reported to the minister.

The commissioner's report was  
held November 15 last.

The government has in every re-  
spect complied with the conditions  
under the act. Accordingly an or-  
der-in-council was issued authorizing  
the printer to exercise the power given  
under the act, to the following effect:

"The customs duty on news printing  
paper, in sheets and rolls, including  
printing paper valued at not more than  
2 1/2 cents per pound, shall be reduced  
from 25 per cent. to 15 per cent. ad  
valorem."

Hon. Mr. Fielding explained to your  
correspondent that the order-in-coun-  
cil applied to news print, because it  
was the main article of commerce  
of the Canadian Press association and  
the main source of its revenue.

W. H. Rowley, manager of the B. O.  
Eddy company, was informed of the  
government's action. He was fully  
anticipating it. He could not regard it  
as other than a serious blow to the  
paper-making industry of Canada.

PRESERVATION  
OF CHINA

Great Britain and Japan Have  
Formed a Practical  
Alliance.

London, Feb. 11.—An important par-  
liamentary paper was issued tonight  
giving the terms of a practical alliance  
between Great Britain and Japan for the  
preservation of China and Korea.

The paper covers a despatch sent by Lord  
Landow, the secretary of state for  
foreign affairs, January 30, to the  
British minister at Tokio, Sir Claude Mac-  
donald, and comprises a signed copy of  
the agreement. In explanation, the pa-  
per says the agreement may be regarded  
as an outcome of the events of the past  
two years. Throughout the Boer  
troubles, Great Britain and Japan had  
been in close and uninterrupted com-  
munication, and acted by similar  
views.

"We each desired," says Lord Landow,  
"to see that the independence of the  
Chinese Empire should be preserved, and  
that there should be no disturbance  
of the territorial status quo, either in  
China or the adjoining regions."

BURNED TO DEATH.

Little Child Loses Her Life in House  
Fire.

Winnipeg, Feb. 11.—(Special.)—The  
farm house of James McCash, of Car-  
leton Place, 14 miles south of Winnipeg,  
was destroyed by fire last night, and  
his youngest child, who had been left in  
the house, with her four-year-old sister,  
Mr. and Mrs. McCash were in the barn  
attending to the stock, was burned to  
death. The older child, who was in the  
house, pulled the door shut after her,  
and thus cut off any chance for her un-  
der the door. Both girls today, at the  
Winnipeg City Council last night decided  
to reserve the site for the erection of a  
memorial to the child. A motion favoring  
the erection of a memorial was defeated  
by a vote of 4 to 3.

Donald McCash, a well known Win-  
nipeg contractor, died today at the age  
of 67.

From Our Own Correspondent.

Yancouver, B. C., Feb. 11.—Canning  
and cured fish interests of Vancouver  
made representations to Professor Prince  
before his departure regarding many  
matters which they thought should be  
set right by the government. The most  
important questions discussed were the  
question of duty, and the question of a  
board of appeal in case of a condemna-  
tion of fish being unjustly condemned  
for purposes of commercial fraud. It  
was pointed out that United States  
fish could and do pickled fish into  
British Columbia, and on their way  
to Vancouver by paying half a cent a  
pound duty, while three-quarters of a  
cent a pound duty was exacted from  
Canadian firms shipping pickled fish into  
the United States. Prof. Prince pro-  
posed to place the matter of duty before  
the department. It was further explained  
that frequently consignments of steel  
head salmon sent from British Columbia,  
had been pronounced on arrival at their  
destination as "bull-head trout," caught  
in the United States, and consequently  
demanded. Also pickled fish had been  
declared "spoiled" and unfit for consump-  
tion owing to the improper use of the  
word "pickled" when as a matter of fact the fish had  
been properly pickled and were quite  
wholesome.

Prof. Prince stated that the steel head  
salmon was practically the same salmon  
of British Columbia, and was not a  
new variety. He arranged that on each  
considerable shipment being made, sam-  
ples of the steel head salmon should be  
sent to Ottawa, where he would examine  
such samples and pronounce upon them.  
It would be necessary to have a repre-  
sentative of the steel head salmon on the  
occasion required, be able to deal with  
the question direct with those persons  
who had condemned or found fault with  
the consignment, and if necessary make  
a matter of public investigation.

Another "thieves' den" has been un-  
covered. The police arrested a man  
named Arthur Langley of stealing  
goods, went to his cabin and found large  
quantities of stolen goods. This reason is  
that he and two boys, named King  
and Robinson, were arrested.

John Ward, who was brought down  
from the Dewa a prisoner, is now  
being held in the north for sup-  
plying liquor to Indians has been re-  
leased. The government has been re-  
lieved of a card which was used in  
the case of the Indians.

The case through by the Medical so-  
ciety against one J. J. McPherson, who  
was practicing surgery without a license,  
has been adjourned until the 15th inst.

Police Magistrate Russell fined a man  
\$50. J. J. McPherson appealed to the  
County Judge Henderson, who said  
that he was holding a card or chart before  
the court in setting the case on.
