MAIL ORDERS

We solicit out of Town orders, which receive
our personal attention. The length of time taken
to fill orders is governed very largely by how
busy we are in the department of our factory in
which the particular goods are made. While
we have exceptional facilities for promptly
turning out goods, it is important to place or-
ders as far ahead as possible. Orders are filled
by us in the region in which they are received,
and customers can always depend on our doing
everything in reason to give prompt dispatch.

CHATHAM TRIMS LOCAL TEAM TWICE

Baseball Games on Dominion
Day Viewed by Good Crowd
Home Fans Disappointed

The Chatham Baseball team paid a visit here on Dominion Day, and the local enthusiasts were looking forward to an enjoyable double-header. Unfortunately the weather was anything but summer-like, and in the afternoon the conditions were not conducive to making the summer girl don her finery and root frenziedly for her team. Notwithstanding the threatening nature of the weather a goodly number turned out to see our local organization perform against the first foreign team. The least said about the afternoon game the better. There was a lack of cohesion among the players, and the day seemed to have a dampening effect on their spirits, for none played up to standard. On the other hand it seemed as if Chatham could do nothing wrong, and Veno's hit over the right field fence from which he scored with runners ahead of him in the third innings took all the stuffing out of the locals.

In the fourth, misfortune still followed, when an easy out at first which was muffed by Paterson, Shirley and Lavoie started the ball-
loon, and by the time our boys had got wakened up six runs had come over.

We had no luck whatever for whereas Shirley was touched for thirteen hits which with the assistance of seven errors netted Chatham 18 runs, Veno was found for 10 hits and four errors only brought in two runs.

Sad details are appended.

Evening Game

The evening game which was viewed by a larger gathering, was something more like a ball game. The weather had cleared a little and a few of the fair sex were conspicuous in the stands, among all the real moneyed magnates. The local line-up had undergone a change. Shaddick doing the heaving with Cady at the receiving end, while Troy strengthened 3rd base. Chatham led off, but found that it was a different team facing them than that of the afternoon and they would need to go some to win, and for the first three innings the score read, 0, 0, 0, not a hit being got off Shaddick. The locals were faring just as badly at the hands of May, but in the third Troy hit the first ball pitched to centre, and scored on Duncans out at first, and an overthrow to get Troy off third base. Chatham made a rally in the fifth, Veno having a two base hit with one out. Curry beat the ball to first, and then May was safe at first on Veno's out at 3rd. Godfrey hit to second filling the bags. Curry scored on a passed ball and Synnot hit to right field scoring May and Godfrey trying to reach home on the play was out falling to touch second base. Total, 2 runs.

Chatham gained another in the sixth, and a batting rally in the seventh by Campbellton came within an ace of tying the game. Duncan hit through second with two down, stole second and third. Lavoie walked and got to second. Paterson's drive scored Duncan, but

SERIOUS RUNAWAY WEDNESDAY NIGHT

Wm. Richards Horse Took
Fright on Water Street and
Bolting Upsets Rig

While driving on Wednesday evening with his wife and two young children, Mr. Wm. Richards met with a driving accident. The horse which is a spirited animal suddenly bolted along Water street and dashing along collided with Mr. R. L. Duncan's rig upsetting it, and wheeling round at McLean's house over the lot, upset the machine, then made for home, dragging the damaged rig after it. Beyond minor bruises and a severe shaking up Mrs. Richards and the others were not seriously hurt, but the call was a very close one. The occupants of Mr. Duncan's rig were uninjured.

FOURTH OF JULY SEA EXCURSION

S.S. Canada Will Sail on Sat-
urday Morning For
Gaspe

A pleasure excursion which will come as a boon in this hot weather will take place on Saturday when the owners of S.S. Canada will run a special excursion to Gaspe and return for \$5.00. Ticket including meals and berth \$9.50 return.

The steamer will leave Campbellton on Saturday morning at 6 a.m., arriving at Gaspe on Sunday morning. Passengers will have a number of hours ashore there, the vessel leaving again on her return trip on Sunday afternoon, arriving back in Campbellton on Monday forenoon. This trip is considered one of the finest in the land, the sail down the famous Bay de Chaleur being world-famed.

TO POSTMASTERS

We would request the postmasters to notify us when copies of the Graphic addressed to their offices are not delivered, so that the necessary changes to our list can be made promptly. After sending a paper to a man at Charlo Station for nearly three years he informs us that he has not taken the paper from the office in all that time. Postmasters are provided with proper cards upon which to notify the publisher and these should be used promptly.

Lavoie was out at the plate in a close decision, leaving Chatham victorious by 8 to 2. The play all over was a decided improvement on the afternoon display, a special tit-bit being a splendid running catch by Duncan in the fourth which brought out cheers from the stand, even although Chip got a nasty fall in taking the pill. Wall also accepted two chances in centre field and the team as a whole gave Shaddick splendid support.

The Chatham team is a strong organization, most of the team having played together for years while the same results can never be obtained here having to pick players from three teams with little or no practise together.

NEGOTIATING FOR INTERNATIONAL

Ministers of Railways Under-
stood to be Anxious to Ac-
quire This Railroad

Ottawa, July 2.—The minister of railways is negotiating for the acquisition of the International Railway of New Brunswick.

This is a line 112 miles in length through the centre of New Brunswick. It is a new line, having been completed by the present owner, Thomas Malcolm, only two years ago. It penetrates an undeveloped portion of New Brunswick and its operation has given a great impetus to lumbering in central New Brunswick.

The line crosses the province from east to west. It extends from Campbellton on the Bay Chaleur to the international boundary at St. Leonard's, where it terminates at the St. John river. When the river is bridged the branch will connect with the Bangor & Aroostook Railway which will give a good connection with Boston.

The International, starting from the Intercolonial main line, crosses the Transcontinental main line and the Canadian Pacific branch line in New Brunswick. The opening of new country has led to considerable agricultural developments, as more than 1,100 farms have been settled upon along the line since it was opened.

AN HONEST AND CLEANLY DRAMA

A prominent American dramatic critic concluded a recent play review with this sentence, "If a wholesome, honest, cleanly play that alternates pathos and laughter with galling gun rapidity is what theatre-goers want they will go to see 'Quincy Adams Sawyer', and it is quite likely they are going." The great masses of the people want their drama to be wholesome and cleanly; they leave the highly seasoned dramatic pabulum to the so-called society epicures. They want "no problems," no suggestive disquisitions upon topics that, outside of the theatres, are not discussed in public. "Quincy Adams Sawyer" gives them an honest story of wholesome people, told brightly and with great human interest. The pathos is of the decent sort and is never obtrusive. The fun, while fast and furious, is always cleanly. The company has been selected with special reference to the fitness of the players for the work they are to perform and the ensemble shows that completeness which is welcomed by theatre-goers. When the play is here at the Opera House on July 8th, the proof of all these statements will be so self-evident as to be indisputable.

Forest fires are doing serious damage in Northern Ontario and are reported in such number as to threaten serious damage in northern Quebec. The lesson of years, many times repeated, has not been mastered yet by those who have greatest responsibility in the matter, the governments and the people who live in the exposed regions. Governments make proclamations and appoint agents and receive reports, and settlers see their property endangered; but carelessness continues and destruction follows. The knowledge that produces results is of slow development even under forcing conditions.

The Balkan nations have been fighting each other for a few days past and already charges and countercharges of massacre and rapine are being made. In Mexico, where is also skirmishing, there have been looting and brutality. War today seems to stir up the worst passions of the men engaged in the fighting just as it did in former times when the soldiers of the most civilized nations among other cruelties bayoneted women and babies to death.
