On Saturday night Stathers and his wife were drinking together. About 11 o'clock they began to quarrel. In a moment of passion the old man seized a lighted lamp and hurld it with great force at his wife, strik-ing her on the head. The lamp broke and the oil, which spread all over the woman. became ignited and set fire to her hair and clothing. The poor old creature suffered terrible agony, but could do nothing for herself, having been stunned by the blow, and the brute of a husband turned her out on the street and locked the door. Mrs. Stuthers managed to get into a neigh-bo's house, when the flames, were extin-guished but not until she had been terri-bly burned about the head, neck and shoulders. At this time Sergeant Car hap-pened along on his visiting rounds and sent for Dr. McCullough who alleviated the old woman's pain as much as possible. Mr. Myers was a good manager and produced some fine plays and spectacles. He made money and afterwards went to the made money and afterwards went to the States where he augmented his fortune considerably. A short time ago Mr. Myers died at Orleans, Mass. While in Toronto he made a will which was drawn up by a young law student named Reeves. The document was kept by Reeves, whose whereabouts is now unknown. Miss Flora Myers and Miss Teenie Myers, daugters of the deceased manager, have through their lawyers written to friends in Toronto ask-ing for information about Reeves, from whom they wish to recover the will so as to inherit their father's property. The World would be glad to hear of anything that would assist the ladies in their search. sent for Dr. McCullough who alleviated the old woman's pain as much as possible. The officer then arrested Stuthers, taking the broken lamp along with him to the station. Subsequently the victim of the prisoner's fury was removed to the general hospital where she lies in a precarious condition, her recovery being extremely doubtful.
