Genuine Value.

Are you reading the advertising columns of the Guide-Advocate each week? If not you are allowing golden opportunities to pass you by every day. If "a penny saved is a penny earned" how many dollars would you add to your income every year if in your every purchase you got full value for your money? It sounds like a problem in mathematics, but it is not, it's common sense. When a merchant announces in his advertising columns that he has certain values for sale at a named price, his reputation stands being that statement. If the article does not realize his claim, he will make it right if you ask him. Often, too, if you watch the advertising columns you will find exceptional bargains in the article that at the very moment you need most. And as a general truth you'll find better values at the store that advertises well. You can save money if you'll cultivate the habit of reading the advertisements, and then take advantage of the opportunities which are constantly being offered by our merchants. Both sides gain in every honest bargain.

NOTE AND COMMENT.

It is estimated that the expenses of the Dominion general election will total close to \$650,000. The number of polls, it is now stated, will be upwards of 14,000, as the vote has increased much heavier than expected, in the West especially.

The results of good, careful spraying are becoming more evident every day. The grower who sprayed his trees well this spring is now enjoying a crop of clean fruit that will sell in any market while a large percentage of the unsprayed fruit is fit only for hog feed.

As illustrating the heights at which the game of politics may reach its apotheosis when women receive the ballot, a recent election in Tacoma, Wash., where both men and women are created, by act of congress, a little lower than angels is enlightening. At this election, ladies opposed both the candidates; in the case of one because he had been married four times, and in the case of the other because he refrained from marrying until after his 48th year.

The proposition to hold school promotion examinations at Easter or at Christmas instead of at the season of the year when the weather is the most trying, is one that should be hammered away at until the change is brought about. The examination papers are becoming harder every year, and those who have to struggle with them should be given every advantage and consideration.

Deafness Cannot be Cured.

by local applications, as they cannot reach the diseased portion of the ear. There is only one way to cure deafness, and that is by constitutional remedies. Deafness is caused by an inflamed condition of the mucous lining of the Eustachian Tube. When this tube is inflamed you have a rumbling sound or imperfect hearing, and when it is entirely closed, Deafness is the result, and unless the inflammation can be taken out and this tube restored to its normal condition, hearing will be destroyed forever; nine cases out of ten are caused by Catarrh, which is nothing but an inflamed condition of the mucous surfaces.

We will give One Hundred Dollars for any case of deafness (caused by catarrh) that cannot be cured by Hall's Catarrh Cure. Send for circulars free.

Bad Breaks.

I've made a million bad mistakes, I've made a million foolish breaks, in this wide world of wonders; and I expect to make some more before I reach that happy shore where no one ever blunders. And I shall not apologise, or squirt the briny from my eyes, or make long explanations; the breaks I made in other days are made—their ghosts I shall not raise, to swell men's tribulations. Of all the useless things men do, the blindest is to stand and view the past with grief and wailing; the future, like a sunlit sea, is waiting still for you and me, so let us both go sailing. The future, like a minstrel gay, is singing of a pleasant way, of scenes and days beguiling; the future, like a star-eyed maid (mixed metaphors, I am afraid) is becoming and smiling. The man who marks the future's curves, and frets about the past, deserves the kicks that he'll be given; he likes to make a friend of woe, and so, wherever he may go, by woe he will be driven.

A Prank of the Sea.

Some years ago a certain Captain Hodson, afterward an inspector in the Honolulu customs force, had a remarkable experience when the schooner of which he was in command was caught in a storm.

While Hodson stood with the man at the wheel, to see that the schooner was kept ahead of the wind, an enormous wave swept the vessel from stern to bow, throwing the wheelman flat on his face, and tossing the captain overboard.

As Hodson was swept over the side into the foaming water the ropes holding a boom broke, and let the hook drop to the deck, with one end hanging over the side of the schooner. A broken rope dangling from this end hit the captain on the head, and instinctively he seized it. The speed of the vessel dragged him along beside her. Presently the vessel gave a tremendous lurch, and her bulwarks went under water, when a

gigantic wave tossed the captain aboard again. His presence gave the man at the wheel a terrible shock, for he thought the captain had been drowned. They finally weathered the storm and brought the schooner and her cargo safely to port.

It is thought that this is the only instance on record of a man having been washed overboard and then washed back again.

Of Interest to Boys.

The Broadview Boys' Institute, Toronto, has held for the past nine successive years a Boys' Fall Fair, in which the exhibitors are boys eighteen years of age and under, and the board of Directors is composed entirely of boys. Last year there were 2,100 entries, made by nearly 600 boys, and the value of the prizes totalled over \$600, mostly cash. The exhibits include vegetables, flowers, canaries, and other pets, photography, art, industrial crafts, collections, penmanship, literature, Boy Scout work, etc. The Fair receives recognition and a grant from the Provincial Department of Agriculture. The competition is open to all boys, everywhere. Prize lists will be mailed on application, and any boy wishing to act as representative for his locality is requested to write the Secretary, Boys' Fall Fair, Broadview Y.M.C.A., Toronto.

A man can get along without doing much if he has sense enough to know what not to do.

Most married women are liberal-minded; at least, they give their husbands liberal pieces of their minds.

On the day courtship ends in marriage a man thinks he knows the woman in the case like a book—but later he discovers that he skipped several chapters.

Friend—Now that you have been married some time, tell me frankly your opinion on the marriage state.

Much-married Man (to his wife)—Just go outside, my dear, will you.

C. Cooper and F. Pettis, Kingsville, who were summoned to police court Thursday for selling short-weight bread, were tried at Kingsville, and judgment reserved. Fred Harrison and Archie McPhail, Leamington, pleaded guilty and were fined.

Donald McKellar, eldest son of Mr. and Mrs. Peter McKellar, Forest, while playing with other boys at the new public school building, fell through to the cellar, and fractured his right leg above the knee, sustaining several bruises as well about the body.

A stealer of grapes was shot in Sandwich a night or two ago. As the police cannot watch all the vineyards in that vicinity, the owners are obliged to do so, or have their goods stolen. Any number of people who think it no harm to steal a little fruit would be horrified to know that they are in the same class with sneak thieves and burglars.

PURIFIED HIS BLOOD

Dr. Morse's Indian Root Pills Healed Mr. Wilson's Sores

When the sewers of the body—bowels, kidneys and skin ducts—get clogged up the blood quickly becomes impure and frequently sores break out over the body. The way to heal them, as Mr. Richard Wilson, who lives near London, Ont., found, is to purify the blood. He writes:

"For some time I had been in a low, depressed condition. My appetite left me and I soon began to suffer from indigestion. Quite a number of small sores and blotches formed all over my skin. I tried medicine for the blood and used many kinds of ointments, but without satisfactory results. What was wanted was a thorough cleansing of the blood, and I looked about in vain for some medicine that would accomplish this.

At last Dr. Morse's Indian Root Pills were brought to my notice, and they are one of the most wonderful medicines I have ever known. My blood was purified in a very short time, sores healed up, my indigestion vanished. They always have a place in my home and are looked upon as the family remedy."

Dr. Morse's Indian Root Pills cleanse the system thoroughly. Sold by all dealers at 25c a box.
