**Shakespeare's Tragedies.**  
Whenever "Macbeth" is put upon the stage very nearly a fourth of it has to be omitted, for, although it is the shortest of the tragedies, it would take fully three hours to read it out loud without gabbling. "Hamlet" thus read would take nearly two hours more, and this seems to bear out the contention of Swinburne, among others, that much of the play, and indeed, of other tragedies, was written by Shakespeare for the study and not for the stage. A six or seven hours' performance must have been too much even for an audience of Elizabeth's spacious times.—London Graphic.

**When He Went to the Front.**  
"Did you hear that George went to the front yesterday?" asked the brother of Ethel.  
Ethel's face blanched. "Why, what do you mean, Jack? He never told me."  
"Well, I saw him go," said the brother as he reached for his hat. "Don't you remember last evening, when he kissed you first on your right cheek and then on your left, and then didn't he go to the front?"—Ladies Home Journal.

**Saving His Money.**  
Owens—Say, lend me a liver, old man. Bowers—if you'd save your own money you wouldn't have to borrow from your friends. Owens—But it's because I want to save my own money that I borrow from my friends.—Boston Transcript.

**Adaptability.**  
Fashion thyself to the circumstances of thy lot. The men whom fate hath made thy comrades here, love, and love them in sincerity and truth.—Marcus Aurelius.

**Her Chance.**  
Husband—You look bad today, my love. Is it that you are ill? Wife—No, John; it's this last year's hat I'm wearing.—Harper's Bazar.

**A Queer Insect.**  
The "walking sticks," "walking leaves," etc., are among the most curious forms of insects inhabiting tropical America. They belong to the great family of phasmatodes and are as odd specimens of animated matter as one could well imagine. The type of the family is an elongated creature with a cylindrical brown body, looking exactly like a small limb or twig with the bark on. Some of the branches of this numerous family live in the torrid portions of Africa, where they attain enormous sizes. Vane, the great traveler, said he has seen them so large that "they had the general appearance of great, animated clubs moving up and down the branches and trunks of the gigantic tropical trees."

**The "Doc" Needed Air.**  
A terrible automobile accident occurred at the square the other evening. For further particulars see the papers. We only tell what we know about it. The man who had been injured was a millionaire several times over. The first physician to arrive at the spot was a young chap, just out of college. When the victim opened his eyes he looked directly into the face of the young medic.  
"Doc," he gasped, "I'll give you \$1,000 if you'll save my life!"  
Then the policeman butted in. "Stand back," he warned the crowd. "stand back an' give the doctor air!"  
The doctor was the man that needed it.—Exchange.

**Effective.**  
At a "first night" in a Paris theatre recently one of the scenes showed a funeral procession crossing the stage. As she was about to leave the wings and pass across the stage one of the "mourners," a girl, thought of something funny and her face became wreathed in smiles and she giggled happily.  
The stage manager was furious. "Take a franc off that girl's salary!" The startled "mourner" just making her entrance, burst into tears of dismay and sobbed lamentably all the way across the stage. The critics said it was a triumph of realism.

## LIVER LAZINESS

Those Who Lack Energy and are Unsuccessful Should Read This Closely.

"I am only thirty years old, yet for almost two years I have felt more like seventy-five. I have found it difficult to sleep at night and in the morning feel so depressed and heavy that effort was difficult. My hands were always clammy and perspiration on slight effort would break out all over me. It was not unnatural that I should begin to brood over the chance that I should soon be unfit to do my work, and this dread made my sleepless nights perfect misery. After repeated trials of medicine and mixtures Dr. Hamilton's Pills gave me the first gleam of hope. From the very first I could see they were different in action from other pills. They didn't grip and acted as naturally as if nature and not the pills were cleansing my clogged up system. My spirits rose, I felt much better, the sluggish action of the system gave way to normal activity. Dizziness and headaches ceased, appetite, good color, and ambition to work returned and have remained. I am like a new man and I thank Dr. Hamilton's Pills for it all."

This was the experience of J. E. Parkhurst, a well-known grocery dealer in Jefferson. Follow his advice, use Dr. Hamilton's Pills for your stomach, kidneys, and liver, and you'll enjoy long life and robust good health. All dealers sell Dr. Hamilton's Pills, in yellow boxes, 25c. per box, from The Catarrhzone Co., Kingston, Ont.
