

What Is Uric Acid?

THE CAUSE OF BACKACHE, RHEUMATISM, GRAVEL AND SUDDEN DEATH.

Ever since the discovery of uric acid in the blood by Scheele, in 1775, and the bad effect it had upon the body, scientists and physicians have striven to rid the tissues and the blood of this poison. Because of its overabundance in the system it causes backache, pains here and there, rheumatism, gout, gravel, neuralgia and sciatica. It was Dr. Pierce who discovered a new agent, called "Anuric," which will throw out and completely radiate this uric acid from the system. "Anuric" has proved to be 37 times more potent than lithia, and consequently you need no longer fear muscular or articular rheumatism or gout, or many other diseases which are dependent on an accumulation of uric acid within the body. Send to Dr. Pierce, of the Invalids' Hotel and Surgical Institute, Buffalo, N. Y., for a pamphlet on "Anuric," or send 10 cents or a trial package of "Anuric Tablets." If you feel that tired, worn-out aching, backache, neuralgia, or if your sleep is disturbed by too frequent urination, go to your best drug store and ask for Dr. Pierce's Anuric Tablets. They are put up in 50-cent packages. Doctor Pierce's reputation is back of his medicine and you know that his Golden Medical Discovery for the blood and his "Favorite Prescription" for the ills of women have had a splendid reputation for the past fifty years.

Doctor Pierce's Pellets are unequalled as a Liver Pill. One tiny Sugar-coated Pellet a Dose. Cure Sick Headache, Bilious Headache, Dizziness, Constipation, Indigestion, Bilious Attacks, and all derangements of the Liver, Stomach and Bowels.
