CURES FOR THE UNCURED.

Holloway's Ointment.

AN EXTRAORDINARY CURE OF SCURF, OR KING'S EVIL. Extract of a Letter from Mr. J. H. Alliday, 202, High Street, London, dated the 2nd of January, 1850.

To Professor HOLLOWAY. SIR—My eldest son, when about three years of age, was afflicted with a glandular swelling in the neck, which after a short time broke out into an Ulcer. An eminent medical man pronounced it as a very bad case of Scurf, and prescribed for a considerable time without effect. The disease then for four years went on gradually increasing in virulence, when he broke the ulcer in the neck, and then he broke the left knee, and a third ulcer the eye, besides several others on the left arm with a tumor between the eye, which was expected to break. During the whole of the time my suffering boy had received the constant advice of the most celebrated medical Gentlemen at Cherteaum, but without success. When one of the surgeons said that he would amputate the left arm, but that the boy was so impure, that it was impossible to submit the disease. In this desperate state I determined to try your Pills and Ointment, a trial, and after three months perseverance in their use, the tumor gradually began to disappear, and the discharge from the ulcer perceptibly decreased, and at the expiration of eight months they were perfectly healed, and the boy throwing away the bandages, I found, to my astonishment, that a large circle of acquaintance, who could testify to the truth of this miraculous cure. Three years have now elapsed without any recurrence of the malady, and this boy is now as healthy as he can wish. Under these circumstances I consider that I should be truly grateful were I to make you acquainted with this wonderful cure effected by your medicines at every other means had failed. (Signed) J. H. ALLIDAY. Extract of a Letter from Mr. John Pitt, Dudley, 14th Jan., 1850.

SIR—It is with the greatest pleasure that I write to thank you for the benefit I have received from your Pills and Ointment, which have completely cured me of the Rheumatism, under which I suffered for this last four years. At times I was so bad as hardly to be able to walk. I had tried every kind of Medicine that was recommended without receiving any benefit. I at last thought I could give your medicines a trial, and purchased from Mr. Hollin, Chemist, of this Town, two Boxes of Pills, and two of Ointment, and in three weeks I was restored to health and am now as well able to walk as ever I was in my life. I am glad to find up a thin parish, having been sixty-three years in it, with an exception of ten years I served in the 48th Regiment of Foot. (Signed) JOHN PITT.

CURE OF A BAD LEG OF SIXTY YEARS STANDING.

Mr. Rogers, of No. 5 Graham Place, Drypool near Hull, had ulcers on his leg from the age of eighteen until upwards of eighty, and although for many years he had sought the first advice in the Dispensary, nothing was found to cure them. He was often suffered most excruciating pain during periods together, which incapacitated him from attending to his business. He had given up all hopes of getting a cure, when at last he was persuaded to try Holloway's Pills and Ointment, which he did, and however wonderful may appear, the leg was thoroughly healed by their use, and he is continuing to use the Pills alone after his leg was well, he has become in health and is as active as now to be more active than most men of his age. (Signed) The truth of this extraordinary statement can be vouched for by Mr. J. C. Reinhardt, 22 Market Place, Hull, February 20th, 1850.

CURE OF A DEEP-SEATED CASE OF RING-WORM OF SIX YEARS STANDING.

One of the most eminent Surgeons in Lima (the Capital of Peru) had a child covered with Ring-worm for more than 6 years, in vain he exhausted all his art in his endeavours to effect a cure. Not succeeding, he consulted among his brethren, and most celebrated medical practitioners of the City, but nothing was found to do the child any benefit. He was then persuaded by Mr. Joseph P. Hays, the English Chemist and Druggist, residing at No. 74, Calle de Pelam, to try Holloway's Pills and Ointment, which was done, and after using six of the Pills the Ointment, the eruption of the Ring-worm was radically cured, to the surprise of the whole medical profession. The cure of the parent, from motives of delicacy, is withheld. The Pills should be used conjointly with the Ointment in most of the following cases:— Bad Legs, Bad Breasts, Burns, Blisters, Eruptions, and Scalds, Piles, Venereal Eruptions, Itch, Swelling, Lumbago, Pains, Rheumatism, Scalds, Sore nipples, Catarrhs, Chills, Chapped hands, Corns (soft), Cancers, Contracted & Stiff-joints, Elephantiasis, Scurf, Scalds, Skin diseases, Eruptions, Sore heads, Tumours, Ulcers, wounds, Yaws. Sold by the Proprietor, 244, Strand, (near Temple Bar), London, and by all respectable Vendors of Patent Medicines throughout the United Kingdom, in Pots and Boxes, at 1s. 1-2d., 4s., 6d., 12s., &c., and the each. There is a very considerable saving in taking the larger sizes. N.B.—Directions for the guidance of Patients are affixed to each Pot or Box.

HENRY BATES, Calais, June 24, 1850.

GREAT AGRICULTURAL WORK!

THE FARMER'S GUIDE TO Scientific and Practical Agriculture. By HENRY STEPHENS, F.R.S.E., Author of the "Book of the Farm," Editor of the "Quarterly Journal of Agriculture," &c. &c. Assisted by JOHN P. NORTON, A. M., Professor of Scientific Agriculture in Yale College, New Haven, Author of Agricultural Prize Essays, &c. &c.

This highly valuable work will comprise two large royal octavo volumes, containing over 1400 pages, 18 or 20 splendid steel engravings, and more than 500 engravings on wood, in the highest style of the art, illustrating almost every implement of husbandry now in use by the best farmers, the best methods of ploughing, planting, sowing, harvesting, &c. &c., the various domestic animals in their highest perfection; in short, the pictorial feature of the book is unique, and will render it of incalculable value to the student of agriculture. This great work is the joint production of two of the most talented agricultural scholars of the day; the one eminent as an author and editor in Great Britain, and the other as a Professor in Yale College. Both are eminently practical as well as scientific men, and all they say may be relied on as the result of prolonged research, tested and sustained by practical experiment. The contributions of Professor Norton are chiefly designed to adapt the British portion of the book to this country, and thus to make it an Anglo-American work, giving to its readers all the really useful agricultural knowledge at present attainable in either country. The work is divided into four departments, distinguished by the four seasons of the year, commencing with Winter, and Prof. Norton's notes will be published as an appendix to each part. The first chapter treats of the following subjects, under the head of INITIATION. On the best of the existing Methods for acquiring a thorough knowledge of Practical Husbandry. On the Difficulties to be encountered in learning Practical Husbandry, and on the Means of overcoming them. On the Different kinds of Farming. On the Persons required to Conduct and Execute the Labor of the Farm. On the Branches of Science most applicable to Agriculture. On the Institutions of Education best suited to Agricultural Science. On the evils attending the neglect of Landowners and others to learn practical Agriculture. On observing the details and recording the facts of Farming by the Agricultural Student. Terms of the Work.—The American edition, the first number of which is already issued, will be published in semi-monthly numbers of 64 pages, with an English steel engraving in each number, of which there will be about 22 in all. PRICE, 25 CENTS PER NUMBER. CLUBBING. Three Copies will be sent to one address for \$15: 5 copies for 18. Cash in all cases to be remitted direct to the Publishers, and not through Agents. LEONARD SCOTT & CO., Publishers, 79 Fulton Street, Entrance 34 Gold Street, New York.
