We are Growers—not Jobbers

Office:
Renouf Building, Montreal

Nurseries:
Pointe Claire, Que.

UNDERWOOD

Through our Employment Department we placed in positions, during 1908, 1,528 stenographers, in Toronto alone.

Similar Departments are maintained at all our branches. They are a great convenience to business men, and the service is free.

CANADIAN GROWN Strawberry Plants

BUY YOUR PLANTS from a successful Ontario grower—one who is producing from ten to fifteen thousand boxes of berries an acre. I grow only those varieties that have proved to be the best for productiveness, flavor and keeping. I consider the following varieties among the best to grow:

Sample, (female).—Late, productive, large, attractive. Canning factories value this berry very highly.

Enhance, (male).—Late, the best pollinizer for the Sample. Productive, dark red, one of the best canners, will remain on the vines ripe, in good condition, longer than any other berry that I grow.

Senator Dunlop, (male).—Medium season, productive, large, very attractive, and every strawberry grower should have quite a large proportion of his crop of this most desirable variety. Good plant maker.

Splendid, (male).—Medium season, productive on all kinds of soil, and holds up its size to the last picking. Good plant maker.

Uncle Jim or Dornan, (male).—Late, productive on heavy soil; large foliage and berries, light in color and very sweet.

Williams, (male).—Late, productive, most generally planted of any berry grown in Ontario; canners favorite, but should be left on the vines until it is well ripened, otherwise will have a green tip.

Aroma, (male).—Late, productive, best long distance shipper I grow.

In buying your plants from Ontario growers you save your duties and heavy express charges. I can assure you that you will get better plants than I ever got from the so-called pedigreed or thoroughbred plant growers, and I have heard many others of our Canadian growers express themselves likewise.

My price for any of the above varieties, is \$5.00 a Thousand, C. O. D. If the plants are not as represented your money will be refunded. You can depend upon getting the varieties asked for, as I DO NOT SUBSTITUTE.

JAS. E. JOHNSON
