

Select Ornamental Trees and Shrubs

¶ The most careful and complete systems of transplantation, combined with the situation of our nurseries, enable us to dig thoroughly hardy, healthy, well-rooted specimens of fruit, ornamental and other trees, plants and vines including "specimens" for street, avenue and park plantings.

¶ Our prices, taking into consideration superior qualities, will be found most moderate and our personal attention is given to all enquiries relating to prices and advice on planting.

E. D. SMITH, HELDERLEIGH NURSERIES: **Winona, Ont.**

CANADA'S APPLE TERMINAL

Erected	-	1907-8	Cubic capacity	-	900,000 ft
Refrigerating capacity	-	125 tons	Track accommodation	-	16 cars
Range of temperature	-	20° to +35°	Apple storage (cool air)	-	50,000 bbls.

This house represents the latest ideas in Cold Storage construction and has made good. Special attention is given the apple trade and dealers or growers may rely on quick handling by modern methods; good repacking accommodation; prompt shipment and the removal of the usual risks of missing steamers, freezing in transit and all those things which cause loss and annoyance. Inland freights are suspended on export goods stored here, thereby abolishing stop-over charges and putting apples held here on a better footing than home storage, as regards initial expense. Warehouse advances arranged for parties with good goods. Rate for cold storage to April 1st, 1910, Twenty-five Cents per barrel. Insurance practically nothing. Inquiries promptly and fully dealt with.
