

The Investing Public

Is requested to consider the following facts about the

VICTORY=TRIUMPH Gold Mining Company

The Victory may now rank as a developed mine. The tunnel is now in 160 feet on ORE ALL THE WAY.

The ore is low grade, but when concentrated will yield large profits on treatment.

From a point 90 feet in to the face of the tunnel there is a continuous body of paying ore. A considerable percentage of it will pay to ship as it comes from the mine.

The following statements about the Victory can not be challenged:

1. That the LARGEST BODY OF ORE has been opened up at the LEAST COST compared with any mine in British Columbia opened during the last two years.
2. That every foot of work done is bringing more ore in sight than on any mine in British Columbia at the same stage of development.
3. That as an early dividend payer the Victory compares favorably with any property in process of development.
4. That the SURFACE CROPPING ahead of the tunnel gives every reason for supposing that within the next two months a wonderful chute of ore will be opened up at a depth of over TWO HUNDRED FEET.

Treasury Stock now 15 Cents.
