W. BAKER & CO., Dorchester, Mass.

3-y

The adulteration and cheapening of articles of food in this country are becoming alarming, and we therefore point with pride to the record of Walter Baker & Co.'s preparations, which have for over one hundred years maintained their integrity of manufacture and absolute purity of product. It is a distinctive characteristic of W. Baker & Co.'s Breakfast Cocoa that no chemicals are used in its preparation, it being produced from the finest cocoa seeds by scientific mechanical processes only, and for this reason it is unequalled in purity, as well as excelled in solubility by any other cocoa in the market. It is healthful, nourishing, agreeable, and economical, and the best drink in the world for young and old, rich and poor, the invalid and the robust.

GRATEFUL—COMFORTING.

EPPS'S COCOA.

BREAKFAST.

"By a thorough knowledge of the natural laws which govern the operations of digestion and nutrition, and by a careful application of the fine properties of well-selected Cocoa, Mr. Epps has provided our breakfast tables with a delicately flavoured beverage which may save us many heavy doctors' bills. It is by the judicious use of such articles of diet that a constitution may be gradually built up until strong enough to resist every tendency to disease. Hundreds of subtle maladies are floating around us ready to attack wherever there is a weak point. We may escape many a fatal shaft by keeping ourselves well fortified with pure blood and a properly nourished frame."—*Civil Service Gazette*. Made simply with boiling water or milk.
