

St. Michael's Catholic Truth Society.

St. Michael's Branch of the Catholic Truth Society of Canada held their second annual meeting on Tuesday the 10th inst., in St. Vincent's Hall. The chief business of the meeting was the reading of the Secretary's report of the work accomplished during the past year, and the election of officers for the ensuing year. The following is a synopsis of the Secretary's report: "The work performed by the Branch during the past year was marked by the great energy and enthusiasm displayed by the officers and active members of the society. In this zealous activity the President led the way, and both by word and example pushed forward the work of the branch in every possible direction. The work which gave the best results during the year was the plan adopted by the President of giving monthly lectures by prominent clergy and laymen, on subjects intimately connected with Catholic truth. It was decided to have the lectures made interesting and popular as well as instructive, and to accompany each of these by a musical and literary program. The result was very satisfactory, the capacity of St. Vincent's Hall being taxed to its utmost at each of its lectures. A charge of 10c. was made for admission, and the proceeds helped the branch considerably in its finances. The series included lectures by Rev. Father Ryan, R. V. Dr. Treacy, Mr. Hugh T. Kelly and Dr. Dwyer, Superintendent of St. Michael's Hospital. There was also a very important lecture delivered under the auspices of the branch by Rev. Father Ryan, from the Cathedral pulpit, the subject being "The Catholic Church in its relation to the education of the people." This lecture was an answer to a resolution by a prominent citizen of this city of the false and oft-refuted assertion that the Catholic Church is an enemy to education for the people. The lecture was favorably received by liberal-minded Protestants as well as by Catholics, and had a very beneficial effect in throwing a flood of light on this important subject. It was extensively noticed by the press all over Canada and the United States. The work of the Hospital Committee was then reviewed. The good work done by the ladies of this committee of which Mrs. Troman is the president, deserves the very highest eulogy which can be given to it, especially as it was with noble and self-sacrificing labor amongst that very needy and pitiable class, the women inmates of the jails and the police court. Also the work of the lady president of this committee and her willing co-worker Mrs. O'Loane, at the General and St. Michael's hospital, is deserving of the highest praise. The work of these good ladies was always performed quietly and without ostentation, thus truly following the Divine command to do good works in secret as well as in public ways. Pamphlets were also distributed during the year on important subjects concerning Catholic doctrine and practices, and that these were of great benefit to many is attested by the number of enquiries after further information which have been made. The attendance at the monthly meetings during the year was not so large as should have been, however those who did attend compensated for this by the zeal and energy they displayed. Speaking on this subject Dr. Treacy declared the fact that St. Michael's congregation do not act more in unison in the matter of charitable and social gatherings, and that all the work of the various societies, which are doing so much good in the Cathedral parish, is done by only a small proportion of the parishioners. This had for a long time been the case, and the Rev. Dr. added that it is often with a heavy heart that he thought of it. The branch returned hearty thanks to the Cathedral priests for the many efforts which they made during the year, both from the pulpit and elsewhere, to encourage and promote the interests of the society. Also to Mrs. Jas. Bonner, and all those who had kindly and gratuitously contributed to the different concerts throughout the year. The election of officers for the ensuing year resulted as follows: Honorary President: Rev. F. Ryan, and J. D. MacIlmoyle, (past president); Chaplain: Rev. Dr. Treacy; President: Mrs. Mark Kelly; 1st Vice-President: Mrs. Troman; 2nd Vice-President: Miss Lysaght; Secretary: Wm. L. Wintersberry; Treasurer: Miss A. Young; Library Committee: Miss M. Murray, Mrs. H. O. French, and Miss M. Wintersberry; Press Committee: Mr. B. J. Doyle and Miss Rose Ferguson; Hospital and Jail Committee: Mrs. O'Loane, Convener, and Mrs. Troman, Mrs. Egan and Mrs. Farrell. After prayers by the Chaplain the meeting adjourned.

Bonfield Bazaar.

It was not possible to have published sooner on account of the bazaar held at Bonfield on April 11th, 12th and 13th in aid of the presbytery. The receipts of the three days totaled \$1700 and this is very good considering the hard time. The total receipts of a concert at Christmas, a social on St. Patrick's Day, and the bazaar during Easter week, are in the neighborhood of \$3400; the total expense for the same \$1380.00. Some time later on will take place the drawing of a village lot at Bonfield given in aid of presbytery, 60 cents a ticket; 8 tickets \$1.00. The church trustees: Messrs. Louis Amyotte, George Beau-

doin and John Cadill were the managers of the general organization of the undertaking. Mrs. John Cadill was the honorary president of the ladies' committee. Miss Anna Pollock, the honorary secretary. Mesdames F. Gagne, J. Landou, E. Kavanagh, J. Dunn, T. Terrell and Miss Frances Dunn volunteered themselves to preside at the tables. To all ladies and gentlemen, who either met heartily and gratefully acknowledge receipt with deepest gratitude of all donations kindly sent by our charitable friends from Pembroke, Espanville, Montreal, Ottawa, Toronto, Jolite, St. Catharines, North Bay, Sturgeon Falls, Deseronto, St. Catharines, (Ont.), Gladstone, (Mich.), Corbelle, Bonfield, etc. We would wish to be able to publish the names of all charitable people who have stretched out to us their helping hand. But the list is too long here to send at our disposal. Thanks in particular to the press of most of the places above mentioned; we shall long remember its kindness in advertising our work. All benefactors and papers, are registered in the color book of St. Philomena's Church, Bonfield. Now there are four different missions attended from Bonfield once a month on week days, and those missions are quite new and poor. After having done all we could and were obliged to do for Bonfield, the construction of a presbytery being necessary for the advantage of both parish and missions, we have to look to the organization of those missions in school-houses, and this as all may understand is only temporary. So we have to provide for a place where the missionary would stay when he gives the missions. Now, this I must not be able to do here, as one of the four missions. Plans have been drawn for those little churches and steps taken for the selection, purchase and clearing of appropriate grounds. As poor old credit seems to be very much afraid of the new mission, dedicated to Saint Henry (Great Desert P.O., Nipissing, Ont.) will have a Tombola on July 14th or 15th for their new chapel. We recommend to you this anxious christian and patriotic work, and other missions to follow. HENRY MARTEL, P. P.

A CHEAP MEDICINE.

IS ONE THAT WILL PROMPTLY AND EFFECTIVELY CURE.

Mr. John Hitch, of Ridgeway, Telle How He Had Spent Dollars Upon Doctors in Vain Before Finding the Medicine That Cured Him.

From the Standard, Ridgeway.

People who read from week to week of the marvelous cure effected by the use of Dr. Williams' Pink Pills little think that right in their midst exist many who have been relieved from pain and suffering by the use of these wonderful little pills after having suffered untold agonies for months. My case is a good example and is probably known throughout the country, was ever ready upon opportunity offered to speak a word in praise of those pills and was never tired of recommending them to his friends. A representative of the Standard, a newspaper of the cause of Mr. Hitch's recommendation, called upon him at his home recently and upon telling that gentleman the object of his visit Mr. Hitch consented to an interview. The story in his own words is as follows: "I was in the winter of 1891 I was taken with a severe attack of the grippe from which I was confined to the house for some time. This was followed by severe pains and swellings of my lower limbs. I consulted a physician and he told me it was acute rheumatism. I continued under his care for about two months. I was unable to stand alone, but sometimes when I got started I was able to make a few steps unaided. The pain was principally in my feet and along to my all summer long. I tried almost everything that friends suggested, hoping to gain relief, but neither medicine taken inwardly nor liniments applied externally gave me any relief. I had undergone and I would admit I was only too ready to try anything suggested. I spent dollars upon dollars in doctor's medicine, but all to no purpose. The last week I was attended by a physician it cost me five dollars, and he told me it was acute rheumatism. I was told that Dr. Williams' Pink Pills, I concluded it was certainly worth the experiment and accordingly purchased a box from a local druggist and commenced their use, continuing to take the medicine. This was in June or July, 1892. After I had taken the first box of the pills I could feel some change and after taking seven boxes I noticed a great improvement. I continued taking them until I had used twelve boxes when I must say I felt as well as I ever did in my life. Some of my customers who came into my yard would ask me what I was doing that I was looking so well (knowing the sick spell I had undergone) and I would always tell them that Dr. Williams' Pink Pills had wrought the change. They are the cheapest medicine I ever bought," said Mr. Hitch, "and if I had what I spent on other medicines I could sit as well as I do now." Mrs. Hitch was an occupant of the room and she heartily concurred in what her husband said, and stated that for one other member of the family the pills had been used with success in a case of severe rheumatism. Before locating in Ridgeway he conducted a brick and tile yard at Longwood's road, Middlesex county. He has been carrying on a successful business in Ridgeway for the past ten years. Dr. Williams' Pink Pills cure by going to the root of the disease. They renew and build up the blood, and strengthen the nerves, thus driving disease from the system. Avoid imitations by insisting that every box you purchase is enclosed in a wrapper bearing the name of Dr. Williams' Pink Pills for Pale People. If your dealer does not keep them he will send you post paid at 50 cents a box or six boxes for \$2.50, by addressing the Dr. Williams' Medicine Co., Brockville, Ont.

LATEST MARKETS.

Toronto, May 10, 1898.

On the curb in Chicago at the close of today July wheat was quoted at \$1.09; at the close July what was quoted at \$1.21; 2½c; puts on July wheat, \$1.23; calls 41c.

WHEAT MARKET.

Wheat—Was excited and higher today. There was an advance since Saturday of 6c to 8c from the closing rates on Saturday and the prices asked by holders at the close today. There were sales of red winter wheat at \$1.15 north and west and \$1.17 was bid for more, with \$1.20 asked. A local firm sold some 100 cars on Saturday at a price which netted them about 50c; if they had held the wheat till today they would have made over \$30 a car, some \$1,000 over the profit they cleared on the lot. "Hard" wheat is very firm and dearer. No. 1 hard is now quoted at \$1.41; soft Fort William and at \$1.60 Montreal freight.

Flour—Is in fair demand and higher; calls of straight flour are now quoted by the larger mills at \$5.60 in wood Toronto freight. Nantibus flour was advanced this morning and again this afternoon owing to the rapid rise in the price of wheat. Cars of patents are now quoted at \$7 and strong bakers' at \$6.50 here.

Milled—There is more inquiry and higher prices is steady at \$12 to \$13 for shorts and \$10.60 to \$11 for bran.

Barley—Is dull and prices are nominal. Buckwheat—Is in demand and firm at 44c.

Rye—Is firmer at 60c west. Corn—Is 2c higher at 37c for Canada yellow and 40c for American here. Oats—Is in fair demand and firm at 35c for white west.

Oatmeal—The price of oatmeal has been advanced 5c and quotations are now \$4 for cars of bags and 37c for bulk. Beans—Are dull but it is expected that they will soon be worth more; they are quoted at 62c west.

COUNTRY PRODUCE. Butter—The receipts of large rolls are liberal, there is a good demand and the market is easy at 12 to 13c. Creamery is quiet at 17c to 18c for prints and 17c for tubs.

Eggs—The supply is fair, there is good demand and the market is steady at 19c for new laid.

Potatoes—The market is quiet; farmers' lots sold here in good demand at 70c, cars on the track Toronto are quoted at 55c to 70c. Potatoes out of store sell at 80c.

Poultry—Is in fair demand and steady at 11c for turkeys, 65c to 75c for chickens. Baled Hay—The market is dull but steady; cars on the track here are quoted at \$5 to \$5.50.

Baled Straw—The market is dull and unchanged; cars on the track here are quoted at \$4.50 to \$5.

FARMERS' MARKET.

The receipts of grain on the street market today were not large, prices were higher for wheat and steady for other grains.

Wheat—Was 2c to 3c dearer, 1,000 bushels selling at \$1.08 an \$1.20 for white straight; \$1.14 to \$1.16 for red winter, and \$1.07 to \$1.09 for goods.

Barley—Steady on load selling at 44c. Oats—Firm; 200 bushels selling at 35c. Peas—Steady; one load selling at 65c. Dressed Hogs—There was none offered, and the price was nominal at 60c.

EXCELLENT REASONS exist why DR. THOMAS' ELECTRIC OIL should be used by persons troubled with affections of the throat or lungs, sores upon the skin, rheumatic pain, corns, or external injuries. The reasons are, that it is speedy, pure and unobjectionable, whether taken internally or applied outwardly.

"Would you take me for twenty?" said a young lady who looked much young. "Bliss you, my child," said an admiring bachelor. "I would take you for life."

62 Queen Street East Toronto Eye and Ear Surgeon to St. Michael's Hospital.

OFFICE AND YARD: FRONT ST. NEAR BATHURST. Telephone No. 182.

"Thy glass will show thee how thy beauties wear."

When Shakespeare penned these words he had knowledge that the love of beauty was, and would continue to be universal. He knew, too, that the average woman is influenced by the reflection her mirror gives back to her, and in proportion as it pleases her it (unconsciously to herself perhaps) affects her demeanor.

On gazing into the mirror the first point that strikes you is the complexion or color of the skin. Let there be a blotch or pimple, however minute, and it will at once attract your attention and render you uncomfortable by the consciousness of its presence, even though it is unattended with inflammation, irritation, or any other unpleasant feeling. If you so quickly detect blemishes upon the face, think how the searching eyes of your friends find them out, and should their tongues be inclined toward uncharitableness you will, perhaps, before you are aware of it, find what really is a trifling matter magnified into a "skin disease."

How often you hear such remarks as, "I used to think her good looking, but her complexion is getting so muddy that she looks plain and old;" or, "Her features are not beautiful, but she has such a perfect complexion that you couldn't help noticing her;" or again, "She'd be a beauty if she only had her skin." Dr. A. W. Chase, one of the foremost medical practitioners of America in his day, has given to the world the means whereby everybody who will may have a clear healthy, attractive complexion. He spent years of his life carefully studying the skin under every possible condition, and by practical experiment found out the effect of every known substance upon it, producing, as a result, an Ointment that has become known the world over as DR. CHASE'S OINTMENT. This Ointment is composed of ingredients that feed and nourish the tissues of the skin, and are particularly soothing and healing in their effects. By promoting healthy action of the skin it eradicates disease and beautifies the complexion. It has cured thousands of obstinate cases of Salt Rheum, Eczema, Hives, and Scrofula, that had refused to yield to internal medicines, leaving the skin in every case healthy, smooth and clear. There's nothing to equal it for PIMPLES, BLOTCHES, and BLACK HEADS. Dr. Chase's Ointment can and will cure if you'll give it a chance. 50 cents per box. Edmondson, Bates & Co., Toronto; and 18 Ellicott St., Buffalo, N.Y.
