51-53 Wellington Street West, Toronto

## Here is the catalogue you want

It is full of boat bargains—fine chances to get motor boats, sailboats, rowboats and canoes by the Brooks System at prices that will surprise you.

You can do some or all of the building yourself, just as 83,000 men and boys have successfully done, and own a boat of your own that would cost from two to five times as much from a boat builder. Satisfaction is guaranteed by us—we know you can do it, because our system is so simple and perfect.

Get our boat catalogue No. 24 now and have the use of a boat this season.

We will furnish frames partially or completely erected, if desired

Brooks Mfg. Co. C. C. Brooks
