### Etiquette

By **Agnes H. Morton,**  
B. O.

Some manuals of etiquette treat almost exclusively of "state occasions," while others are made up of sundry rules, often illiterate in style, and of doubtful authority.

Both of these classes of manuals are obviously inadequate to the needs of the great mass "who dwell within the broad zone of the average." For this large class, a book that gives information as to the essential points of correct behavior in social life,—points equally applicable to the rich and to the poor,—is the ideal manual. And such a book is this volume. Cloth binding, 50 cents.

### Prose and Poetry for Young People

Under this title is combined in one volume, *Child's Own Speaker*, *Little People's Speaker*, *Young People's Speaker*, and *Young Folks' Recitations*, four widely popular books specially suitable for children and youth from six to fifteen years of age. There is nothing long or tedious, but there is abundant variety and the tone is healthful. It is an excellent prize or presentation volume for young people.

Handsomely bound in cloth, \$1.00.

**HYPNOTISM** My original method \$2. 100 page book 10c. One on Personal Magnetism 10c. Prof. E. J. Anderson, Masonic Temple, Chicago, E.J. 10.

The four weekly issues of *Littell's Living Age* for September are replete with the choicest gleanings of the British reviews and magazines. These issues contain twenty-seven complete papers, many of them of great value and intense present interest. Among the more valuable essays and reviews may be particularly mentioned "Norway and Sweden," which is really a "double star." The one by J. E. Sars, Professor of History in the University of Christiania, presents "The Case of Norwegian Liberalism"; the second, by Carl Siewers, reveals "A King's Scheme of Scandinavian Unification." "The Problems of the Far East," the leading article in No. 2670, is an able review of recent works by such writers as Hon. George P. Curzon, M.P., Henry Norman, Chester Holcombe, and others, on the China and Japan question. Biography is represented by an exceedingly good article on "Huxley" by P. Chalmers Mitchell, and another on "Mrs. Gaskell" by Mat Hompes. "The Spectroscope in Recent Chemistry," by R. A. Gregory, and "Stars and Molecules," by Rev. Edmund Ledger, will prove of great interest to the general as well as the scientific reader. "A Visit to Bonifacio" by J. N. Usher; "Antarctic Explorations," "In the New Zealand Alps"; "Poetic Pride"; "Latter Day Pagans," and "The Heavy Burden of Empire" are the titles of other valuable papers. In fiction each number contains a complete story, and of poetry a full page.

### DAIRY SCHOOL AND VETERINARY COLLEGE.

The new Veterinary College, to be opened next October in connection with Queen's University, will occupy the building on the corner of Barrie and Clergy streets, the gift of the city of Kingston to the governors of the school, and valued at \$20,000. It adjoins the Dairy School. Any farmer's son eighteen years of age, and possessing a good public school education, may enter the college and graduate as a veterinary surgeon in two sessions, if he has the ability to pass the required examinations. William Mason, Esq., Kingston, the bursar of the new institution, will gladly furnish any other information required. Dr. Herald, ex-Mayor of Kingston, will teach materia medica in the new college, and Dr. Knight, Professor of Physiology in Queen's University, will teach the physiology.
