York County and Suburbs of Toronto \$64,500 FOR FOUR ACRES

Chairman P. H. Drayton delivered his decision yesterday regarding the four acres of land, a portion of about 12 acres proposed to be expropriated for a park for Earlscourt, the property of Miller Brothers, nurserymen, Lauder avenue.

The amount awarded is \$64,500 for the four acres, with an additional \$14,000 for disturbance of business, making a total of \$78,500 for four acres, which figures out at \$19,625 per acre.

"The City of Toronto pays all costs in the matter," said Deputy Reeve F. H. Miller to The World, "and no interest will be paid us on the purchase price until the city accepts the property. I paid \$425 before the decision was handed to me," said Mr. Miller, "this being the arbitrator's fee."

The four acres are situated in the Township of York, being bounded on the east and west by Lauder and Miller avenues, and on the north by the Miller's greenhouse. To the south is the remainder of the property, comprising the eight acres, sold by the Millers for subdivision previous to expropriation proceedings, making a total of about 12 acres.

LAST TRIBUTE PAID TO PRIVATE STEERS

Impressive Military Funeral Took Place to St. John's Cemetery.

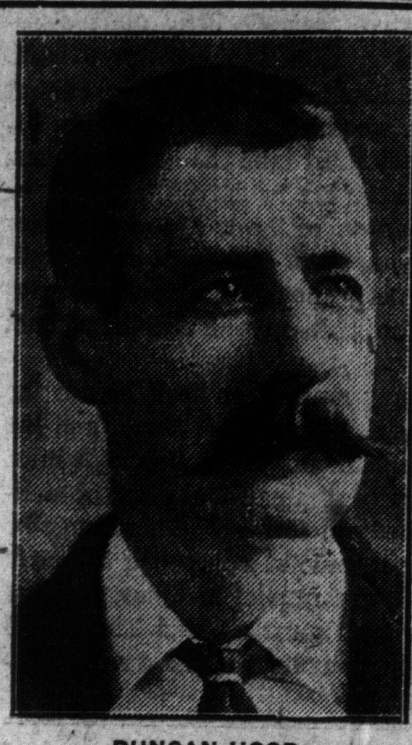

One of the most impressive ceremonies ever witnessed in Toronto was the funeral of Trooper Percy Steers, of the 1st Mounted Rifles, who died on Monday night in the Toronto General Hospital from cerebro-spinal meningitis, which took place yesterday afternoon to St. John's Cemetery, Norway. Full military honors were accorded by a large squad of men from the 9th Mississauga Horse, under the command of Major Beckett, to which regiment the late Mr. Steers belonged before enlisting in the Mounted Rifles.

Leaving Ingram's undertaking parlors, Queen street east, the cortege was headed by the firing party of fourteen men, behind whom came the bugle and bagpipe bands of the 13th Battalion. The remains then followed on a gun carriage, draped with the Union Jack, and with the soldier's service cap and a sword surmounting the casket. The mourners were next in order, and in the rear were the officers and men of the 9th Mississauga Horse. Large numbers watched the funeral along Queen street, and many followed to the cemetery.

Muffled Drums.

Turning up the Kingston road the cortege proceeded at slow march, with the bagpipes playing a funeral dirge and drummers beating a tattoo on their muffled drums. At the cemetery gate the band stood to one side, and with the Rev. W. L. Baynes Reed, the chaplain of the 13th Battalion, the members of the firing party, who were standing with bowed heads and guns reversed.

After the interment was made the command came from the sergeant, "Firing party, attention!" and then the echo of 14 shots, fired three times, was heard in the hills to the north. Again came a command from the sergeant. This time it was "Bugles, do the honors!" and the shrill notes of six bugles ended the ceremony.

START PARLIAMENT SECTION OF VIADUCT

Enormous Crane Installed to Handle Big Masses of Material.

IS THREE YEAR JOB

Are Excavating Down Fifty Feet to the Solid Bed Rock.

Work on the Parliament street section of the Bloor street viaduct is now in full blast, nearly 125 men being employed on the job and scores of others will shortly be added to the working force. While the Dominion Bridge Company, the contractors for the job, the Raymont Construction Company are doing the excavation work.

Everything was moving like clockwork yesterday and the big steel crane, one of the largest ever erected in this city, was every few minutes lifting from two to three tons of the solid blue clay from the excavations.

A score of carpenters were busy engaged in finishing off the carpenter's stores and other buildings, and the demolition of a big camp, for like the other jobs, the big crane is the key to the job. This is a two or three-year job.

Down to Bed Rock.

The contractors are chiefly engaged in getting down to bed rock, a 50 feet below the surface, but not the spectacular work will begin, when the big crane begins to pick up the pillars and girders, lift them up and where from 80 to 100 feet, and place them in position.

A feature of the Raymont Construction Company's camp, which is exceptional in these days, is the fact that only Italian laborers are employed. The whole job, the bulk of the men are employed in the Don Valley area.

Some conception of the magnitude of the work all may be gathered from the fact that in the three months, 50,000 tons of clay, 30,000 tons of concrete, 10,000 tons of cement and 40,000 tons of crushed rock will be used up in the big Bloor street viaduct.

There will be no boarding houses here, nor are there any medical fees, the men are boarding and paying their own expenses in the event of accidents.

Warm weather is most needed now to dry up the valley and facilitate the work of the men and teams.

Another Rosedale section remains to be gotten under way and this is likely to be started.

SHOOTING ACCIDENT RESULTED IN DEATH

Cecil Glass of Richmond Hill Expired Early Yesterday Morning.

Cecil Glass, the second son of Mr. and Mrs. J. P. Glass, who was accidentally shot at 2:30 Wednesday afternoon, died at 1 o'clock yesterday morning, after a long and painful illness.

The shooting occurred at the home of the family, 123 Earlscourt ave., when Cecil was about 11 years of age. He was playing with a gun and a friend, and the gun went off, striking him in the chest.

The doctors who attended him, and who had passed away about 11 hours after the shooting, Cecil was a bright boy and a general favorite. Upon looking over the case, Coroner Military decided that the accident was the result of the charge on the victim's own rifle which was going over its limit.

The funeral will take place Saturday at 2:30 p.m. to the Don Valley Cemetery.
