The illustration depicts one of the latest imported petticoats for women. It is of fine quality moire-black only. Deep flounces with box pleating, and deep cluster pleated frill, are the "trimmings." In three lengths, 38, 40 and 42

A campaign, intense in its interest, has been started for the control of Michigan. Three factions are actively engaged. The Michigan Anti-Saloon League is fighting to increase its ter-ritory.
