HAVEN'T A LAWYER YET. WE'VE LIST TO PICK FROM

Civic Power Committee Found That Three Toronto Counsel Were Not Available.

HAMILTON, July 2.—(Special).—The civic power committee had to meet again this afternoon because several of the Toronto lawyers they had agreed should be asked if they would assist in the City Solicitor Waddell, were found to be away. The list agreed upon at the morning session was: Geo. F. Shepley, W. E. Middleton, E. A. Duvernoy and J. W. Curry. Messrs. Shepley and Duvernoy, it was found, were in the old country, and Mr. Middleton in Muskoka. Mr. Waddell and committee met this afternoon, the latter members of it spent most of their time in abusing A. F. Lobb, solicitor of the hydro electric commission, who, City Solicitor Waddell discovered when he called upon Mr. Middleton's office, had given Mr. Middleton to understand that the City of Hamilton was likely to call upon him to assist Mr. Waddell in defending the council against the injunction proceedings started by R. S. Morris to restrain the city from ordering power from the hydro commission. Mayor McLaren and Aldermen Percival and Allan accused Mr. Lobb of "busting in" and trying to run the business for his city. The mayor suggested that they send Mr. Lobb a telegram telling him to mind his own business. Two of the hydro members of the committee, Messrs. Cooper and Anderson, could not be reached and did not know the meeting was in progress, but Mr. Lobb put up a vigorous defence for the hydro commission, stating that Mr. Lobb was regarded by a majority of the citizens as a friend of the city, and he could see no harm in his having remarked to fellow lawyers that he would probably be called upon by the city. The committee this afternoon decided to ask the following if they were willing to act for the city: selected and to make the selection from them: W. E. Middleton, Jas. S. Fullerton, C. J. Holman, E. F. B. Johnson and W. Curry. The choice will be made Saturday at noon.

After the Street Railway. Ald. Cooper is after the street railway to compel it to put more cars on East Barton-street. When the city notified the Radial this afternoon that it would be forced to live up to its by-law which prohibits it from using East King-street for company freight cars loaded with fruit from Burlington up King-street to the terminal station and down Main-street to the H. & B. spur line. His company said he would not stop the traffic during the berry season, but that the company would have to make other arrangements as soon as possible and get a new by-law if necessary. At a joint meeting this evening of the Gore and Wesley congregations, Ald. W. H. Cooper was selected as superintendent of the amalgamated schools, which will take place in September.

Nothing Doing. A sub-committee of the Hamilton Art School directors and the technical committee of the board of education met this evening at the school, at which the art school should be taken over by the board of education. Nothing definite was decided upon. Evelyn Woods, 4 Henry-street, seven years of age, fell over an embankment at Dundurn Park this afternoon, and was taken to an unconscious condition to the city hospital. The retained consciousness this evening and will recover.

Salary Increases. The internal management committee of the board of education voted the following salary increases this evening: F. H. Foster, secretary-treasurer, from \$1400 to \$1800, to begin next January, with a yearly increase of \$100 until a maximum of \$2200 is reached; Dell Instructer Syme, from \$700 to \$800, with a yearly increase of \$100 until \$1000 is reached. The following teachers were appointed: Misses Nina Duncan, Nellie Evans, Margaret Fleck, Mary Hill, Helen Husband, Grace McHaffie, I. McLeod and Margaret Hedley. J. M. Robinson, who has been acting as principal of the Cannon-street school, in the absence of T. L. Kinrade, was given six months' leave of absence. The building committee recommended a ten-room addition to the Victoria-avenue school, and that the four rooms on the third story be vacated and also the Wellington-street school. Miss Iris Thompson and Arthur Hamilton, Sherbrooke, Que., were married at the cathedral this morning. Five broke out in the Sovereign Clothing Co.'s store, 11 North James-st., to-night about 10 o'clock, but the damage was slight. Presentations to Priests. Presentations were made this evening to two priests who have been trans-

ferred from Hamilton. Both received purses containing about \$50 in gold. The presentation to Rev. F. P. Hendrie, who has been transferred from St. Joseph's Church to Paris, was made by Hugh Hennessy and Col. A. H. Moore. The presentation to Rev. Father Walsh, who has been moved from St. Patrick's Church to Acton, and J. E. Dougherty read the address.

Find a Haven. Through the good offices of Hon. J. S. Hendrie, Frank Simpson, a youth who was refused admittance to several institutions, will be admitted to the Orillia Home for the Feeble-Minded. William Dixon, for many years treasurer of the Hamilton Liberal Association, and a member of the wholesale firm of Dixon Bros., has been recommended by the local Liberal executive committee as an inspector of weights and measures to succeed A. T. Freed.

Falsified Weights. Louis Frank was this morning committed for trial on the charge of conspiring with H. M. Morden, an employee of the Hamilton Steel & Iron Company, to defraud the company by falsifying the weights of steel of scrap iron sold by Franks to the company. Morden testified that Franks had approached him when he was acting as weight clerk and proposed that he should increase the weights, but that he did not consent to do so until September, 1907, when he was unable to pay Franks \$55 he had borrowed. Since then he had made \$700 in three months by falsifying weights, Franks sharing up the profit with him.

Next Week at Scarborough. Miss Rose Wentworth, who rode before 3000 people in the hippodrome at Scarborough Beach on Dominion Day, has become a great favorite with beach patrons, and the management of the Toronto Park Company has decided to retain her for another week. Miss Wentworth will head the bill in the hippodrome next week, and will be the feature attraction of the big retail grocers' picnic at Scarborough next Wednesday. During her act the equestrienne rides three different horses; the last one being a galloping black Arabian stallion, upon whose back Miss Wentworth performed a miniature ballet. The other two acts arranged for next week in the hippodrome are Kenyon and Degarmo, novel feat equestrians, and Ardo and Eddo, comedy bark experts. Miss Wentworth, it is announced, will appear at every performance next week, both at the matinee and in the evening.

Detroit wholesale liquor firms are stocking up with Canadian whiskey in preparation for any increase in the tariff. Berlin school board favors the organization of a cadet corps. "A year ago I returned home after a long trip, completely worn out. I was so badly bothered by chronic biliousness, so much overcome by constant headaches, dizziness that I was despairing of ever getting well. I was always tired and languid, had no energy and spirit, found it difficult to sleep for more than five hours. My appetite was so rickie that I ate next to nothing and in consequence lost weight and strength. I was pale and had dark rings under my eyes that made me look like a shadow. It was a friend that I used Dr. Hamilton's Pills. In one week I felt like a new man. The feeling of weight and nausea in my stomach disappeared. My eyes looked brighter, color grew better, and best of all I began to enjoy my meals. The dizziness, languor and feeling of depression utterly went away and I regained my old-time vigor and spirits. To-day I am well thanks to Dr. Hamilton's Pills." The regular use of Dr. Hamilton's Pills keeps the system healthy, and thereby prevents all manner of sickness. One pill when retiring will make you feel like new. For health, strength, comfort and good spirits there is no medicine like Dr. Hamilton's Pills. Beware of substitutes and don't let any dealer win off some other pill on which he can make more money; 25c per box, or five boxes for \$1.00, by mail from The Catarhazone Company, Kingston, Ont.

NORTH TORONTO, July 2.—(Special).—Great interest attaches to the outcome of the Davielville Methodist School to Willow Lake, Mead-downville to-morrow (Saturday) afternoon, leaving C.P.R. North Toronto Station at 1.15 p.m. The delightful ride, little over 20 miles, coupled with the low rate, 45 cents, will doubtless draw a big crowd. At Willow Park will be given a personal inspection. A considerable amount of building is going on at present in and around North Toronto. Some of those who have built are: Mr. R. Livingstone, brick house in course of completion, on Woodward-avenue. Mr. Gibson, brick, with cement foundation, on Castledale-avenue, value between \$4000 and \$5000. Mr. Fletcher is erecting a brick house on Albertus-avenue, worth from \$3000 to \$4000, and C. In order to be effective at the January elections this must be done before July 15. A meeting will be held at Bedford Park on Friday evening next for the further discussion of sewerage and related roads. Mr. Dansbury of Bradford, England, was so impressed with the beauty of North Toronto while driving with a friend that he selected a lot on Glenair-avenue, went at once to Waddington & Grundy's and bought it. This is only one among many other instances. Mr. Langley of Largety & Howland has bought a lot on Glenair-avenue and will erect a fine residence for his own use. Solicitor T. A. Gibson and Mrs. Gibson leave on July 7 for a two-month visit to the British Isles. A number of bylaws for the consolidation of the debentures for local improvements will be put before the council's departure.

THE LAKE OF BAYS' COUNTRY. A handsome brochure, artistically illustrated, has been issued by the passenger department of the Grand Trunk Railway System, in view of the beauties of the Lake of Bays District, in the "Highlands of Ontario." A new feature of this district is the new hotel—the Waves—at Norway Point. The hotel itself has a page illustration reflecting the summer glories of woodland and water, with a brood of seven wild geese in flight through the nostrils. The concise description embodied the story of a charming resort. The company is offering for application to J. D. McDonald, D.P.A., Toronto.
