'PHOTO-BRAND'

The new cigar---
Broad leaf wrapped

"There is a difference" between cigars that are made scientifically as well as mechanically, and those that are made mechanically *only*—even if the tobacco in both may be equally good.

The **PHOTO-BRAND** *Cigar is better than any other ten cent cigar*, because the broad leaf wrapper from the famous South Windsor District in Connecticut *blends perfectly* with the pure Vuelta Abajo Havana filler.

The **PHOTO-BRAND** is the only cigar made in Canada on which this wrapper is used.

This combination of filler and wrapper has added a new zest to cigar smoking in the United States.

Smoke a PHOTO-BRAND and you will understand why others say

"There is a difference."

At Brooklyn—Brooklyn slaughtered Cincinnati to-day 10 to 0. Beebe was hit freely on top of free passes in the third and fourth, and gave way to Joe Doyle, late of the New York Americans, in the sixth. The latter was wild and also fumbled two bunts, which, with timely hitting, allowed five runs in the sixth, the entire local team batting around. Score: R.H.E.
