TODAY'S PROGRAM

WOMEN'S DAY.

## IMPERIAL CONCERT BAND IS SUCCESS

Instrumental Studies Give Shortage of Labor Caused Pleasure to Crowds at the Exhibition.

Imperial Concert Band of Toronto, which is playing under the guiding hand of W A. Murdoch. This is a very popular aggregation at the Exhibition this year, and ranks second to that of Creatore. The instrumental studies presented during the two concerts were generally very pleasing, that of the evening more so than in the majority of cases up to the strength of last year, the quality far surpasses anything produced in former years. Both classical and popular studies classes of live stock that are entered and if possible seats, could be arwere rendered with the same dignity and sympathy which characterized those of the previous day. The varithose of the previous day. The varinotes in Paderewski's "Minuet in G."

Two other popular bands were heard, the Q.O.R. and the G.A.U.V. Bandmaster H. B. Barrow of the Q.O.R. is an ol dimperial from the Scots Guards, and is one of the most popular conductors in Toronto. "The the first time in the history of the Exhibition there is on exhibit to "you kindly provide assistance for the plane at the model playgrounds at the Exhibition? Two or three instruments would be sufficient to "get the sound across" to the public who stand outside the enclosure, and would essist the enclosure, and would essist the enclosure. popular conductors in Toronto.

The "Lorain" Oven Heat Regulator, ed Jewel Ranges in the process runding at the Fair, is attracting crowds of women and seems to be one of the most necessary inventions of these wonderful times. The "Lorain" measures out the exact amount of heat required to cook meals and keeps it uniform. In other words, you can cook a whole meal in 3 hours, 4 hours, 5 hours, or 6 hours, just as you desire. And you can be miles away from the house while it is cooking. When you return it is beautifully cooked—ready to put on the table. There is no guesswork about the "Lorain"—it never fails. This is certainly an appliance every woman should be sure to see.

CANADIAN NATIONAL EXHIBITION, TORONTO.

# **EXHIBITION NOTES**

The women are having their "say" at the Exhibition today. No doubt they will strive as usual in this respect.

The fact that no pockets have thus far been picked at the Exhibition seems to be giving rise to a good deal of comment. After all, people are not carrying as much money about with them these days, and the light fingered Again a large gathering of music-lovers heard the rendering of the hibition are now completely filled and friend, H. C. L., is now even milking

Considering the fact that the music contests which began yesterday, and will be continued during the next nine ture of community service, the idea being to encourage and develop music that of the earlier hours. There was a certain lack of unison at times in one or two of the selections of the afternoon, and this was specially noticeable in the rendering of Goundows Traust, and in a medley which followed. But, the evening performance in every way counterbalanced any defects of the earlier concert. Swine and light horses are the only Both classical and popular studies. In the contestants, but the space was so limited in the horticultural building, that much discomfact the contestants, but the space was so limited in the horticultural building, that much discomfact was experienced. If more room and if possible seats, could be aralong community lines, it is discouraging to both the promoters and pub-

mighty "Champion Blueboy." of England. His ancestry, therefore, told in his favor, altho he was judged entirely on points.

Points in Judging.

Touching upon the many points necessary to consider in judging cats. Mr. Reynolds, son of the president of the Royal Canadian Cat Club, in an interview with The World, stated that the most important factors were, firstly, the type or conformation of the animals, the shaping of the head and ears, the color, and again the

Toronto, and can be plainly seen from the Exhibition grounds.

A FINE DISPLAY OF COLORED TRANSPARENCIES.

At the model playgrounds of the Exhibition yesterday a bright program was rendered by boys and girls from the Elizabeth and North Totoronto playgrounds. Some of the numbers were given in costume, especially the folk dances, which aim at representation of the country where the dance originated. The Tyrolean dance by girls from the Elizabeth playgrounds, was quite picturesque, the quartet of accountry which its of the country where the dance originated. The Tyrolean dance by girls from the Elizabeth playgrounds, was quite picturesque, the quartet of accountry which its of the same at the properties of the materials of masculinity, represents the masculinity, represents the masculinity, represents the best in bristles and in the ivory and various hard woods in while they strikingly depicted in a series of illuminated colored transparencies on the raw and in process of making are set. Specimens of the materials in the raw and in process of making are set. Specimens of the materials are to be seen at the booth, and these as well as the finished product speak for the genuine stamp of material for the genuine stamp of material and workmanship.

Particularly attractive are the brushes of the product speak for the genuine stamp of material and workmanship.

Creatore's Band, with its fine instruinated. The Tyrolean dance by girls from the Elizabeth playgrounds, was quite picturesque, the quartet of girl performers being costumed in yellow skirts, white blouses and royal blue boderos with red scarf, sash and head kerchief. The dance included a terral and smoothest finish, the shaded on the Canadian Armondus points of tourist and smoothest finish, the shade stand smooth

## JUGDES' DECISIONS IN LIGHT HORSES

Remarkably Fine Animals Were Shown at the Exhibition Grounds.

The awards in the light horse judging An unusually large number of ani-mal lovers were on hand last night at 1—March in F Major.....Creatore at the Exhibition yesterday afternoon 2—Overture. Zampa .......Herold were as follows, some remarkably fine 3—Intermezzo. Pamponette. Durand animals being shown:

Class 150—Stallion, 12 hands and under —1, Hastings Bl.s., Guelph (Rattler). Class 151-Stallion, over 12 and up to 13 hands-1, Crowe & Murray (Whitegate Pimple); 2, E. Watson, Toronto (Expression). Class 153—Filly, 3 years and over, 12 hands and under—1, J. P. Cowieson & the Exhibition. While Lord Tom Elueboy was the king of kings at the show, there were others, and some among them who did not even gain a ribbon of any sort. Amonk these was a very fine brown tabby, which would have won easily in an open race. Then there was Sebastian, a winner of other days, which may be a winner of future years. Many others of fine breeding showed what they will be able to accomplish in the years to come.

Lord Tom Blueboy, the winner against all comers, is an importation from England, owned by Mrs. H. B. Drury, of Jordan Station, Ontario. Mrs. Drury brought him over to Canada Metal products are not being shown at the Exhibition this year by the Canada Metal Company, the general office being exceptionally busy, but the company is sending out a general invitation to all customers to see their fine display at the new shownoms on Fraser avenue. They have extended the plant to the tracks. There are many special features shown by this company this year, and among others are two specialities for piactibers, the "Aristocrat Laundry" Carriage Horses.
