**ANTHRACITE**

**The Coal That Satisfies**

Coal is a standard article. The price is the same at every dealer. The only difference is in the quality, and on the quality depends the value you get for your money. Lehigh Valley coal ranks without a superior as an extra-hard, long-burning, maximum heat-producing anthracite.

**Conger-Lehigh Coal**

Our long reputation in Toronto is a guarantee that we would not handle any coal except of the very highest quality obtainable. Old customers know this, and we invite new customers to get acquainted with our satisfactory way of doing business.

**Order by Telephone—Main 4890**

Branches and yards conveniently distributed throughout the city.

**CONGER-LEHIGH COAL COMPANY, LIMITED**

**MGR. FALLON MUST REIMBURSE PRIEST**

Rome Decides Bishop Must Pay Indemnity to Father L. A. Beaudoin

**TOOK PART OF PARISH**

Decision is Partially Against Both Parties to Clerical Action

Canadian Press Despatch.  
MONTREAL, Feb. 20.—The action taken against Mr. Fallon, Bishop of Montreal, by one of his priests, Rev. Father L. A. Beaudoin, priest of Notre Dame Du Sac, Walker, Que., has been decided by Rome, the judgment, which has been received here, being partially against the intentions of the bishop and partially against the position taken by the parish priest. The case arose out of Bishop Fallon's action in taking away part of the parish of Notre Dame Du Sac, and adding it to another. The tribunal of the Roman ecclesiastical court, has decided that His Lordship of Montreal was within his rights in dividing the parish, but on account of the part detached from the parish, the jurisdiction having contained a school on which the parish priest had spent twelve to fourteen thousand dollars, the latter is now awarded the sum of \$7000. The statement is made by those acquainted with the case that his lordship must pay part of the indemnity imposed by Rome, while the remainder will come from the parish which benefited by the separation.

**Other Priest's Appeal**

In the hearing of the case before the Tribunal De La Rota, counsel for Bishop Fallon had nothing to allege against the character of Father Beaudoin, but claimed that the priest was lacking in administrative ability, was an agitator, and was incompetent as a minister.

A number of priests in Bishop Fallon's diocese incurred his enmity by giving Father Beaudoin a certificate of character claiming that he spoke English well, did not discriminate against his English parishioners and had only objected to his lordship's action by his English parishioners. The priests who gave this certificate were disciplined by Bishop Fallon and they have appealed to the sacred congregation to intervene in order to protect them from unjust persecution.

# Off to the War

**Dr. Chase's Gift to the Soldier Boys**

**A Large Box of Dr. Chase's Ointment is Presented to Every Soldier Before He Leaves for the Front.**

You will see by the attached clipping that ointment is one of the prime necessities of the military man in camp. Note the amount used each week. The heavy clothing chafes and irritates the skin. Forced marches and heavy footwear make the feet sore. Exposure to dampness brings on piles or hemorrhoids. It therefore happens that nothing is so greatly in demand as an ointment such as Dr. Chase's.

This was proven in the Spanish-American and Boer wars, when we made a similar distribution to the boys going from Buffalo and Toronto. The volume of grateful reports then received convinced us that no soldier's knapsack is complete without a box of Dr. Chase's Ointment.

Wednesday (Feb. 17) there were delivered to the members of the 10th Battalion at the Exhibition Grounds over 1,000 boxes of Dr. Chase's Ointment. The same gift is made to all the soldiers in training, and we do not want any to be missed. If you are a soldier and do not receive your box, kindly advise us, so we can send it to you. Edmondson, Bates & Co., Limited, Toronto.

**Members of the Home Guard or any military man who will give the number of his regiment and mention this paper will receive a full 60 cent box of Dr. Chase's Ointment FREE OF CHARGE. Address Edmondson, Bates & Co., Limited, Toronto.**

## DYNAMITE FOUND AT C.N.R. DEPOT

Explosive Was Found in Clump of Cedars at Brooklyn

## THAW BAD FOR WHEAT

Many Fields Have Now Been Left Exposed to Cold Weather

BROOKLYN, Feb. 20.—A box containing a quantity of dynamite has been found about a quarter of a mile from the Canadian Northern Railway depot at Brooklyn. It was found hidden in a clump of cedars, a few yards north of the viaduct, across the gravel road between Whitby and Brooklyn. Rumors are that it was placed there by German destroyers, but this seems hardly probable, as there would be nothing gained by doing damage along this point.

**Have a Carnegie Piano.**

Through the efforts of the Women's Institute of Brooklyn, (that place now enjoys a piano donated by Mr. Andrew Carnegie, the multi-millionaire. This piano is the property of the Women's Institute and is for use in the town hall and school.

An effort is being made to secure a Carnegie library for Brooklyn.

**Thaw Bad for Wheat.**

The recent thaw has been a bad thing for the wheat, as the fields in many places are nearly bare.

**Cattle Market.**

Cattle are a good price, dairy stock being especially in great demand, three-year-old selling as high as \$130, while commercial grade cow sells for from \$85 to \$100.

## TORONTO'S GROSS DEBT EIGHTY-SEVEN MILLION

City Treasurer Makes Annual Return of Civic Finances—Debentures Unsold

City Treasurer Patterson's official returns were made yesterday. They show the city's gross debt to be \$87,000,000, including the city's and taxpayers' share of local improvement expenditure. Twelve millions of debentures yet unsold are included, and these will become debts during the year. The increase in the gross indebtedness over last year is 15 millions. The net debt is \$60,664,345, being \$12,335,655 of an increase on last year.

Mrs. H. L. Mason, the retiring regent of the Lord Selkirk Chapter, I.O.D.E., was presented by some members of the chapter with a bouquet of beauty roses, and another bouquet of lilies and violets.

## MUSKETRY PRACTICE

Work of Past Week Brought Out Value of This Department

## ROYAL CANADIAN DRAGOONS TO BE GIVEN A SPECIAL COURSE AT CAMP

Lieut.-Col. Fotheringham and the staff and members of the Army Medical Corps have proved their efficiency at the Exhibition Park Camp by the prompt manner in which they met the call upon that branch of the service during the past week. There probably are many people who have only a hazy idea of the relation of the Red Cross Society to the St. John's Ambulance Corps to the work of the Army Medical Corps, which is a regular and vitally important part of the active military service.

Fotheringham states that the Red Cross looks after the provision of material and money, while the St. John's Association furnishes aid in the form of personnel. The members have been highly trained recruits when volunteering for military service. The ordinary recruits for the Army Medical Corps have to take the full course of training with which the St. John's graduates are already familiar.

**Red Cross Hospital.**

In the present war, Col. Fotheringham explains, in case the Red Cross desires to establish a hospital in France, it is necessary first to obtain the consent of the French Government for it to be opened in a certain locality. Notice must also be given to the diplomatic channels to the German Government, which is required by the Hague Convention to give orders to its generals to respect the Red Cross hospital so recognized.

Members of the Royal Canadian Dragoons are being given the advantage of a special course of musketry instruction conducted under Major W. P. Butcher, C.I.C.M., at the 2nd contingent targets at the camp.

**Masonic Invitation.**

All officers and men of the 2nd contingent who are members of Masonic lodges outside of the City of Toronto have been extended a special invitation by Zeta Lodge, O.R.G., to be present at a meeting to be held at 100 College Street in Freemasons' Hall, College Street.

**DANCING.**

Pavlova Academy Offers the Big Parisian Attraction Next Thursday Night—Nothing More Fascinating Than the Ballet Dances—The First Time in Canada.

The best attraction ever offered at Pavlova Academy is the Ballet Dances next Thursday night. This attraction was first introduced in the dancing academies and at cabaret shows in Paris, and only a short time ago did it reach the States. New York, Chicago, Detroit and other large centers are featuring this attraction every week and it has made a big hit.

For those that enjoy the pastime of dancing there certainly is no better place anywhere than Pavlova Academy. The class that patronize this place are from some of the best families in Toronto, and it is generally known now throughout the city that Pavlova Academy is the place to go to for the very best people in Toronto, and that others will be refused admission to the building. It was the policy of this academy at the start to keep it very select, and through efforts along this line Pavlova Academy has established a fine reputation.

School of Dancing in connection is an excellent place for you to learn the new dances. The Hestiation Fox Trot or the One-step is taught here in due season.

**EXHIBITION AT THE GRANGE.**

An exhibition of Daniel Powel water-colors was opened at the Grange on Saturday, by the Art Museum of Toronto, and will be open to the public for a month.

# B'Well MAKES People Feel Well

B'Well makes people feel well. It is the Greatest Blood Purifier, Tonic, Physic and Appetizer in existence. It tones up the Stomach, Regulates the Liver and Kidneys, Carries all Poison out of the System, Removes Pimples, Boils, Blackheads, Heals Ulcers and Sores of long standing. It is the sufferer's friend, Cures Constipation, Piles, General Debility, Nervous Weakness, Revives the Faint, Makes the Weak Strong and the Old Feels Young again. Words would fail to express the value of this wonderful remedy. It has cured people of diseases and complaints that have baffled the skill of some of the most learned physicians. St. Vitus' Dance, Paralysis, Locomotor Ataxia, Convulsions, Fits, Loss of Memory. In fact, it has restored people to health who have had Nervous Breakdown and saved them from the lunatic asylum, people who were thought to be in a hopeless, melancholy condition. If you are Weak, Sick, Rundown and Miserable, try B'Well. It has cured others; it will surely help you. It takes away the appetite for liquor, and is an excellent remedy for Nervous Headache caused from drink—it settles the stomach at once. It cures Gout, Inflammatory Rheumatism, Sciatica or Muscular Rheumatism, Lumbago, Neuralgia, Bronchitis, Colds.

About ten years ago a gentleman came into my office on crutches. The doctors pronounced his trouble to be Consumption, which is known better now as Tuberculosis. He had coughed until he wasted away to a living skeleton, as he was only skin and bones. He had spent \$700 traveling in the west to get dry air, \$300 with specialists in New York City without relief; he was sent to get my remedies, called B'Well and Rheumatism, by a gentleman whose leg was saved from amputation by using Rheumatism. He purchased them, and using Rheumatism on the chest externally and taking B'Well, he was entirely cured in about two weeks, and I think everyone in his neighborhood bought medicine from me. I am told the gentleman is still alive and weighs over 200 pounds. This is only one of many that B'Well and Rheumatism have cured, who were pronounced to have Consumption.

B'Well is composed of Roots and Herbs, Nature's Remedy for disease. Cannot possibly do you any harm. It cures Catarrh of the Nasal Passage, Catarrh of the Stomach, Bowels and Bladder. It is a life-saver; it is a blessing from the Most High to man in his weak condition, as it brings relief to the sufferer, and health and pleasure are sure to follow. You say it is a cure-all. I say no. If you are suffering from a Tape Worm it will not cure you, as it is not a Tape Worm exterminator, but it will expel Stomach or Pin Worms. If you know you have Tape Worm my remedy is sure. In that case you would require my World's Famous Tape Worm Remedy that has saved thousands of people from a life of misery and an early grave. There is only one way you can learn the value of B'Well—that is to try it.

The names and testimonials of people who have used it are sufficient evidence to convince the most skeptical. It would take up too much valuable space to publish them, but all who are interested can see the letters from those who have used B'Well and have been benefited; yes, restored to health and happiness, who do not hesitate to speak words of praise for what it has done for them, and no one can read them without being convinced it is a Valuable Remedy and a great blessing to humanity. My World's Famous Tape Worm Remedy is saving thousands of valuable lives, and B'Well is doing just as much for those suffering from disease, restlessness and misery, as disease is sure to vanish as a piece of ice will in the heat of the sun in mid-summer. Do not put off any longer, but send for B'Well; it makes people feel well. Price \$1.25 per bottle. Six bottles, \$6.00, by express. You pay charges.

PROF. R. L. MULVENY,  
Phone Park 4830. 167 Dundas St., Toronto, Ont., Canada.

## NO DECISION YET ON U. S. ATTITUDE

Pressure of European Situation Causes Delay in China-Japan Case

## DEMANDS STIPULATED

Diplomatists Must Ascertain Which Version is Basis for Negotiations

WASHINGTON, Feb. 20.—In view of the pressure of the European situation, the United States has postponed for a few days a decision on what its policy should be in connection with the negotiations between Japan and China.

Thus far it was stated today, authoritatively, no representations or notes had been sent by the United States to Japan or China, or any of the interested powers, although Ambassador Guthrie at Tokio and Minister Reisch at Peking have been advised of the differences between Japan's memorandum of its demands on China, as given to Great Britain, France, Russia and the United States, and the version given to the same powers by the Chinese foreign office.

The diplomatic representatives of the United States have not been instructed to discuss the matter officially with either the Japan or Chinese governments, but will learn which of the two versions is the present basis for negotiations. Administration officials who have been participating in the demands furnished by China, and those submitted by Japan, to the United States, now find that

## WOMAN SUFFRAGE MAY NOT FIND ADVOCATES

Political Truce in Legislature May Prevent Introduction of Subject

The extent to which the political truce is carried between the parties in Queen's Park will determine whether or not the question of woman suffrage will gain the consideration of the house this year. Judging from present indications it will not be on the carpet at all, but the trend of the debating on other themes may bring it up again for discussion. The fact that so many more pressing subjects are looked to causing members on both government and opposition benches to refrain from voicing their convictions for the time being.

The proposal to extend the municipal franchise, now exercised by spinners and widows, to married women, is being nursed by individual followers on both sides. The Liberals, however, would go much further by recognizing the right of all women to the vote. Two representatives, both Liberal

have in their pockets, municipal requests for increased attention to the matter, William McDonald, of West Prince, who has long advocated woman suffrage, has been asked by the corporation of Chesley to bring it up again, and J. H. Ford, of Ottawa, brings a petition from that city for extension of widows' and spinners' rights to married women.

Arrangements have been made by the Ontario Women's Suffrage Association to receive on Wednesday a large delegation from the Canadian Suffrage Association.
