	<u>\$78.08</u>		<u>\$78.08</u>

On the first of February, since the date of the Annual Meeting, special Services were held in commemoration of the renovation of the Church, and the opening of the new Lecture Room, and collections were taken on behalf of the Repair Fund, amounting to about \$90. A congregational Soiree was also held on the evening of the third of February, which proved very pleasant, and was successful financially; but the proceeds of these special Services will fall to be embraced in the next annual report. As usual, considerable sums have been raised in the congregation by extra congregational agency, which are not here reported.
