Drury Himself Is Beaten as Farmer Government Ousted

The Latest Figures From Ontario

Toronto, Ont., June 26.—The latest check-up of the returns from the Ontario provincial election with only the riding of Lincoln to hear on shows that the Conservatives have a total representation of 77; Liberals 15; U. F. O. 18; Labor and Independent 1. The Conservative party made a total gain of 54 seats, by 81 from the U. F. O., 14 from the Liberals, 8 from the Labor and 1 from the Independents.

WHAT LEADERS AND EDITORS HAVE TO SAY ABOUT IT

Toronto, June 26.—"The Government has endeavored during the campaign to carry on a clean, educative discussion of the public questions before the people. After having done so, if the people do not agree with the Government's policy, I accept their verdict most cheerfully," said Premier Drury last night.

Asked if the returns came as a surprise to him, Mr. Drury replied: "The result came as somewhat of a surprise to me, because, in my opinion, we had been getting the better of our opponents in public discussions."

The New Premier. Toronto, June 26.—"There are three or four outstanding facts about this election which must be observed," declared Hon. G. Howard Ferguson.

"First it shows that the people of Ontario are thoroughly imbued with the necessity of clinging to British practices in Government and that they would not tolerate any departure from the principle of cabinet responsibility. There has been a strong and definite movement, so much wanted of stability and lack of policy in the last Government that the public are tired of the old parties."

Questioned as to the cabinet which might be formed, Mr. Ferguson said that beyond certain obvious facts, cabinet rank and entitled to the first consideration he had not considered the matter.

The Gregory Commission, he said, would be asked to make any statement which they might care to. They will also be asked what they are doing. "In any event," said Mr. Ferguson, "they will not be allowed to continue on the present scale. They have achieved nothing, nor have they created the people's trust."

At Ottawa. Ottawa, June 26.—Right Hon. Arthur Meighen sent a message of congratulation to Hon. Mr. Ferguson, saying: "Your victory was honestly gained and is one of the greatest personal triumphs in our political history."

There was great rejoicing among the Conservatives here. Among Liberals also there was some gratification, several expressing much satisfaction over this phase of the situation. In Progressive circles there was naturally keen disappointment though some of the members of this group claimed not to be surprised. One Progressive member from the west explained the result by three ways: The result in the Manitoba referendum, the hope that the Conservatives would give Ontario a new vote on the temperance question, and the split between Premier Drury and J. J. Morrison.

Liberals and Progressives Will Each Have to Select New Leaders in Province—Drury to Tender Resignation This Week—Some of Those Likely to be in New Government.

(Canadian Press) Toronto, June 26.—Hon. E. C. Drury will, it is expected, place the resignations of himself and the members of his cabinet in the hands of the lieutenant governor this week, as the result of decisive defeat of the United Farmer-Labor government in the elections for the provincial legislature yesterday.

Mr. Drury and his colleagues in the government, many of whom were defeated in their own constituencies, in the Conservative sweep, are returning to the provincial capital today for final cabinet meetings to wind up their administration.

Hon. Howard Ferguson, Conservative leader, who is assured of the backing of at least 75 members in the legislature of 111 seats, is in the city and this morning received numerous messages of congratulation from near and far, on the return of his party to power in the province, after nearly four years in opposition.

Mr. Ferguson met several prominent Conservatives of Toronto and other cities today and is said to have pretty well made up his mind as to the composition of the new Conservative government which he will be called upon to form. It is considered certain that W. P. Nickle, K. C., of Kingston, will have the important post of Attorney-General, who has the direction of the enforcement of the much discussed Ontario Temperance Act. Hon. G. McDonald, elected in West-Wellington, was a member of a former Conservative government, and is practically sure of a place in the new cabinet. Hon. C. S. Henry, who represented Leamy, York for the Conservatives, was minister of agriculture in the Healey Conservative government, and was probably re-elected to the same portfolio in the new administration.

Hon. Thomas Crawford, who was former Speaker of the House, and is likely to be one of the "Ontarios," will probably have that honor again. As for the rest of the cabinet, Premier Ferguson is reported to have said he will have difficulty in making a choice.

For the Liberal opposition a new leader must be appointed. Wellington, Ont., leader in the last House, Hartley Dewar, a Toronto lawyer who managed the Ontario Liberal campaign in 1922, is expected to hold one of the seats in "Tory" Major J. C. Tomin, popular army chaplain member from Windsor, was all swept out of the seat by W. E. N. Sinclair, member for Ontario county north, and J. H. Fisher, a Liberal from Ottawa west, are mentioned as possibilities for Liberal leadership.

Drury Himself Out. With the personal defeat of Premier Drury, the United Farmers, who will have the third group in the legislature, will also have a new leader. Hon. W. E. Roney, who represented the United Farmers organization, and who won the seat in the last provincial election, will probably have first choice of the position. There will be one to comprise other minorities in the legislature.

Effect of the Ontario result on federal parties. It is likely to be considerable. In Alberta, as in Ontario, there have been evidences of a weakening of the United Farmers organization, and what happened yesterday will tend to aggravate the situation, which may also affect Saskatchewan and Manitoba. Once the Conservative Government is formed, the drift away from the new political organization is started, it will be aggravated by what looks like a break up in Ontario, where the United Farmers won their first political success.

Toronto Mail and Empire, Conservative.—Ontario is in the hands of its friends again. The whitest of the banners of public opinion yesterday made a practically clean sweep of the Drury Government. The combination of big spenders and little autocrats was the finest of the people of this province ever went against. Yesterday's election was a victory for the people of Ontario. Ottawa Citizen.—It should take very few years to demonstrate that something more is needed than the Conservative platform offered in this election to usher in better times. Opportunities for constructive service as opposition leader in the legislature are possibly greater than they would be as

PARLIAMENT IS TO HONOR DR. BANTING

Premier King Moves for an Annuity for Discoverer of Insulin.

Ottawa, June 26.—(Canadian Press)—The Premier intends to move a resolution in the House of Commons to provide for recognition by parliament of the work of Dr. G. Banting of Toronto, in the discovery of insulin as a treatment for diabetes. "It is expedient," says Premier King's resolution, "that parliament should give some expression of the nation's gratitude to one who has rendered such distinguished service to science and humanity and that such recognition should take the form of the vote of an annuity sufficient to permit Dr. Banting of devote his life to medical research."

Phone Strike In New England Begun

Boston, June 26.—The strike of telephone operators went into effect today in the New England states, except Connecticut. That some of the operators remained at work in this city was evident when a telephone call was quickly put through the Congress exchange to the office of the New England Telephone and Telegraph Company.

Worcester, Mass., June 26.—The telephone strike here was started according to schedule. Union officials reported soon after 7 a.m. that only 23 operators were at the switchboards while Manager C. J. Abbott said he had sixty at work. The union says 470 of the operators have quit work.

Belgian Sentries Kill Four Germans

Buer, Germany, June 26.—Four Germans were shot and killed and three others were wounded by Belgian sentries here on Sunday. It is semi-officially explained that three of the Germans were killed by a patrol of Belgian sentries of the town where travel had been forbidden as the result of the killing of three Belgian soldiers. The fourth German was killed by a sentry along the railway.

Baltic Flies The Free State Flag

New York, June 26.—The Baltic of the White Star line and of British registry inaugurated a new practice by flying the green, white and yellow flag of the Irish Free State from her foremast today on her return from her voyage to fly the flag of all the nations at whose ports she call, but previously the White Star liners had run under the Free State flag only when entering the harbor of Cobh (Queenstown).

PROBE FATALITY ON BROOKLYN "L"

New York, June 26.—A grand jury investigation into the death of seven persons and the injury of 83 others when two coaches plunged to the street in Brooklyn yesterday from an elevated structure, was started today under the direction of District Attorney Dood.

The cause of the wreck was still undetermined. Six of those killed were women. The other was an unidentified man.

"What caused the train to leave the tracks is still a mystery and may remain one," said the district attorney.

BURIED TODAY. The funeral of Mrs. D. C. Clinch was held this afternoon from St. John's (Stone) church at 2:30 o'clock. Service was conducted at the church and grave by Rev. A. L. Fleming. Interment was at Fernhill.

A cabinet minister at the present time seem, determined to rid itself completely of class Government and of the class idea in politics. In a word Ontario's farmer movement has gone the way of similar movements in the past—the way of the Populists in the U. S. and of the Patrons of Industry of the nineties—and this province returns to straight party Government. The result we are convinced will be good for Ontario. At worst Mr. Ferguson ought to be able to eliminate the log rolling, yawning, weakness and extravagance which both characterized and condemned the Drury regime.

The Halifax Chronicle.—Not only will the Conservatives have a clear majority over all; they have swept the field in a political landslide. The result will be regarded with satisfaction insofar as it tends the promise of a return to stable government, although the Conservative leader, Hon. G. Howard Ferguson, is not the type of politician to inspire public confidence. His record as Minister of Lands, in connection with the timber transactions during the last Conservative regime was far from creditable. Yet apparently the electors were willing to take any risk with him rather than continue government by a group and a situation which had become intolerable.

DELORME CASE Evidence Today Regarded as Favorable to Defence.

Montreal, June 26.—Draped around a dressmaker's dummy, the blood-stained garments of Raoul Delorme, slain college student, were exhibited to the jury when the trial of Delorme was resumed today. Step by step Dr. W. J. Derome, provincial autopsist developed his observations upon the body, which was handed over to him at the morgue.

Dr. Derome who had been looked upon as the star witness for the crown, provided the initial denotation by swearing that the body's body while cold, was not frozen stiff when he examined it. The defence stressed this point in its cross-examination with the view to establishing that the body had lain exposed only a few hours by the roadside, a fact which would absolve the priest, whose actions have been accused, from front at least two o'clock in the morning.

Dr. Derome's testimony provided incisive clashes between the crown and the defence, the latter insisting that the autopsist was merely giving his opinions and observations and not direct, admissible evidence. The amateurs used twenty-five strokes, and the professionals twenty-six, allowing the amateurs to win in medal score also.

Judgment Against Province In C. P. R. Bridge Case Here

Railway Wins First Round—Jurisdiction Over the Navigable Waters of the St. John Vested Solely in Dominion Government, Says Judge Grimmer—Case May Go to Privy Council.

That the New Brunswick Government had no jurisdiction over the navigable waters of the St. John and that this jurisdiction was vested solely in the Dominion Government was the essence of a judgment delivered here this morning by Judge W. C. H. Grimmer in the Chancery Court, in the case of the Province of New Brunswick against the C. P. R. This action was brought by the province to attempt to restrain the C. P. R. from building a railway bridge across the mouth of the St. John river, it being claimed that the bridge would impede the passage of some ocean going schooners which were in the habit of taking lumber cargoes down the river. In his judgment, Judge Grimmer refused the injunction asked by the Province and dismissed the bill with costs. Dr. F. R. Taylor, K.C., appeared for the C. P. R. and M. G. Teed for the Province of New Brunswick. It is expected that the matter will be brought before the Privy Council for decision. The bridge has been completed and is now being used by the railway.

The clearing away of this matter will now permit the city to go ahead with the completion of the paving of Douglas avenue, which was held up awaiting the decision in the case.

"THE EMPEROR OF AFRICA." BETTER WORD ON THE FOREST FIRES

(Special to Times.) Fredericton, N. B., June 26.—The department of lands and mines today received few reports from the forest fires, a fact which indicates that there are no new fires discovered and that those which have been burning for some time are making no great advance. Conditions yesterday were favorable to holding fires as there was little wind, with cool weather and showers in some places. Bear Brook fire on a branch of Little River, Sunbury county, has been found to have been started from the camp fire of a fishing party. The brush shelter which had been built has been found. Several additional arrests have taken place in connection with the forest fire in Kent county two men have been arrested for starting fires. In Madawaska county one has been arrested for refusing to fight fire.
