## Ten Years Ago

If you had begun to save Ten Dollars a month and to deposit that sum  
regularly with this Corporation, there would now have been at your credit

**\$1,437.73**

even if you had not in the meantime increased your savings, which doubt-  
less you would have done. You could very easily have done this, and a  
balance of more than \$1,400 might have been worth much to you today.

It would have enabled you to avail yourself of some of the many oppor-  
tunities presenting themselves, but for which a little capital is necessary.
