A satisfactory test of the aerial motor ladder truck was made yesterday at the foot of Hanover street, under the direction of the fire chief, George Hays. A stream of water was thrown easily strong enough to go over any local building.

Officers for the ensuing year were elected as follows: President, Dr. G. C. Corbet; vice-president, J. R. Macfarlane; secretary, William Dalton; treasurer, R. S. Leachy.

Imitated!

It is a familiar fact that no article lacking in outstanding individual merit is ever largely imitated.

It is equally true that widespread imitation is a penalty to which almost every product or principle which does possess distinctive merit must be subjected.

It is the open admission of competing manufacturers that that product or principle is a better one than any they themselves have been able to devise or originate.

If you would measure truly the outstanding superiority of RUBBERSET brushes, forget if possible every good thing you know about them from personal experience and every good thing anyone ever told you about them.

Simply think what this means: The trade name RUBBERSET and the old original RUBBERSET process of gripping bristles everlasting in hard vulcanized rubber is the ONLY brush trade name and the only KNOWN QUALITY WAY of brush making ever widely imitated in an effort to build markets for "would-be" competing lines!

Know the REAL from the imitation by seeing this trade mark shown below on every brush you buy.
