"Sleep tight! It's a hot night But Polar Cub will keep you cool!"

Cool the moment you turn it on! Deliciously, wonderfully cool! So cool you will fall asleep on the hottest night as easily as in winter weather!

Polar Cub, busily perched beside your bed; on your desk at the office; in the kitchen—anywhere, wherever you are—; will blow a refreshing arctic breeze your way. And it costs only \$7.50—a regular little electric whirlwind for just \$7.50, equipped with eight foot cord and plug. The bill for running it is next to nothing. Two speeds too—a big breeze and a bigger breeze—

So why toss and turn and lie awake these hot nights? Why swelter in the kitchen? Why endure the dead heat of heavy office air?

Let Polar Cub keep you cool. Set it anywhere. Hang it on the wall. Adjust the breeze to any angle.

Buy one today. Turn on the breeze and enjoy its grateful coolness all summer long.

SOUTH END DIAMOND Last evening on the south end playground some men and boys took advantage of the fact that there was no ball game to fill up in a small supply store. More of this work would make the diamond much tatter, and there is other needed work on trial. The defendant was committed for trial. The magistrate said he would consider whether bail would be granted or not. W. H. Harrison, counsel for the prosecution, objected to bail being granted, while E. S. POLICEMAN HAD SERIOUS TIME

Clash With Crowd Near Union Depot in Early Morning

In the police court this morning William Sharkey was charged with being a noisy quack at the corner of Mill and Main streets. He was said to be drinking, singing, threatening to fight and creating a general disturbance. The policeman went up and spoke to them, but says they paid no attention to him, so he telephoned to the North End police station for help. In the meantime the men ran towards the Union depot. Policeman Keirstead heard them and went to arrest Sharkey. The latter ran, but was overtaken by the policeman in an alley-way. He says Sharkey used abusive language and the two clinched, that Sharkey succeeded in getting the baton away from him and struck him on the head, knocking him to the ground and kicking him in the face.

By this time, the police say, the other three men arrived, but something turned their attention and they left him lying there stunned. He was found by Sergeant Murray and taken to the General Hospital, where he received treatment later recovering and went to his home badly shaken up. Soon afterwards Sharkey was arrested in Dorchester street by Sergeant McLeese and Policeman Saunders. The other man was arrested by Sergeant Murray and Policeman McParlane. In the court Sharkey had a deep cut over his eye and his head was injured. The case was postponed until the policeman is able to attend court.

Louis Daley was charged with being drunk and also with resisting Policeman Young who was arresting him. He was fined \$5 or two months in jail for being drunk and \$80 or ten months in jail for resisting the police.

Thomas Elliot was charged with being a common vagrant and was fined \$50 or three months in jail, and an additional sentence of six months without a fine.

Albert McAniff was fined \$8 or two months for being drunk. When asked where he got liquor he said he did not know. The magistrate remarked: "You are a modern Alana. How economical of truth you are." The accused was remanded to jail until he should tell where he got the liquor.

Albert Babineau was charged with an offence. Evidence was taken behind closed doors and the accused was found guilty and remanded.

A case against John Garrick, charged with assaulting Inspector Linton and also with supplying liquor to Thomas Treadwell, was resumed, but was again postponed until this afternoon. J. A. Barry appeared for the defendant.

A case against Fred Isaacs and Sarah Isaacs was resumed. The case was closed for the prosecution, and on behalf of the woman Daniel Mullin, K. C., who appeared for her, produced a certificate of insanity. The magistrate dismissed the case as evidence was produced that the defendant was not guilty of the offence charged.

A case against Arthur Baccham, who was charged with stealing goods from the store of W. H. Thorne and Company, was resumed. The magistrate said on showing that the defendant was not sufficient to send the defendant up for trial. The defendant said he would consider whether bail would be granted or not. W. H. Harrison, counsel for the prosecution, objected to bail being granted, while E. S. Ritchie, for the defendant, asked that bail be allowed.

MOTOR BOAT STOLEN A motor boat owned by James Holly & Sons, Ltd., lumber surveyors, 23 Main street, was stolen from its moorings on last Saturday night and has not since been seen or located. It was an open boat about twenty-two feet long, painted white and with a large Essex engine. The boat was used by the firm in their business operations and its loss is causing considerable inconvenience. Motor boat owners about Indian town are having a trying time, due to the action of some young men who have been loitering about there drinking. On more than one occasion they had to be chased from boats where they were caught tampering with engine or propeller.

PUBLIC UTILITIES COMMISSION At the monthly meeting of the Public Utilities Commission this morning in the provincial government rooms, a petition was heard from the Cable, Water & Power Company asking permission to increase the schedule of hydrant rates for the town of Milltown. The petition was presented by Messrs. Cockburn and Harold Murchie, while N. Marks Mills was present in the interests of the citizens of Milltown. The matter was discussed and was laid over until the August meeting of the commission.

G. O. Dickson Oby was in the chair and the secretary, Fred P. Robinson of Fredericton, and Commissioner Council of Woodstock were present. Another meeting is to be held this afternoon for routine business.

THE MATTER OF JOHN PARIS John Paris, who was held here by the police, was taken to Sydney by Detective Sergeant Detective Power, some time ago was informed that this man was wanted by the Sydney police, and knowing where he was, wired them to this effect, receiving an answer to hold him, that he was wanted on a charge of robbery and that they would send an officer over to get him at once.

Some time previous to this the military authorities wanted this man also and on instructions, Sergeant G. James and Lance Corporal J. Gallant of the Canadian Military police corps, arrested him. This arrest was made purely for the military office.

When the detectives got their instructions from Sydney they asked the military authorities to hold this man, which they did, but later telephoned that unless he was taken away immediately they would not hold him any longer. Being advised of this Sergeant Detective Power and Detective Donahue relieved the military police of their charge.
