igion in our Schools. nce and spread of scarlet fever among the children of this city should awaken an anxious con-sfession. It is unnecessary to ccurrence of these cases is exe fact of direct contagion. No particular views may be advanced he modus operandi of the poison ieve there are any, at all acquain diseases in question, who would say that they are not communiince not amenable to ordinary neasures. But, notwithstanding belief shared in by the most ortions of the lay community, we iseases cropping out in the schools inder the very eyes of the teachers, any apparent effort og their part spread. When a child carries a lisease from his school to his is always houble and anxiety and not unfrequently death, be ager of the propagation to other the family and among the neighren. In the absence of sanitary our schools, it may seem hardly urge upon any extra duty to supply ney; but we are convinced that ttle trouble on their part, a great can be accomplished. And after every scholar, and being the first

particular the teacher is the fittest t, being always in direct communied of any illness. It would seem simple task to send the ailing and at the same time to assume, luring epidemics, that the sickness contagious character. Neglect of tions causes the sacrifice of many es yearly; and se long as teachers it they have no moral obligations in we can hardly hope for any change. the most contagious diseases the fection during the initiatory sympaparatively elight. This certainly rest possible argument in favor of quarantining of a suspicious case. e allow that, with the right dispo part of those who have charge of , much disease may be prevented ther element in the question, and is more difficult to meet, because, e beyond the control of the teacher: the premature appearance at school o have been the subjects of these seases. It is well known that the opagation lingers in many of thes, ing after convalescence has comnd as such a fact is one of the ags for ignorant parents to apprecis no wonder that, many times, the rous poisons are sown broadcast.
