The foregoing was signed by residents of Newcastle including its clergy, and leading citizens upriver, in Douglastown and elsewhere.

At a meeting of the committee of the whole, held in the committee room of the Town Hall, Monday evening, the Town Council, notified of said Robinson, seconded by said Snowball, unanimously adopted the following resolution:

"Whereas, it is desirable to establish a uniform time on the Miramichi; and

Whereas, Newcastle and other sections of the county have expressed a willingness to adopt a time thirty minutes faster than Eastern Standard time; that this council adopt, as the time for the Town of Chatham, a time thirty minutes faster than Eastern Standard time and that the Mayor and Town Hall be instructed to ring the bell at ten o'clock, this being the time at which thereafter, according to that time.

T. M. GAYDON, Town Clerk.

Chatham, Nov. 22, 1898.

The clergyman, school authorities, banking people, manager of the Miramichi Steam Navigation Company's boats and others in Chatham have agreed to adopt the new time, which beginning this morning will be indicated daily by Mr. Goring's regulating clock at his watchmaking establishment on Water Street. It will be exactly six minutes slower than the time that has been kept by him heretofore and by which the "Nelson" has been run.

Everybody will be glad that the confusion which has heretofore existed on the Miramichi because of the different times kept at Chatham and Newcastle times is, at last ended.
