HUSBAND TOO LOVING. Young Woman Thinks His Mind Must Be Affected and Applies to the Police.

NEW YORK, Feb. 18.—Trembling from excitement, a young woman who lives in the Holland House, but whose name was refused, entered the London police station at half-past nine o'clock last night and asked Sergeant Place if she could speak to him privately. Place said he would see her in his private room.

"My husband has been acting so strangely for several days," she said, "that I believe his mind is affected."

"What has he done?" queried the sergeant. Blushing deeply, she told

him how her husband had frequently expressed his belief that she was a witch.

"He must be out of his mind, for his treatment of me is atrocious," she added.

Sergeant Place suggested that it might be well to have him arrested, but she would not hear of such a proceeding.

"We come of good families, and the slightest notoriety would bring disgrace upon us," she said. Sergeant Place said he could not do her and she left.

The cells in the central police station sheltered last night 20 catmen and stowaways who reached port on the two steamers which yesterday came to St. John. The claim to be without means or friends here.

OTTAWA NEWS.

OTTAWA, Feb. 18.—There are said to be eighty applications for the position of usher of the black rod in the senate.

The cabinet ministers met in council this morning. During the next couple of weeks there will be daily meetings of the council to arrange the business of the session of parliament. So far little has been done.

It is reported that the striking paper makers are negotiating with Eddy for a settlement, under which the men can return to work with a slight increase in wages.

The department of marine and fisheries is arranging to dispatch another vessel to Hudson Bay in the spring to convey supplies to the mounted police under Superintendent Moore at Churchill Island, and to the officers and crew of the Neptune, who are wintering in that northern region.

The action of British Guiana in giving ten per cent. preference to Canadian goods is greatly appreciated here. It will not be necessary for our government to retaliate.

British Guiana has enjoyed the full advantage of Canadian preference since 1898. The department of commerce is limited to the monthly statements of imports and exports for December, as well as for the six months ending in December.

Of exports of Canadian produce to the motherland there is a regrettable falling off to the extent of \$4,000,000, while to the empire generally the decrease is three and a quarter millions. The total exports to the United States for six months amounted to \$10,444,885, half of million more than in the corresponding period last year.

There is a great increase in the imports in the past six months, the total being \$10,444,885, or an increase of eighteen and half millions. The imports from the motherland increased four and a half millions.

Imports from the United States increased \$1,000,000, principally sugar. Imports from Germany fell off \$1,000,000. Of the imports from the United States on dutiable goods alone there was an increase in round figures of over five million dollars, and on free goods of six and a half million dollars.

SPORTING NEWS.

HOCKEY. There will be two games of hockey tonight in the Queen's rink. These games are the last in the provincial league that will be played in St. John against outside teams.

The first game is between the St. John's and Fredericton, 3 to 1, but we are sure of evening matters up tonight. They will have their best team on the ice, the line-up being from the following players: Sears, goal; Fairweather, point; Inchee, cover point; Bailey, Moore, McLeod, Townsend and Murray, forwards. The game will be called at eight o'clock sharp, and is sure to be a good, fast, interesting game.

The second match is between the Neptune and Maryville, and will undoubtedly be one of the best games of the season. The Neptune defeated Maryville on their own ice by a score of 2 to 1, and undoubtedly the visitors will do their best to even matters up tonight. The local boys are confident, however, and expect to win again.

Backs of the team. Special to the Star. SACKVILLE, N. B., Feb. 18.—Sackville took the Maryville Crests into camp tonight, pulling up six goals to the Crests' one.

The game was witnessed by a fairly large crowd, which was kept in a state of excitement throughout, although the match was by no means as good hockey as has been seen here before. Fullerton's work in goal was the feature of the Maryville game.

WINTER PORT

Every berth at Grand Point was occupied yesterday afternoon, but early this morning the C. P. R. wharf and No. 1 berth were vacated by the Florence and Manchester Commerce. The Manchester City is expected here within a day or so, which will again fill up No. 1. The Montrose, now at No. 2, will probably have made room for the Allan liner Scyllian, which is due here Sunday or Monday, unless the Montrose gets away before that time.

There are two steamers on the eastern side of the harbor. The Montague is at lower government pier, and the Alcides farther up the harbor. The Alcides will move into No. 4 as soon as the Concordia departs.

The Donaldson liner Alcides, Capt. Horsburgh, from Glasgow, arrived off Partridge Island at 6 a. m. yesterday. She left the other side at 4 p. m. on the 16th. Bad weather was experienced the greater part of the passage. The wind was mostly from the eastward and northeast. A lot of snow fell. The Monday after sailing from Glasgow, the Alcides was at the lower government pier, docked in the afternoon at the corporation pier.

The C. P. R. str. Lake Michigan, Capt. Owen, from St. John via Halifax for London, passed Isle of Wight on the 18th.

The Furness str. Florence, Capt. Williams, left last night for London via Halifax. She took at St. John's coal, extract and flour, and will fill up with apples at the port of call.

The C. P. R. str. Montserrat, Capt. Parry, arrived yesterday from Avonmouth with about 700 tons of cargo. She berthed at the lower government pier till there is an opening for her at Sand Point.

FREDERICTON NEWS. FREDERICTON, Feb. 18.—Miss Maryanna Coleman, daughter of the late Fred B. Coleman, died at the Barker House tonight after four weeks' illness of a complication of diseases. The young lady's death will be deeply regretted by a large circle of friends in St. John as well as Fredericton.

Ymcaeror announced the corporation of the city of Fredericton will present an address to His Excellency the Governor General on the occasion of the centenary celebration of his birth. A large number of distinguished public gentlemen, including Sir Wilfrid Laurier, Hon. A. G. Blair, Hon. L. J. Faver, speaker of the senate, and Hon. J. D. Phillips, members of the executive of New Brunswick, members of the legal profession, and others, are invited to be present. Immediately after the civic address is presented, Mr. Phillips, on behalf of the people of Richibucto, will present an address of congratulation, and at five o'clock the Ymcaeror, trustees of St. Paul's Presbyterian church will present him with an address on behalf of the congregation, with which he has been connected since 1872.

SOLVED BY A NEWSBOY. (From the Brooklyn Eagle.) They were two little newsboys and they had just taken tickets given them for a newsboy's dinner. The two got together in a corner to admire the tickets and comment on their good luck. "P. Just like a growing colts, invitation," said one. "But what's this mean at the bottom?" The other shrugged over his shoulder. "You know search me," declared his companion. Just then a third boy appeared on the scene and to him the others appealed.

"Aw, Grimsby!" they shouted, "tell us what this means." Grimsby approached and took one of the cards in his grimy paw. The boys pointed to the puzzling N. B., and for an instant Grimsby was silent. He drew it out, showed his ignorance. Instead he eyed the invitation while thinking diligently. "Then I got it," he declared accurately. "What's that matter with you kids. Any bloke would know that meant, No but."

"But what's it there for?" asked the others in a breath. "Aw, you make me tired," grumbled Grimsby, with an air of superiority. "What could it mean but that the N. B. means No But? You see, you are, but that you won't be allowed to unfatten no buttons."

And he turned to pointing to the thoroughly enlightened children behind him to wonder at his knowledge.

WE OFTEN DO IT. (From the Brooklyn Eagle.) The man was walking at a moderate gait, apparently in no great hurry when he reached the corner. He had leisure to pause there for a pretty woman. Then he started across the street.

Two wagons, a cable car and a fire engine were coming and the man quickened his pace. He could have stopped to let them pass but he had no time to spare now.

He dodged in front of two wagons and found room to wait for the cable car to pass. But he couldn't wait, he had suddenly been deprived of all leisure.

He estimated speed and distance at a glance, bolted in front of a car continuing wildly across in front of the engine and reached the opposite curb on the run. He was in desperate haste or he never would have done this. He stood watching the fire engine until it was out of sight. Then he went leisurely about his business, again having ample time for all he wanted to do.

If we could only stand aside and watch ourselves in many of the trifling affairs of life, what impulsive and unreasoning fools we would find ourselves to be, for each absurd thing as this is happening every day. Most of us risk our lives for haste when we are in no hurry.

A correspondent writes to say that the political thirteen puzzle has been exhausted. He points out that there are thirteen letters in "Colonel Tucker," "Colonel McLean" and "Henry Emerson," and also in the phrase "Ox cannot wait."
