SPORTING MATTERS

EXCITING FINISHES MARK RACES AT MOOSEPATH PARK YESTERDAY

El Galo Captures 2.17 Trot and 2.20 Pace, Prince Alfordly Second—The 2.12 Trot and 2.15 Pace Goes to Louise E., Northern Spy Second—Time in Each Race Not as Good as Expected

Yesterday's races were postponed, draw a record-breaking crowd to Moosepath Park and while the events went through in short order, there being no division of winning heats, both classes were marked by beautiful trotting and exciting finishes. The field of horses was equal to anything previously seen on the track in such classes while the entries for tomorrow guarantee excellent sport. El Galo and Louise E., both from across the line, were winners, and indeed the United States horses carried off the most of the honors. The attendance was estimated at four hundred, remarkably large for Moosepath. The track was in perfect condition and the weather all that could be desired. Five cars left the depot at two o'clock, but there were enough people on board to fill three other cars if they had been available. Today's attendance will, it is expected, be much larger.

Only five heats were necessary to decide yesterday's events, one heat in the 2.17-2.20 class having been won by El Galo on Wednesday. The time was not particularly fast, in view of the favorable conditions.

Two heats, the second and third of the 2.12 class were closely contested.

THE 2.12 TROT, 2.15 PACE.

As one heat of the 2.17 trot 2.20 pace had been run off Wednesday, the starter yesterday first called the 2.12 trot 2.15 pace. In this there were six entries and six starters, Lady Bingen having the pole. They got away well bunched on the second score and Northern Spy quickly took the lead. Before the half was finished, Miss Letta had passed the grey gelding, and held the lead to the finish, without any serious difficulty. Warren entered a protest—which was not allowed—against Miss Letta.

AN EXCITING HEAT.

The second heat was one of the most exciting ever trotted on Moosepath. At the first turn Northern Spy by a fine burst of speed took the lead, with Miss Letta only half a length behind. The latter at the quarter had by steady

did not seem to be forced in winning. SLIGHTLY THE FASTEST.

This third and final heat, uninteresting excepting as an exhibition of pretty trotting, was slightly the fastest of the race.

El Galo took first money, Prince Alfordly second, Guy F. third, and Meadowdale fourth.

The highest score of all those shooting is 195, and the highest Canadian score is 192.

SERIOUS RUNAWAY IN A BUSINESS SECTION

Pluck of Driver Prevents Animal From Running Into Crowd

What might have been a serious runaway accident, but for the pluck of the driver, Gordon Campbell, occurred yesterday afternoon.

Mr. Campbell, who is a teamster for Charles Bustin, was driving down Germain street, when at the corner of King and Germain streets the trace broke and the horse, a high spirited animal, started to run.

Mr. Campbell's left side was scratched quite badly. Crowds of people were on the street when the runaway took place and had Mr. Campbell not been able to stop the animal there would probably have been serious consequences.

EXMOUTH DEFEAT PORTLANDS

There was a small attendance on the Victoria grounds last evening when the Exmouths defeated the Portlanders by a score of 10 to 3. The errors made by the North Enders along with their inability to bat Michael, the Exmouth twister, and some fair hitting by the Exmouths, was the cause of the latter's victory. A couple of double plays were features in the game, and one of these was made by Ramsey unassisted.

The following is the score, hits and errors:

FOLLOWED HER MOTHER'S EXAMPLE.

AND KEPT DR. FOWLER'S EXTRACT OF WILD STRAWBERRY IN THE HOUSE.

Mrs. W. J. Wilson, Tesler, Sask., tells of her experience in the following words: "I wish to tell you of the good I have found in Dr. Fowler's Extract of Wild Strawberry. Last summer my little girl, aged two years, was taken ill with Summer Complaint, and as my mother always kept Dr. Fowler's in the house, when I was a child, I seemed to follow her example, as I always have it also. I at once gave it to my baby as directed and she was at once relieved, and after a couple of doses were taken was completely cured."

Dr. Fowler's Extract of Wild Strawberry imparts a healthy tone to all mucous surfaces, corrects and heals all forms of canker and counteracts all tendency to pain and inflammation, while it gives tone to the debilitated system when weakened by exhaustive discharges and fluxes of whatever nature, thus making it the best and safest remedy for Diphtheria, Dysentery, Colic, Cramps, Pain in the Stomach, Sea Sickness, Cholera Infantum, Cholera Morbus and all Summer Complaints.

MAY NOT SELL LOTS AT PRINCE RUPERT THIS YEAR

VANCOUVER, B. C., July 24.—A hitch has occurred between the Grand Trunk Pacific and the provincial government in consequence of which it is doubtful if any Prince Rupert lots will be sold this year. The Grand Trunk Pacific asks for 17,000 feet of water front in a continuous line, while the government says this is all there is. Under the agreement the government is entitled to every fourth lot in the townsite, and demand that this apply to the water front also. The result is a deadlock.

FISHERMEN RESCUED IN THE NICK OF TIME

HALIFAX, July 24.—Completely exhausted, having been without food or water for two days, two Gloucester fishermen, Neil Hawley and Alfonso N. Hawley, both of the American schooner Senator, who strayed from their vessel in the fog on the banks, were picked up by the Spanish training ship Nautilus and brought to Halifax today. They are now being cared for aboard the ship, and will be turned over to the United States consul tomorrow.
