

HON. DR. BAXTER SENDS BALL OUTFIT TO BOYS AT FRONT

As a result of a letter received from Charles R. Humphrey of the St. John Signalers now at the front Hon. J. B. M. Baxter has forwarded to the St. John boys a baseball outfit. Any other citizen who wish to send baseball material or tobacco to the St. John boys at the front should communicate with Hon. Dr. Baxter at once. The letter received from the trenches is as follows:

May 9, 1915.
J. B. M. Baxter, Esq.,
West St. John, N. B., Canada.

Dear Sir:
We St. John boys with No. 1 section of the Divisional Signal Company are taking the liberty of writing you to know if you would be kind enough to procure for us enough baseball material to enable us to have a little game once in a while. At present we are resting and refitting after the big battle north of the Ypres. We were watching a game of soccer tonight and it gave us a great longing for the best of all games the good old baseball. Sliding into bases is good practice for sliding into ditches and dodging behind trees when we see shrapnel burst or hear those "coal boxes" coming. "Coal boxes" are big shells, which give off a very black smoke when they explode. We have dodged a good many during the last two weeks. If you would like a German helmet we will get one for you.

We would like to tell you some of our experiences but the censorship is very strict. Hoping this will not cause you too much trouble we are
Yours sincerely,
ST. JOHN BOYS
WITH DIV. SIGNAL CO.

RECIPE TO DARKEN GRAY HAIR

This Home Made Mixture Darkens Gray Hair and Removes Dandruff.
To a half pint of water add:
Bay Rum 1 oz.
Orlex Compound a small box
Glycerine ¼ oz.
These are all simple ingredients that you can buy from any druggist, at very little cost, and mix them yourself. Apply to the scalp once a day for two weeks, then once every other week until all the mixture is used.
A half pint should be enough to darken the gray hair, rid the head of dandruff and kill the dandruff germs. It stops the hair from falling out, and relieves itching and scalp diseases. It promotes the growth of the hair and makes harsh hair soft and glossy.

sister, told of seeing Waltham beating Menett. The assault took place on Lansdowne Avenue and when she testified Waltham said, "If a man attempts to attack me, I'll kill him."
Corporal Redfern and Private Pennington of the station company, testified to seeing Waltham beating Menett. The case was adjourned until Friday.

One drunk was remanded, another was fined \$5 which was allowed to stand against him on a promise that he would take the pledge for a year. A third drunk was offered his liberty if he would enlist, he refused to become a soldier and fight for his country and was sent to jail for thirty days to work for the city.

A report against Agnes Danaher for selling beer on May 21st without a license, was stood over till Monday. G. H. V. Belyes appeared for the defendant.
William Mulcahey and Russell Kelstead, charged with stealing \$250 from Joseph Welch, were committed for trial. E. S. Ritchie appeared for Mulcahey and G. H. V. Belyes for Kelstead.

WEATHER RETARDS PLANTING.

"The weather conditions have retarded the farmers in their planting," said George B. Jones, M. L. A., of Apohaqui, who was in the city yesterday. "The rain has made the ground very wet, and it has been hardly fit to work at any time. Some of the farmers in Kings county have some seed in and with fine weather much more ground will be placed under crop in the next week."

"Business conditions in Kings county have been very good in spite of the war. We do not seem to be feeling any depression there yet. It was a good year for the lumbermen. Practically all the drives were gotten out without difficulty and we look forward to another prosperous year."
Mr. Jones came to the city yesterday morning and returned home on the midnight express.

SUFFERED FROM BILIOUS HEADACHE.

At Times Thought She Would Go Mad.

Headaches are one of the most aggravating troubles a person can have. They are many and varying, but when the headache starts you must be sure that there is some other chief cause of this most painful difficulty. The stomach may go wrong, the bowels become constipated, the blood may not circulate properly, but the presence of the headache clearly shows that there is some other baneful disease which is liable to assert itself unless the cause of the headache is removed. Get rid of the headache and thus perhaps save yourself many years of trial and suffering.

Burdock Blood Bitters has, for the past forty years, been curing all kinds of headaches, and has also proved itself to be a remedy that cures where all others fail. It does this by removing the cause of the trouble.
Miss Mary A. Roberts, Hampton, N.B., writes: "For about two years I have suffered from bilious headache. At times I thought I would really go mad. Not long ago a friend advised me to try Burdock Blood Bitters which I did, and after taking three bottles I have never been troubled with any kind of a headache. I think that B.B.B. is one of the wonders of the world. I can safely recommend it to all who suffer from bilious headache."
Burdock Blood Bitters is the oldest and the best known blood medicine on the market to-day, and is manufactured only by The T. Millburn Co., Limited, Toronto, Ont.

Thin Folks Get Fat On Three Meals a Day

Specialist Explains Why Food Does Not Always Produce Flesh and How Thin People Can Increase Weight.

Most people who are thin and under normal weight eat heartily but get no increase in flesh, while plump, chunky folks of normal weight eat less than they do and keep stout all the time. The underweight ones finally decide Nature intended them to be thin, that the amount or nature of their food has nothing to do with flesh, making and that nothing can make them fat. But this is not so.
A stout, strong, robust body can come alone from food nourishment. Food is the source of all fat and if you are thin and underweight it is merely a certain indication that only a small portion of the flesh-making nourishment in your meals is reaching your blood and tissues. The assimilative functions of your stomach and intestines are not working properly and the larger part of the food value is leaving your body as waste.
To correct such a condition, to gain flesh, increase weight and get 100 per cent value from your food, a single Sargol tablet taken at each meal will work wonders. Sargol is a scientific combination of six splendid assimilative agents. It promptly stops the leakage of fats and while aiding digestion, also separates every last particle of the fats, oils, sugars and starches of your food from the waste matter and prepares the former into rich, ripe, flesh-producing nourishment which the blood readily absorbs and distributes throughout the body. Weight increase usually begins within a very few days after Sargol is used with meals. In my opinion two ordinary hearty meals eaten with Sargol is equal in flesh-making value to six ordinary hearty meals eaten without it. Try it, you people who are thin, run down and underweight, and see if I'm not right.
You can buy Sargol from practically any druggist hereabouts and every package contains a positive guarantee of weight increase or money back. While also valuable as a treatment for nervous indigestion, it should not be used by people who do not wish to increase weight.
