Fredericton, March 17.—(Special)—The Fredericton board of trade at a largely attended meeting this afternoon decided to memorialize the lieutenant governor against the proposed transfer of the military headquarters from this city to St. John. The following is a copy of the telegram adopted by the meeting and forwarded to the minister of militia, Hon. Mr. Blair, Alex. Gibson, M. P., and Senator Thompson, at Ottawa.

Hon. Sir Frederick Borden, Minister Militia, Ottawa (Ont.).

The Fredericton board of trade, in meeting assembled, with to protest in the strongest terms, but in a most respectful way, against the removal of the military headquarters of New Brunswick from this city to St. John.

Since Confederation, Fredericton, with its strategic position, has been the military headquarters of this province, and this board understands that the change now proposed is solely to suit the personal convenience of the district and not for the benefit of the province as a whole. # A GEORGIA JUDGE WAS ALARMINGLY AFFLICTED WITH CATARRH OF THE LUNGS. CURED BY PE-RU-NA.

JUDGE DURHAM, OF GREENSBORO, GEORGIA.

Catarrh of the Lungs is the First Stage of Consumption.

So All Medical Authorities Agree.

Judge Durham, a well-known local judge of Greensboro, Ga., had an experience with Pernu-voll worth relating. A report had become current among the judge's friends that he was threatened with consumption. It was feared for the time that Georgia was to lose one of its most prominent and influential citizens.

It was also reported that the judge had failed to get any relief from any of the medical aid at his command, that he had made use of the new world famous

"I continued using Pernu for a short while, and have never felt the least symptoms of catarrh since. Pernu is certainly a good medicine, and deserves the highest praise which is given it by the general public."

Judge Durham has been Secretary and Treasurer of the city of Greensboro, Ga., for the past three years, and has been a local judge for ten years.

Bread Consumption.

There are three roads which lead from health to consumption. One of these roads pass all of that great multitude of people who die every year of consumption. Each road begins with health and happiness and ends with disease and death.

First road: a slight cold—neglected—settles in the head or throat—chronic catarrh—extends to the lungs—consumption—death.

Second road: a slight cold—neglected—settles in the lungs—cough gradually growing worse—consumption—death.

Third road: a cold—neglected—settles in the throat—hoarseness—short breath—consumption—death.

Thousands have just started on one of these roads, all of whom could be easily cured by Pernu. Thousands more are half way to the fatal end of one of these roads who are still curable by a course of treatment by Pernu. Yet other thousands are near the end, and who days could be made bearable and hope of recovery more probable by commencing Pernu without delay.

# It's Wrong to Stay Sick.

Here is the utmost that medicine can do. I know it so well that I supply it on trial. All I ask is a postal card—no money wanted. You are wronging yourself by delay.

How Thousands Get Well.

I have actual records of over half a million chronic cases which I have cured in the past 12 years—cured them with my Restorative—cured them on just the terms that I offer you.

My offer is this:

Simply mail me this coupon, and I will mail you a postal card which tells you how to get well. I will then mail you an order on your druggist for six bottles of Dr. Shoop's Restorative. You may take it a month or a trial. If it succeeds, the cost is \$5.50. If it fails, I will pay the druggist myself. And your mere word shall decide it.

My Restorative is the leading remedy of the world today. I have furnished it on those remarkable terms to nearly 500,000 people, and 39 out of each 40 have paid for it gladly, because they were cured. In practically every neighborhood everywhere there are cured ones telling others about it.

There are 39 chances in 40 that it will cure you, and I'll take the entire risk.

The Only Way to Cure.

Most chronic diseases the only way to cure is to strengthen the inside nerves. Remedies that merely doctor the weak organs may seem to bring brief benefit. But real results come only when we restore the inside nerves. This is the power which operates the vital organs, which reveal organs can do its duty until that nerve power comes back.

My Restorative does that—always. I have spent a lifetime in perfecting it, and this one purpose. It treats a weak organ as you would treat a weak engine—by giving it more power. It does all that is needed, and does that which must be done, whether the trouble is little or severe.

OUT ON THIS COUPON.

For me all I resolve to send for something, but forget. Mark the book desired and mail this with your name and address to Dr. Shoop, Box 11, Racine, Wis.
