The Daily Tribune.
 J. L. STEWART, EDITOR.
 TUESDAY EVENING, APRIL 28.

The Nominations.
 We have little respect for the system of making nominations that prevails in St. John, and we are surprised that an effort at reformation is not made. The meeting of last evening, called on the circular system recently prefaced by the "Reformers" was a pretty fair representation of the various sections of the opposition and the different classes of voters. There were men of all trades, religious creeds, and professions, from every Ward and Parish, and the selection made by the nominating committee, and approved by the meeting, is the selection that would have been made, from the materials presented, by a convention of duly elected delegates.

There is some dissatisfaction with the ticket, the most dissatisfied being the friends of one who never was publicly mentioned as a candidate for the Legislature—one whose qualifications for the office are so small and his claims on the educationists so weak that he was never thought of outside a clique of wirepullers as a possible candidate. The origin of this clique shamelessly attempts to get a reiteration of the nominations for the purpose of endeavoring to get its man substituted for Mr. Keans. Its crooked courses have been found so profitable, we suppose, that it cannot be held loyal to any principle, or any party. Mr. Keans is one of the best men that could be sent to the Legislature—honest, experienced in public business, an earnest worker, a good man. The Free Non-Sectarian School party of St. John can elect Mr. Keans. The party is not so weak in number or so demoralized as to throw Mr. Keans over for one who only claims to be the candidate of his supposed "popularity." The nominations have been made as fairly made as is possible with the imperfect machinery employed for such purposes in St. John—and must be adhered to. Any weak-kneed yielding to complaints will be followed by the repudiation of the whole concern and the nomination of a new ticket. The ticket can and will be elected. Hoping the members of the party that will result in the return of two or three of the candidates of the minority.

Red Granite and the New Post Office.
 The Macdonald-Tilley Government approved of a handsome plan for the new St. John Post Office, and the St. George Red Granite Co. was contracted with for pillars with which to adorn the front. Mr. Fellows, on behalf of the Company, called upon Premier Mackenzie the other day and was indignantly told that the Government didn't want its red granite pillars. Mr. Fellows explained that, in accordance with arrangements made by Hon. Mr. Laggan, the pillars had been quarried and dressed and were almost ready for delivery. The Premier repeated that he didn't want them—and wouldn't allow them to be used in the building if he had to accept them in consequence of his predecessor's engagements. Mr. Fellows went to Mr. Burgess and Mr. Burgess sent him to Mr. Smith. The Ottawa correspondent who sends the account of the matter says that the Minister of Marine could not suppress all the indignation he felt at the conduct of his chief, and promised that he would "see full Maritime interests were to be trodden on in this fashion." The second Mr. Fellows gives of his interview with the Premier is said to be very amusing, but rather discouraging for those who contemplate calling on the Premier. We should like to have a verbatim report of this interview, and of the conversation between the Premier and Jeremiah Travis, Esq., when the latter finally applied to have a sliding scale at his disposal. The helplessness of the Maritime members of the Cabinet excites the pitying contempt of everyone who goes to Ottawa on business with the Government. If to-morrow was election day how many "Reformers" would be returned from New Brunswick and Nova Scotia?

Mr. Palmer, it appears by the journal, has given notice of the following motion—
 Address to His Excellency the Governor General for a statement of the amount expended on the extension of the Railway between Shediac and St. John to the Ballist Wharf at St. John, with an estimate of the amount that will be required to complete the work; also copies of all estimates of the cost of the right required from the city of St. John for the terminals; also copies of all notices and correspondence between any of the officers of the Corporation of the said city and the Government in relation to acquiring such right; also all correspondence with any person for the purpose of acquiring the right necessary for a deep water terminal at any other point in the said harbor, with a copy of all plans and estimates for acquiring the necessary right, and the holding of the works necessary to carry out such project.
 This address, if honestly responded to, will give the public much useful information—information that will show the hollowness of the pretences for abandoning the Ballist Wharf terminals.

The Government has refused to continue the mail service from St. John to Digby and Annapolis, having offered Messrs. Small & Hathaway a mere pittance, some \$4,000 less than they have been getting, for carrying the mails across the Bay. The Postmaster General says the mails will be carried by the way of Amherst and Halifax, as it will not take but two days. This, he thinks, is an accommodation enough for St. John. How the people of St. John are growing to love this Government!
