

Wanted

A few

good

minds

Engineering minds. Business minds. Computer science minds. Minds to join a team that's designing and marketing leading-edge telecommunications services for New Brunswick and the world.

We're NBTel. A recognized leader among telecommunications companies in Canada — providing our customers with voice, data, video and interactive multimedia services.

If you're an engineering (electrical or industrial), business or computer science student in your last or second last year, we can offer you an attractive career with all the benefits that make NBTel one of the top 100 companies to work for in Canada.*

*Financial Post

All good minds are invited to our career seminar:

Date: Tuesday, September 26

Time: 7:30 pm

Place: WU Conference Centre
Kent Auditorium

Light refreshments will be available.
