Catalogues or information cheerfully furnished by the Agent in your district. Write him to-day.

THIS
SEED-BOOK
FREE

If you are interested in good farming and gardening you should at once secure a copy of **The Rennie Seed Annual**. It is a well illustrated publication, well worth having, and easily gotten: a postal card will bring it you. Send for your copy to-day.

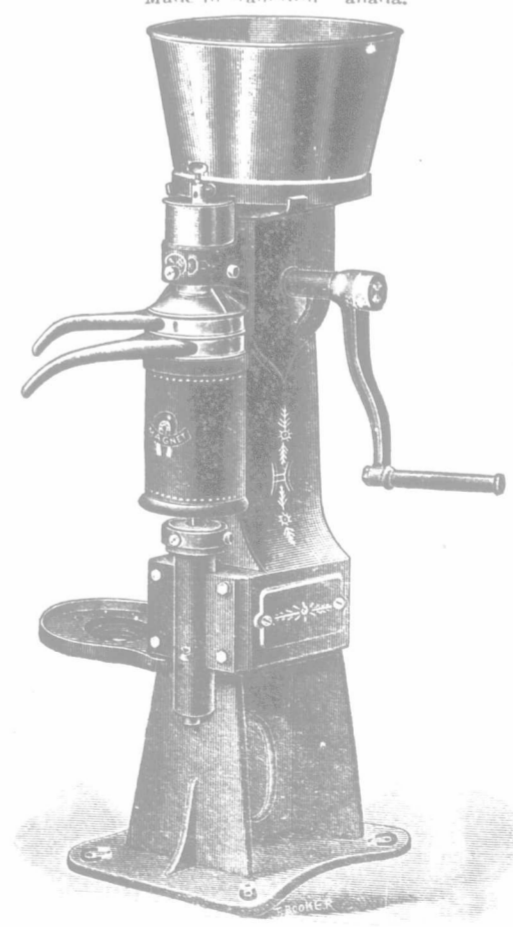

Wm. Rennie & Co. Limited

(Western Branch) 278 Market Street East WINNIPEG

Magnet Cream Separators

WE ARE HERE AT LAST

For the past nine years the MAGNET has been made and sold entirely in the Eastern Provinces, and although we have been in five different factories during that time, we were not in a position to supply the West, owing to the great demand for the MAGNET in Eastern Canada. Made in Hamilton, Canada.

Pretty solid looking separator

Our factory capacity at present is over 50 complete MAGNET Cream Separators each day, and we are now situated at Winnipeg, with machines to supply the dairymen of the North-West with a first-class, up-to-date Cream Separator.

The MAGNET is awarded first prizes against its competitors wherever exhibited.

Notice the bowl of the MAGNET is supported at top and bottom. This is an undisputable fact that the MAGNET bowl will run steadier and last longer than any other make of machine.

The MAGNET one piece skimmer will give better separation and purer cream than the complicated devices which are on the market.

Write for full particulars and calendar.

AGENTS WANTED
