The lecture "Ups and Downs in Winnipeg," by Rev. W. E. Beese, in the Evangelical Church last night was largely attended, and proved to be an interesting entertainment. Rev. Mr. Beese is a speaker of some merit, and his address pleased a large audience. The fact that Rev. Mr. Beese is the son of a former resident here, made this lecture all the more interesting.

Did you see that supposed joke in the paper the other day where the consumer ordered a dollars worth of meat from the butcher. The latter asked where he could leave it if they were not at home when the delivery wagon called. "Just shove it threw the key hole," said the consumer. This may have caused a smile but it is a grim reality, for a dollars worth of meat now a days would go through an old fashioned key hole.

Farmers here are still ploughing and discing, getting their ground ready for next year. We had a fairly good crop in this part of the country, some of the wheat averaging 40 bushels per acre, but of course not all over. I have never seen such lovely weather for this time of the year." Obituary.
The death of Mr. George Schweitzer on Friday evening of last week, has brought sorrow into a great many homes in this vicinity, as deceased was both well known and well liked. Mr. Schweitzer was 68 years, 5 months and 22 days of age, death being due to inflammation of the bowels. He bore his suffering cheerfully and with great fortitude, his resignation to the will of the Creator being a fine example of that Christian spirit which bears without a murmur the crosses and afflictions the Lord chooses to send us on this earth. A family of seven children, five sons and two daughters, survive:—Milton in Michigan, Wilfred, Alfred, John and Herbert at home; Mrs. George Lintz in Manitoba and Miss Marian at home. The funeral on Tuesday afternoon was very largely attended, many friends of the family coming from a distance to pay a last tribute of respect to the departed. Rev. G. L. Gross performed the sad rites in connection with the burial, interment taking place in the Mildmay Evangelical cemetery. The Gazette joins the large host of friends in extending sympathy to the bereaved wife and children.

Red Mill Open.

Henry Edwin Schwalm Dead.
The sad intelligence of the death of Mr. Harry Schwalm was received in town with sincere regret, and many were the expressions of sympathy and condolence for the bereaved wife. Deceased had been suffering with pulmonary tuberculosis for the past six years, and death came as a relief to the weary sufferer. Mr. Schwalm was but 32 years of age, and his premature death has caused widespread sorrow. The funeral will be held from the residence on Absalom Street on Friday afternoon at 2 o'clock, interment to take place in the Mildmay Evangelical Cemetery. We extend our sympathy.

Mildmay Hockey Club Organizes.
A meeting for the purpose of organizing a hockey club and arranging a league was held in the Royal Hotel sample room here on Monday evening. The attendance was large and prospects are bright for a fast team for the coming winter. Mr. J. A. Johnston acted as Chairman and called the meeting to order, the following officers being elected:—Hon. Pres.—Dr. J. A. Wilson, Hon. V. Pres.—Dr. L. Doering, President—Chas. Pletsch, Sec. Treas.—Ed. Diebel, Manager and Captain—John Devlin. A committee was also appointed consisting of the president, secretary and manager to interview Walkerton and Hanover for the purpose of forming a league among the teams of these towns. A cup will in all probability be the bone of contention this year, which will make the matches even more interesting than the previous winters. The local septette will be stronger than ever having been reinforced by Mr. Charlie Pletsch, who starred in the International league at Sudbury last winter, and Mr. Ben Heimbecker, who was one of Hanover's fastest stick handlers in previous years. A dressing room will also be arranged for at the rink, and the Mildmay Hockey Club with its flashy orange and black uniforms, will show some class in the coming national sport.

Incorporation Meeting.
Activity at last! The agitation to have Mildmay incorporated has, at last, advanced to the stage of public meetings, the first one of which is to be held in the Town Hall to-morrow night (Friday). A requisition, signed by over sixty ratepayers, who want these meetings held, was passed around, and it is an encouraging fact to note that out of about seventy persons who were invited to sign the requisition, only four refused. The writer of this item, in passing around the requisition, has found the argument prevalent that incorporation will shoot our taxes sky-high, Neustadt being quoted as an example. The question, it seems, is not thoroughly understood by all of the ratepayers, and for this reason, it is up to them all to attend the meetings. But let us here state that Neustadt cannot be taken as a basis for comparison as Neustadt is not situated as we are and neither is it as far advanced. It must be remembered that when Neustadt was incorporated they had not yet built their cement sidewalks; they had no factories; their town was not in the improved condition in which they now are. They had to make their own improvements, paid by the town after incorporation—and, of course, taxes went up. But Mildmay has nearly all its cement walks; we have our Town Hall; the fire department, we understand, has \$400 on the credit side of its ledger, and we cannot, therefore, see the argument of increased taxation. Of course, giving bonuses to new industries will raise our taxes, but in the event of factories locating here, the town council cannot grant a bonus without consulting the people—putting it thereby in the peoples power to grant or refuse. Another common argument against this item of public interest at the present time is that it will not make any material increase in our chances for progress. In this argument Clifford is taken as an example. But here again we fail to see the argument, as Clifford is not so advantageously situated as we are. They have not, in the first place, as large a population, and further they have not at their disposal such splendid water power as we have to attract manufacturers. There will be representatives from both Clifford and Neustadt at the meeting on Friday night, and no doubt these matters will be fully and satisfactorily discussed. In all probability the town of Walkerton will also be represented, and these speakers, combined with local men should ensure a meeting chock full of interest. Don't forget—Town Hall, Friday evening at 8 o'clock.

Christies Sodas and Fancy Biscuits always in stock at Scheffer's.

Curlers' Meeting.
A meeting of the Mildmay "stane and besom" enthusiasts will be held in the Royal Hotel on Monday evening next. Matters of importance, are pending and all interested in curling are earnestly requested to attend.

A musical and literary treat is also in store for those who attend, and a general good time is promised, not the least important, by any means, being "the lunch" from 8 to 8 o'clock. You are invited. Don't forget the date.
