

The Alaska-Yukon-Pacific Exposition

Seattle—one million dollars in virgin gold that will sink automatically every night into a steely vault to reappear with the same precision in the morning will be the central feature of the Alaska exhibit at the Alaska-Yukon-Pacific Exposition next summer. Piled in glittering heaps of dust, nuggets and bricks, this brilliant display will be one of the greatest attractions on the Exposition grounds. The gold pavilion, where the million dollars will be on display, will be enclosed with a heavy wire cage and special guards will patrol the section night and day to protect the treasure.

The large steel vault, built in solid concrete, will operate automatically on a time clock. Each night at the closing hour the two tons of gold will disappear and the steel and concrete top will slide into place leaving nothing in view but the smooth surface of the floor. The time clock will be set for the opening hour in the morning when the treasure will reappear. The construction of this vault will cost \$4,000.

In the gold exhibit there are three of the largest nuggets ever found in Alaska. They were taken from the famous Pioneer mine at Nome and the total value of these is slightly in excess of \$7,000. It is proposed to have the largest of these three nuggets arranged so that visitors may pick it up and the big yellow lump will pass through thousands of hands during the exposition.

The Alaska fair commission has already secured the dust, nuggets and gold bricks for the display and it will be arranged in the gold pavilion of the Alaska building several days in advance of the opening of the exposition on June 1. A portion of the gold is now in safety deposit vaults in Seattle.

Every claim and prospect in the four divisions of Alaska contributed not less than an ounce of gold to the display and the Seward peninsula, Tanana River, Copper River and Southeastern Alaska districts are all represented. In addition to the gold many of the mine owners of the Nome and Fairbanks camps will also have samples of pay dirt, gravel, bed rock and black sand. The exhibit will be in excess of two tons of pure gold, just as it was washed from the ground in the north.

Men Who Don't Succeed

Who except to begin at the top instead of slowly climbing there. Who air their grievances to others until they make a nuisance of themselves.

Who are not thorough and conscientious about their work.

Who keep their eyes on the clock, fearful that they may give their employer a moment over-time.

Who are always doleful and down on their luck.

Who spend their nights at parties, and arrive at the office in the morning weary.

Who talk over their employer's business outside the office.

Who criticize everything and everybody.

Who are never on time.

Who depend on favoritism to advance them instead of good honest endeavor.

Who are indifferent and listless and cannot even assume an interest in their occupation.

Who feel themselves above their position and do not even condescend to fill it adequately.

Who cannot be honest with themselves and expect a greater money compensation than the work would be worth if done by someone else.

Who tell you all the wonderful things that they can do, but who never get right down to doing anything at all.

Who fear that they will do more than their salary calls for.

Lake Which Heals Many Diseases

Winnipeg, Man. May 12—The construction of the Grand Trunk Pacific R. R. across Western Canada has brought to light many interesting and valuable mineral deposits. In the most unexpected places these natural riches have turned up, in some cases exposing to civilization ancient Indian customs which have been safely guarded by the Red Men for centuries past. One of the most interesting of these is the lake at Watrous, Sask., containing water which has cured many stubborn cases of skin disease, asthma, consumption and rheumatism.

Watrous is situated on the main line of the Grand Trunk Pacific R. R., less than 400 miles west of Winnipeg and already people from all over the continent are visiting there to benefit from the waters; and a prominent New York specialist now has plans in preparation for a sanitarium to be erected there.

On the shores of this lake are to be seen Indian "sweating lodges" to which the suffering redmen have been taken for ages past, calling it Manitou or Great Spirit. Only recently a Montreal skin specialist heard of this lake and went up to Watrous to test the healing qualities of its waters. So efficacious did they prove in curing several skin diseases of long standing that he now regularly receives barrels of this water shipped to Montreal.

On account of these healing waters a prosperous town is springing up at Watrous and, despite the fact it is less than nine months since the first building was erected there, its population is now close to the thousand mark and new settlers, mostly Americans, are arriving there by every train. That Watrous is destined to become a flourishing city in an incredibly short time is evidenced by the attention being paid it by the Grand Trunk Pacific R. R.—it being the central divisional point of that system in Western Canada.

CARDSTON - ALBERTA

FAIRS FROM JUNE TO OCTOBER

Agricultural Societies Spring Up over Province and Provide Long List of Exhibitions

There will be several more fairs held in the province this summer than in previous seasons and with the better financial prospects these should practically all be very successful. Calgary, of course will not have the Dominion Fair, for an attraction as last year, but they will certainly offer a splendid substitute in their six days exhibition. Viking, a growing town, with 700 people will have the distinction of holding the first exhibition on the Alberta line of the Grand Trunk Pacific.

Cardston will hold a two day's fair this year on Tuesday and Wednesday Sept. 28th and 29th. Below is published a list of the majority of fairs to be held this year, together with their dates. Three of these are held by exhibition associations, Edmonton, Calgary and Fort Saskatchewan. The others are held by agricultural societies:

Edmonton June 29-July 2
Calgary July 5-10
Innisfail July 12-13
St. Albert August 3
Fort Saskatchewan August 4
Olds August 6
Clareholm August 3
Macleod August 4-6
Lethbridge August 10-12
Leduc September 21
Daysland September 22-23
Sedgewick September 24
Innisfree September 27-28
Vegreville September 29
Lloydminster September 30
Vermilion September 30-Oct. 1
Taber September 30
Nanton September 20-21
Pincher Creek September 22
Magrath September 23-24
Raymond September 16-17
Cardston September 23-29
Irvine October 1
Didsbury October 5-6
Ponoka October 6-7
Lacombe October 7-8
Three Hills October 12
Priddis October 14
Alix October 29
