NOTICE.

SEALED TENDERS marked "Tenders for P. R. Bridge," will be received at the Office of Public Works, Fredericton, until SATURDAY, September 14th, 1878, at 12 o'clock noon, for the construction of a BRIDGE on the Petitcodiac River, near Pollet River Platform, Salisbury, Westmorland County.

Plan and specification to be seen at Holstad & Cole's store, Salisbury, and at Humphrey & Trites' store, Petitcodiac, and at the Office of Public Works, Fredericton.

The names of two responsible men willing to become security for the faithful performance of the contract will be required.

The Government do not bind themselves to accept the lowest or any tender.

P. A. LANDRY,
Chief Commissioner Public Works.

Department Public Works, }
Fredericton, August 30th, 1878. }

By the Board of Education.

THE Board of Trustees of any School District is hereby empowered to provide from the School Funds under its control, Prizes not exceeding a first, second and third prize, in any School Term, for each School or Department, and according to such conditions and regulations as may be prescribed by the Board of Education, provided that no such prize shall be awarded in respect of proficiency in particular subjects of the School course, or the discharge of particular School duties.—41 Vict. cap. 35, sec. 10.

In pursuance of the above enactment of the Legislature, the Board of Education has been pleased to prescribe the following conditions and regulations—which are to be carefully observed by Boards of Trustees and Teachers—respecting the offering and awarding of the School Prizes therein authorized:—

1. The offer of the Prizes and the conditions of their award set forth below (in sections 2 and 3) shall be announced to the school, or department, on or before the first day on which it may be in session in any Term.

2. The following shall be regarded as the STANDARD for every member of the School:—

Prompt attendance at each school sitting; unexceptionable conduct while subject to the Teacher's supervision, whether in the school room or else where; industrious application in the discharge of every school duty; and excellence of Scholarship in the subjects of prescribed study, accordiug to the pupil's assignments in the course of instruction pursued in the school.

3. The Teacher shall assign a fixed numerical value to the above standard (say 5 or 10) for each half-day (or for each day) *to be available in respect of those pupils only who are present*; and the Teacher shall according to his best judgment determine and record at the time what abatement is to be made for any half-day (or day) from this standard figure on account of tardiness, improper conduct, want of application or imperfect scholarship. At the close of the calendar month the Teacher shall make entry in the School Register (page 6 or 10) of the sum of the standard figures (or parts of them) retained for the month by each pupil, and the aggregate of these monthly entries shall be regarded as the pupil's School Standing for the Term.

4. At the close of the term the Teacher shall present a written report, under his signature, to the Secretary of the Board of Trustees, stating (1) the names, with the School Standing for the Term annexed to each, of the pupils having first, second and third positions; and (2) the name of any pupil who, while a member of the school, or department, was unavoidably absent, and whose actual average daily standing being allowed for such days of absence, not exceeding five in any case, would make his school standing for the Term equal to that of a pupil whose name shall have been reported in the foregoing statement [1]. The Secretary of the Trustees shall keep the Teacher's Report on file for a period of at least two years.

5. The Board of Trustees shall award the prizes to the pupils having the highest School Standing for the Term; and in making the awards the Trustees may, in their discretion, take into consideration, but only within the limitations specified in section 4. the case of any pupil unavoidably absent from school.

6. The Board of Trustees shall determine the nature and value of all prizes, and shall exercise a responsible care that no prize be of a character excluded by the provisions of regulation 33, or by section 102 of the Schools Act.

7. The prizes shall be publicly presented through the Board of Trustees, at, or subsequent to, the close of the Term, at the Governor-General to form a new Government.

Sir John's defeat is merely temporary. It was not unexpected, and was provided for beforehand. Some half a dozen seats are at his disposal, and no doubt he will take his seat as leader.

Brilliant (?) Prospects of the Cape Tormentine Railway.

Sir A. J. Smith wanted to be elected to build the Cape Tormentine Railway. He has now got his election, and we would respectfully enquire when does he propose to turn the first sod? When will it be placed under contract? When will the work be completed and the trains be running? Will the honorable Minister please answer these enquiries on declaration day?

The electors of Botsford, Westmorland and Sackville, who voted for him, would also no doubt be pleased to hear him summarize again what he has done for this railway during the past five years, while he has been in power to render it *fixed* and *secure*, so that it cannot be upset by the incoming Government.

SIR A. J. SMITH'S organ of last week says:

When Mr. W. C. Milner went to Ottawa a few years ago on some mission or other,

NOTICE.

AN OFFICE, in connection with the Pictou Bank and the Union Bank of Charlottetown, has been opened in

ESTABROOK'S BUILDING

Hillsboro', April 19th, 1878. }

Special Notice!

IN order to meet the demands of our numerous customers, we beg to announce that, we have added to our extensive

Slipper and Larrigan Factory

the necessary Machinery for the Manufacture of **Men's, Women's, Misses', and Children's**

Boots & Shoes,

In all the Leading Styles.

By continuing, as in the past, to use first quality of material, we hope to merit a liberal share of public patronage in our new branch of business, as well as a continuance of public favor in our old business.

VINCENT & McFATE,
240 Union St., St. John, N. B.

CHEAP KANSAS LANDS

WE own and control the Railway lands of **Trego County, Kansas,** about equally devided by the Kansas Pacific Railway, which we are selling at an average of $3.25 per acre on easy terms of payment. Alternate sections of Government lands can be taken as homesteads by actual settlers.

These lands lie in the GREAT LIMESTONE BELT of Central Kansas, the best winter wheat producing district of the United States, yielding from **20 to 35** bushels per acre.

The average yearly rainfall in this county is nearly 33 inches per annum, one third greater than in the much-extolled Arkansas Valley, which has a yearly rainfall of less than 23 inches per annum in the same longitude.

Stock-Raising and **Wool-Growing** are very Remunerative. The winters are short and mild. Stock will live all the year on grass! Living Streams and Springs of water are numerous. Pure water is found in wells from 20 to 60 feet deep. The Healthiest Climate in the World! No fever and ague there. No muddy or impassable roads. Plenty of fine building stone, lime and sand. These lands are being rapidly settled by the best class of Northern and Eastern people, and will so appreciate in value by the improvements now being made as to make their purchase at present prices one of the very best investments that can be made, aside from the profits to be derived from their cultivation. Members of our firm reside in WA-KEENEY, and will show lands at any time. A pamphlet, giving full information in regard to soil, climate, water supply, &c., will be sent free on request. Address

WARREN, KEENEY & CO.,
106 Dearborn St., Chicago.
Or WA-KEENEY, Trego Co., Kansas.

Odds and Ends.

MR. SEASONGOON is running for the Ohio Legislature, and Dr. Goodykoontz for that of Missouri.

FOND DU LAC, Wis., has given a grand religious "hoss trot" for the benefit of a local church. It was successful.

THE St. Lawrence Hall, Montreal, is insolvent; liabilities, $400,000. The hotel will continue under the present management in the interval.

MEAN.—Any father who would go out and put tar on top of his front gate after dark must be lost to all sense of humanity and ordinary respectability.

EVERY Caffre killed in the recent war at the Cape cost England $625, a good sum, but not nearly much as our good (*i. e.*, dead) Indians cost Uncle Sam.

A WOMAN may not be able to sharpen a pencil or throw a stone at a hen, but she can pack more articles into a trunk than a man can in a one-horse wagon.

COLONEL MCLEOD, of Lake City, Fla., has just killed an alligator in whose stomach was found a turtle, a pig's head and a peck of blackberries. The question now is—How did that alligator pick those blackberries.

So abundant are the grasshoppers in the Tehachepi Mountains that it is difficult for the Central Pacific trains to ascend the grades, coming down which, too, the brakes sometimes fail to accomplish their purpose.

SMITH does not think that his daughter's beau should stay so late in the evening. The other morning she was praising the young man for his strength of character. "Yes," said Smith, "he has great staying powers."

AT Montreal recently Geo. Lessard, aged ninety-eight years, was married to Thirtice Legalt, a spinster of fifty. The groom served under Napoleon in the campaign of Egypt, fought in Canada in 1812, is still hale and vigorous, and declares he will not die for twenty years to come.

PROFESSOR LEVI, of the University of London, after a thorough examination of the subject, says that the aggregate earnings of English working men are $1,500,000,000 annually, out of which they could easily save $75,000,000, while in fact they saved only $20,000,000, the balance being wasted mostly in drink.

THE ONE OBJECTION REMOVED.—A mother was trying to break her five-year-old of the habit of lying by telling him that all liars went to hell. She gave him a moving account of the terrors of the place, whereupon he exclaimed, "Why, mother, I can't stan' it!" "But you will be made to stand it," said she. "Oh, well," said the youngster, "if I can stand it I don't care."

HOEDEL, the assassin, intended to smoke a cigar with his last breath, but at the urgent solicitation of the chaplain who accompanied him to the scaffold he threw it away. When he was asked the day before his death, if he would like to see his mother again, he replied, "No; her whining would be insupportable." These things show something of Hoedel's character.

DURING the late war the Russians lost by death 355 of their 2,839 surgeons, or one in every eight, a much heavier rate of mortality than that among cabinet officers, but not so remarkable when it is remembered how arduous are the surgeon's duties, how heavy is the responsibility weighing on him and how great is his exposure to contagion. The only instance recorded were the proportion of deaths among the cambatant officers were larger than that of the surgeons was in the Prussian army during the war of 1870-71.

A MAN who is now a leading Hartford clergyman was in 1846 a student at the Academy of Wilbraham, Mass. He loved a village maiden and she loved him. But finding that he was not "a believer in the Lord," her conscience quickened, and with tears in her eyes, she sent him word that she must give him up, and then married a commonplace fellow who had joined the church. Within the last few months the wife has got a divorce from her husband and is living in reduced circumstances, and the rejected lover is one of the ablest pastors in the state.

MR. BEECHER MISUNDERSTOOD.—"I acknowledge being drunk, Judge, and making disturbances. A woman can't live like an oyster in a shell. One might as well be buried. Beecher was saying the other night that lots of people were going 'round dead as door nails, and not buried. When I heard about that remark, I thought it applied to me, and so I concluded to liven up. I guess the boys thought I was a lively corpse when I started it on the windows. People shall not charge me with being dead if I can help it. I've been about as dead as they make 'em for two months, but I guess I'm all right now."—*Virginia City Chronicle.*

A REMARKABLE INSTANCE of the increase in the fisheries of a region, from agencies only indirectly those of man, has lately been brought to light on the coast of France. A vessel loaded with so-called Portuguese oysters, was wrecked six or seven years ago at the mouth of the River Gironde, and its contents were scattered in the water. They seemed to find it a suitable abode, as it has recently been ascertained that they have multiplied to an extraordinary degree. All the rocks along the coast for twenty-four miles are covered with oysters, of which about 60,000,000 were gathered in 1875, 80,000,000 in 1876, and 150,000,000 in 1877.

THERE is nothing oleomargarinish about Mr. Wm. Bennett, of Chapel Hill, N. C., but he is a real butter, as witness this challenge: "I am no man for four-legged chickens, or sixteen-winged ducks, but I can outbutt any man or billy-goat in North Carolina. I have deposited $5 with Mr. A. W. Crabtee, of the *Ledger*, and any man who wants his skull bursted can cover that bet. I have been clean through seven goode boxes at one butt, and walked off with them round my neck, collar fashion."

GOING FAST.—Hood used to tell a story of a hypochondriac, who was in the habit, twice or three times a week, of believing himself dying. On a certain occasion he had one of his terrors while riding out in his gig and happening to see his family physician, he applied the whip to the horse to overtake the old doctor. The doctor applied the whip to his own horse, and they had a close time of it for about three miles. The hyopchrondiac finally came alongside the doctor, and exclaimed, "Hang it, doctor, pull up! Pull up instantly! I'm dying!" "I think you are," cried the doctor; "I never saw any one going so fast!"

READERS of the New York *Times* will recall the graphic depatches concerning the ravages of yellow fever in Granada, Mississippi, which appeared in that journal when the horrors of that disease first began to spread over the devoted town. The writer of those despatches, W. M. Redding, has fallen a victim to the plague. He died on September 1st, after two days' illness. This brave young man, it is said, worked at his post day and night for over two weeks with a handkerchief saturated with carbolic acid around his neck as a preventive to invection; but at last the disease overpowered him.

NO RISK.

Thomas' Eclectric Oil! Worth ten Times its Weight in Gold!—Do you know anything of it? If not, it is time you did. Pain cannot stay where it is used. It is the cheapest Medicine ever made. One dose cures common sore throat. One bottle has cured bronchitis. Fifty cents' worth has cured an old standing cough. One or two bottles cures bad cases of piles and kidney troubles. Six to eight applications cure any case of excoriated nipples or inflamed breast. One bottle has cured lame back of eight years' standing. Daniel Plank, of Brookfield, Tioga County, Pa., says: "I went thirty miles for a bottle of your Oil, which effected a wonderful cure of a crooked limb by six applications." Another who has had asthma for years, says: "I have half of a 50 cent bottle left, and $100 would not buy it if I could get no more." Rufus Robinson, of Nunda, N. Y., writes: "One small bottle of your Eclectric Oil restored the voice where the person had not spoken above a whisper in five years." Rev. J. Mallory, of Wyoming, N. Y., writes: "Your Eclectric Oil cured me of bronchitis in one week."

It is composed of six of the best oils that are known. Is as good for internal as for external use, and is believed to be immeasurably superior to anything ever made. Will save you much suffering and many dollars of expense. Beware of imitation. Ask for Dr. Thomas' Eclectric Oil. Sold by all medicine dealers. Price 25 cents. NORTHROP & LYMAN, Toronto, Ont., Proprietors for the Dominion.

NOTE.—*Eclectric*—Selected and Electrized. For sale in Sackville by A. Dixon. In Dorchester by A. Robb.

IRON

Is pre-eminently tonic and peculiarly well fitted to improve the quality of the blood when impoverished from any cause.

The diseases, in the treatment of which it is most useful, are ANÆMIA, or *Deficiency of the Blood Corpuscle*, HYSTERIA, indicated by *Palpitation* of the *Heart, Dejection, Anxiety*, and *Difficult Breathing*.

SCROFULA, or *Swelling* of the *Glands*, particularly of the *Neck, behind the Ears*, and under *the Chin*, also called KING'S EVIL.

RICKETS, or inflammation of the *Spine*, peculiar to *Children;* DYSPEPSIA and INDIGESTION, or NON-ASSIMILATION of the *food;* LEUCORRHŒA, AMENORRHŒA, PIMPLES, BLOTCHES, SALT RHEUM, and all troubles arising from *impure* and *thin* blood.

QUININE

Produces upon the system the *same beneficial* effects as PERUVIAN BARK, without being so apt to *nauseate* and *oppress* the stomach, and is most beneficial in all MORBID CONDITIONS of the system, and in LOW and TYPHOID forms of DISEASE. Hence its use in SCARLATINA, MEASLES, and SMALL POX, in CARBUNCLE and GANGRENOUS ERYSIPELAS, and in all cases in which the system is *exhausted* under *purulent discharges*, and the tendency is towards recovery.

AS A TONIC it is most advantageously employed in CHRONIC DISEASES *with* DEBILITY, as SCROFULA, DROPSY, PASSIVE HÆMORRHAGES, DYSPEPSIA, CUTANEOUS AFFECTIONS, CHOREA (also called St. Vitus Dance), AMENORRHŒA, INDIGESTION, and HYSTERIA, and in the *advance* state of PROTRACTED FEVERS.

Hanington's Quinine Wine and Iron is a perfect combination of IRON and QUININE, with the *Finest Sherry Wine*, pleasantly flavored.

Hence its decidedly CURATIVE POWER in the treatment of the above-named diseases, beside *countless other ills* arising from IMPOVERISHED BLOOD, or a *debilitated state of the system.*

Price 50c. per Bottle. Six for $2.50.

PREPARED ONLY BY

HANINGTON BROS., Chemists,

The Most Valuable Gift—Restoration of the Health.

During the past ten years the Great Shoshonees Remedy has faithfully redeemed every promise and guarantee made to the public. Alarming and apparently hopeless cases of Lung Diseases, Dyspepsia, Liver Complaints, Afflictions of the Kidney and Chronic Complaints of every description, including Scrofula and Skin Diseases of life-long duration, have been permanently removed and eradicated. Those who volunteered their testimony to the efficacy of the Remedy are not bogus people in unheard-of localities of foreign states, but respectable citizens of this Dominion, easy of access and open to question, upon whose verbal recommendations we are willing to rest the reputation of the Great Shoshonees Remedy. If you are afflicted do not delay until medicine may be powerless to aid you. No injurious effects can possibly follow the use of these Indian Remedies, as they contain no minerals, by which the fate of the invalid is so often sealed under the form of some temporary sedative or stimulant. These Indian Remedies are widely known and still possess the public confidence after the lapse of sufficient time to test their efficacy.

The Shoshonees Vegetable Sugar Coated Pills have won for themselves the most favorable reputation of any pill before the public. Their efficacy has been fully proved as a remedy for Biliousness, Sick Headache, and inactivities of the stomach. Price of the Remedy in pint bottles $1; Pills 25 cts. a box.

Geo. Woods & Co.
CAMBRIDGEPORT, MASS.

Oxford Woollen Mills!

WE beg to call the attention of our numerous customers, and the general public, to the fact that we are now thoroughly prepared to accommodate all persons who wish to exchange wool for cloth or yarn.

Having lately added to our machinery a NEW SPINNING MULE of the most approved make and latest patents which surpasses anything ever before introduced, and cost one thousand dollars when set up, and the yarn produced by it is unequalled by any other machine. We have also on hand the largest and best assortment of

TWEEDS

ever manufactured in the Maritime Provinces, including the patterns which took prizes at the Provincial, Centennial and Australian Exhibitions, and are now on exhibition at Paris. Together with our HOMESPUNS, SHIRTING FLANNEL, BLANKETS, WOMEN'S WARE and YARNS, &c. Customers are enable to get almost everything they require in our line, without waiting for it to be manufactured. All orders will receive prompt and careful attention. Highest cash prices paid for wool.

Parks' Cotton Yarns!

Awarded the Only Medal Given at the Centennial Exhibition

For Cotton Yarns of Canadian Manufacture.

Nos. 5's to 10's.

WHITE, BLUE, RED, ORANGE AND GREEN.

Made of Good American Cotton with great care Correctly numbered and Warranted Full Length and Weight.

WE would ask the purchasers of Cotton Warp to remember that our Yarn is spun on Throstle Frames, which make a stronger yarn than the Ring Frames, used in making American yarn.

It is also both twisted and more carefully reeled, each hank being tied up in leas of 120 yards each. This make it much more easy to wind than when it is put up without leas—as the American is—and also saves a great deal of waste.

Those acquainted with weaving will understand the great advantage it is to them to use yarn put up in this manner.

COTTON CARPET WARP,

Made of No. 10 Yarn, 4-Ply Twisted

WHITE, RED, BROWN, SLATE, &c.
All Fast Colors.

Each 5 lb. bundle contains 10,000 yards in length and will make a length of Carpet in proportion to the number of ends in width.

We have put more twist into this warp than it formerly had, and it will now make a more durable Carpet than can be made with any other material. Since its introduction by us, a few years ago, it has come into very general use throughout the country.

All our goods have our name and address upon them. None other are genuine.

WM. PARKS & SON,
NEW BRUNSWICK COTTON MILLS,
june26 ST. JOHN, N. B.

MOWERS

Rakes and Threshers.

Whiteley's Toronto Mower,

WHICH is the Machine of the season, —noiseless, strong and durable—is built of the best of material. Only to be tried to be appreciated. The peculiar new mechanical motion of the knife supersedes all others, as eleven cogs are always in gear (while on other Machines only two are in gear) lessening the wear and strain very much. This gear is warranted for 5 years. The knife can be instantly raised to pass an obstruction, or lowered to cut lodged or tangled grass, and never lose their motion, no matter what position they are in; and, in fact cover all the modern improvement which can be applied to a Mowing Machine.

Farmers wishing a Mower can have one on trial, and if not perfectly satisfactory, no charge.

ITHACA RAKES.

The best Wheel Rake in the market—strong, durable and no scratching.

ALSO—16 HEEBNER & SON'S

Celebrated Level Trend THRESHING MACHINES.

Just arrived from Philadelphia, Pa.

EXTRAS.

General Assortment of Mowing Machine EXTRAS on hand.
