

FROM SOUTH AFRICA.

British Columns Round Up Three Laagers and Take Many Prisoners.

BIGGEST CAPTURE FOR SOME TIME.

PRETORIA, Dec. 5.—The largest captures of Boers made in many months occurred today, when three columns secured an aggregate of 230 prisoners. General Bruce Hamilton, near Ermelo, Major Dawkins in the Waterbury district, and General Methuen in North-west Transvaal, rounded up three laagers, with only a few casualties on either side.

Capt. Adamson has announced that Colonel Capper will relinquish command of the railway pioneer corps to take up the command of a new volunteer force for the Transvaal. It will contain twelve squadrons of the Imperial Light Horse, ten squadrons of the Scottish Horse and a proportionate number of Thorneycroft's Mounted Infantry, Bethuen's Mounted Infantry, the South African Light Horse and other corps, including infantry forces, which will be called Imperial Light Infantry. These volunteers, who, it is expected, will be liable for military service during the war at the ordinary rate of pay while they are in the field. It is expected that they will gradually render a large and expensive constabulary force unnecessary. It is estimated that it will require \$250,000 yearly to maintain them.

These volunteers, who, it is expected, will be liable for military service during the war at the ordinary rate of pay while they are in the field. It is expected that they will gradually render a large and expensive constabulary force unnecessary. It is estimated that it will require \$250,000 yearly to maintain them.

NERVOUS DYSPEPSIA.

A CURE FOR IT

Not a Patent Cure All, Nor a Modern Miracle, But Simply a Rational Cure for Dyspepsia.

In these days of humbug and deception, the manufacturers of patent medicines, as a rule, seem to think their medicines will not sell unless they claim that it will cure every disease

under the sun. And they never think of leaving out dyspepsia and stomach troubles. They are sure to claim that their nostrum is absolutely certain to cure every dyspeptic and he need look no further.

In the face of these absurd claims it is refreshing to note that the proprietors of Stuart's Dyspepsia Tablets have carefully refrained from making undue claims or false representations regarding the merits of his most excellent remedy for dyspepsia and stomach troubles. They make but one claim, and that is, that for indigestion and various stomach troubles Stuart's Dyspepsia Tablets is a radical cure. They go no further than this and any woman suffering from indigestion, chronic or nervous dyspepsia who will give the remedy a trial will find that nothing is claimed for it, that the facts will not fully sustain.

It is a modern discovery, composed of harmless vegetable ingredients acceptable to the weakest or most delicate stomach. Its great success in curing stomach troubles is due to the fact that the medical properties are such that it will digest whatever wholesome food is taken into the stomach, no matter whether the stomach is in good working order or not. It rests the overworked organ and replenishes the body, the blood, the nerves, creating a healthy appetite, gives refreshing sleep and the blessings which always accompany a good digestion and proper assimilation of food.

In using Stuart's Dyspepsia Tablets no dieting is required. Simply eat plenty of wholesome food and take these Tablets at each meal thus assisting and resting the stomach which rapidly regains its proper digestive power, while the Tablets will be no longer required.

Nervous Dyspepsia is simply a condition in which some portion or portions of the nervous system are not properly nourished. Good digestion invigorates the nervous system and every organ in the body.

Any druggist will tell you Stuart's Dyspepsia Tablets give universal satisfaction.

OUR ANNUAL SALE OF DOLLS

We must get rid of our entire stock of Dolls and are therefore offering them at just One Half Price.

SPLENDID BARGAINS FOR CASH

We are also showing a nice line of Doll Carriages, Doll Sleighs, Doll Co-Carts, Doll Cradles, Doll Sleds.

LEMONT & SONS

The Reliable House Furnishers.

336.

That's the Number of my Telephone.

EAST FLORENCEVILLE

EAST FLORENCEVILLE, Dec. 5.—The soft weather has nearly spoiled the sleighing around the village and up and down the river.

Miss L. J. Stemple returned home on the 2nd inst., after having been absent for nearly a year at Island Falls, Me.

Quite a number of commercial men were in the village this week among the number being: John Elgar, St. Stephen; Mr. Teed, St. Stephen; Wm. Banks, St. John; John Golding, Jr., St. John.

Mr. Fred Carruthers, our school teacher, has resigned his position at this place much to the regret of the majority, as he was very popular as a teacher and citizen.

Miss Maud Hartley spent Thanksgiving at home and on Saturday night a number of the young folks were at her home and enjoyed themselves very much, crokinole being the principle pastime. The most noticeable feature about progressive crokinole is the hard luck which some of the players have. Mr. Stanley Carle and Mr. Carruthers were the most unfortunate on Saturday night. If they happened to get a good partner the opposing ones were always a little better.

H. H. McCain is soon going to put a night crew on his steam press.

JONES' FORKS.

BURRER JONES CAMP, Moose Bird Hollow, Nov. 23.—We are having fine weather after the big storm which fell, about 15 or 16 inches of snow. Well, we have got settled in our winter quarters, and as we have seen reports from other camps we thought we would let the readers of the GLEANER know that we are not asleep. We have a nice camp situated on the head waters of Jones' Forks, and a crew of 15 men, and two pairs of horses yarding. Our cook, Geo. W. Oserd from Fredericton, has everything in apple pie order and the boys say he can't be beat as far as cooking is concerned. His table looks fine every night with pies and puddings. Well now for the yarding. One of our teams, belonging to Milton Jones, and driven by himself, thought they would give the horses team a stunner on yarding. There are seven men tending the team all told and they put on the team one day last week 170 pieces of spruce, and of course Samuel Jones, driving the bosses team, could not let that go by and he said they would beat that, and on Wednesday the 27th, they set the ball rolling by putting on the yard in one day 165 pieces of spruce. The logs were got ready by seven men. B. F. Jones, the foreman, Sandy Jones and Angus McDonald cut the logs, Stillman Jones sawed them, Denimore Bird knotted them, and Harvey Foster rolled them on the skids. So we would like to hear from some other parties around here and other places about yarding logs. We think this day's work is pretty hard to beat with that amount of men.

The roads are in fine condition for the travelling public.

Mrs. John M. Jones is visiting her sister, Mrs. J. D. Brown, of Stone Ridge.

Mr. Elwood Allen is in the woods with a crew of men on the head waters of the forks.

W. H. Allen is in the woods with a large crew of men on the head waters of the forks.

Mr. Rainsford Boone is hauling wood and bark to Cardigan Station for shipment.

Mr. Rainsford Allen, who has had a very bad attack of typhoid fever, is we are glad to say able to be around the house.

Eddie Allen who has been in the woods for W. H. Laurence, has returned home.

Mrs. Burpee Jones, who has been visiting her brothers at Covered Bridge, has returned home.

Thanks Extended.

The widow and parents of the late Martin MacLean, of Nashwaak, desire through the columns of THE GLEANER to express their thanks and gratitude to their friends and neighbors for their many acts of kindness in the time of their sore bereavement; also to the Orangemen and Royal Templars who came from far and near to pay the last tribute of respect to their departed brother.

How to Cure a Corn.

It is one of the easiest things in the world to cure a corn. Do not use acids or other caustic preparations and don't cut a hole in your foot. It is simply to apply Putnam's Painless Corn and Wart Extractor and three days the corn can be removed without pain. Sure, safe, painless. Take only Putnam's Corn Extractor.

The man who hates another has an ingrowing grudge against himself.

TREATY BEFORE SENATE.

President's Letter Transmitting the Hay-Pauncefote Convention for Ratification.

WASHINGTON, Dec. 5.—Following is the letter of President Roosevelt transmitting the Hay-Pauncefote treaty to the senate:

To the Senate—I transmit for the advice and consent of the senate to its ratification, a convention signed Nov. 18th, 1901, by the respective plenipotentiaries of the United States and Great Britain to facilitate the construction of a ship canal to connect the Atlantic and Pacific oceans by whatever route may be considered expedient, and to that end, to remove any objections which may arise out of the convention of April 10th, 1850, commonly called the Clayton-Bulwer treaty, to the construction of such canal under the auspices of the government of the United States, without impairing the 'general principles' of neutralization established in article eight of that convention. I also enclose a report from the secretary of state, submitting the convention for my consideration.

The text of Secretary Hay's report upon the treaty as made to the president also was transmitted to the senate.

Wonders of the Heart.

All the blood in the human body passes through the heart in about three minutes. The heart beats 70 times a second, 4200 times an hour, 100,800 times a day, throwing out 23 ounces of blood a second, 636 lbs. an hour, 7 tons a day. It is only when supplied with pure, rich blood that the heart, an organ 6 inches long by 4 inches wide, can accomplish this enormous amount of work and rebuild its own wasted tissues. Dr. Chase's Nerve Food is the most effective treatment available for heart affections because it forms new, red corpuscles in the blood and gives to it that life sustaining quality which is necessary to the health of every organ.

TO BANISH ANARCHISTS.

Senator Hoar's Plan for Dealing With Those of Czolgosz's Stamp.

WASHINGTON, Dec. 5.—Senator McComas, of Maryland, made an extended speech in the senate to-day, with anarchy for his theme, and was followed by some brief remarks by Mr. Hoar of Massachusetts on the difficulties in the way of dealing with anarchist assassins.

Senator Hoar said the difficulty was that assassins of kings and rulers gloried in their crimes and were not wise deterred by fear of punishment. He thought it almost useless to multiply punishments. The most effective remedy would be to have the civilized nations agree upon some desolate spot to which all anarchists who uphold assassination or the overthrow of government should be transported.

It is only two or three years since Park's Perfect Emulsion was introduced, but today, on account of its growing popularity, its manufacturers can scarcely do more than keep pace with the demand. The cause of its popularity is the fact that it has been used so successfully in the treatment of coughs, colds, bronchitis and even consumption.

CHILDREN BURNED.

FOLLY VILLAGE, N. S., Dec. 5.—Word has just been received of a shocking accident at Folly Mountain yesterday morning, in which three children lost their lives. Ethel Campbell, aged 16, Arthur, her brother, aged 11, and Myrtle, aged seven, another sister, went to bed at their usual time Tuesday night. Their father, Robert Campbell, was in the woods and no one else was at home. Last night, when the father returned, he found his home in ashes and all three children burned to death. It is supposed the fire caught from the stove. Nothing whatever was saved. The oldest girl was either suffocated in her sleep or lost her life trying to rescue her younger brother and sister.

DON'T GO HOME if you have not got at least one bottle of Kendrick's Liniment in the house. Don't go home without it. There is nothing better (if equal) to Kendrick's as a household remedy.

Wedded at Woodstock.

WOODSTOCK, N. B., Dec. 5.—Guy F. Saunders and Miss Annie R. Wilbur were united in wedlock last evening at the residence of the officiating minister, Rev. Z. L. Fash, Baptist. After the ceremony a wedding supper was served at the home of the groom. Many presents were received by the bride.

WANTED—A case of Headache that KUMFORT Powders will not cure in ten to twenty minutes.
