BATT. RIFLE MATCH .- An in feature of the sports on Wednesday last, wa the grand rifle match between teams of five men from the 8th Regt. Cavalry, Kings, B. Engineers, St. John, and the 71st Batt of this County. Although it was not gen erally known that such a match would take place, and the weather being unfavorable for visitors, the riflemen were not henored with so large a number of spectators as migh have been wished for, and the occasio demanded. As we have said the day was quite unfit for shooting, but some remarkable So and Pinder, who totalled 90 and 88 points, respectively, the former being the highest ever gained by a marksman in the Province. The competition was keen and spirited throughout, and the unlucky "outer supplanted by a "bull" at one shot, ma have decided the match either way. Leavthe 200 yards, the score stood: Engineers 151; Cavalry and 71st on a tie with 145 points. The 500 yards was now reache the 71st passing to the front and going bac to the 600 yards with a lead of two points of the Engineers and 13 points over the Cavalry. The 600 yards was fired and the 71st still gained winning the match by four points over the Engineers and 29 points over the Cavalry. The total scores were :-

71st Batt. Team,.....396 points N. B. Engineers,392 "
8th Cavalry,367 " The very handsome prize was presented to the winning team on Thursday evening at the Exhibition Palace by His Honor the Lieut. Govnrnor. Col. Maunsel who takes a great interest in rifle shooting, made a short speech, in which he highly complimented the 71st Batt, in possessing such good marksmen as to be able to meet all comers with the rifle. Col. Marsh and a number of the 71st officers were in attendance at the present

EMIGRATION FROM LIVERPOOL .- The returns prepared by the Government emigra-tion officers at Liverpool show that during the month of August 9,495 persons left the Mersey as emigrants, the largest number in any month this year, except May, when 9,889 sailed. The largest proportion, viz., 7,584 proceeded to the United States, while 1,641 went to British North America and 63 to Australia. The remainder sailed to South America, the East and West Indies, China, and the west coast of Africa. The prejugalism and the west coast of Africa. The nationalities of the emigrants were—English 5,834; Scotch, 114; Irisu, 786; and foreign 2,001. Of 670 the nationalities were not denoted. The returns show an increase of 2,229 over those for August last year. The total number of emigrants from the Mersey during the present year unto the end of last posts. present year, up to the end of last month, is 48,333.

IN THE HARD DRY COUGH OF CHRONIC BRONCHITIS, with its difficult expectoration and labored breathing, the demulcent properties of Robinson's Phosphorized Emulson of Cod Liver Oil with Lacto-Phosphate of Lime manifests itself in its healing and soothing effect upon the irrigated mayors meaning. maniests itself in its healing and soothing effect upon the irritated mucous membranes of the Bronchial passages; the cough quickly yields, the breathing is eased, while Nature, thus aided reasserts herself, and where once gaunt Consumption stared the victim in the face, now Hope beckons on to life and health. Prepared solely by J. H. Robinson, Pharmaceutical Chemist, St. John, N. B., and for sale by Druggists and General Dealers. Price \$1.00 per bottle; six bottles for \$5.00.

from internal ulceration, and Uterine disease, Syphilitic and Mercurial diseases, Dropsy, Dyspepsia, Emaciation, General Debility, and for Purifying the Blood This Sarsaparilla is a combination of vegetable alteratives — Stillingia, Mandrake, Yellow Dock — with the Iodides

of Potassium and Iron, and is the most efficacious medicine yet known for the diseases it is intended to cure. the diseases it is intended to cure.

Its ingredients are so skilfully combined, that the full alterative effect of each is assured and while it is so mild as to be harmless even to children, it is still so effectual as to purge out from the system those impurities and corruptions which develop into loathsome disease.

The reputation it enjoys is derived from its cures, and the confidence which prominent physicians all over the compared to the prominent propes in it, prove their experience.

y repose in it, prove—their experience its usefulness. Certificates attesting—its virtues have accumulated, and are constantly being received, and as many of these cases are publicly known, they furnish convincing evidence of the superiority of this Sar-saparilla over every other alterative medicine. So generally is its superi-ority to any other medicine known, that we need do no more than to assure the public that the best qualities it has ever possessed are strictly maintained.
