The admiralty court at Halifax has fixed the date of a civil lighting in the shape of a residence for the accommodation of the nurses in training. This announcement was made by Lord Strathcona, on the occasion of the presentation of diplomas and badges to the class of nurses graduating this year.

Five persons were killed and a number injured by a train collision on the Richmond, Topsie, and Santa Fe Railway, at Kingsbury, Kansas yesterday. The Kansas train was standing at the station when another train ran into it from the rear. Both trains were east bound. Both wrecked cars were partly burned.

The Allen liner Victorian sailed for Liverpool from Halifax Monday night with seventy passengers. Joseph Alexander, an Englishman wanted in Sherbrooke for theft, was arrested while going on board the steamer. He had with him a valise stolen from a passenger on the train from Sherbrooke.

The Stanley arrived at Georgetown Sunday at 10.15, and after landing mails and passengers left for St. John's with a cargo of hay. Fire started by lightning striking Lake Bros' large warehouse at Huntington, West Virginia yesterday causing damage estimated at nearly \$300,000. Before the firemen were on the ground the adjoining warehouse of the United States Slogie Co was in flames. Three other buildings were also consumed. A lad named Oliver McLean belonging to Rocky Point, aged about fifteen years, was fatally shot on Thursday last. He is company with another young man, Ambrose Smith, son of John Smith, of that place, went to the woods shooting. In some way the boy accidentally discharged the contents entering young McLean's body at the groin. The coronor's jury returned a verdict of accidental shooting.

The sermon in the Cathedral on Sunday evening last was preached by Rev. J. F. Johnston, St. Margaret's. His theme was "Faith and Reason," and his text was from the 1st verse of the eleventh chapter of St. Paul's Epistle to the Hebrews: "Now faith is the substance of things that are hoped for, the evidence of things that appear not." The Rev. preacher, in eloquent and logical terms developed his theme from the words of his text, pointing out the necessity for faith in order to salvation and the relation of faith and reason. By the light of divine faith we believe what we may not be able to comprehend by the force of natural reason. Without faith we cannot be saved; but faith alone is not sufficient for salvation. Faith must be enlivened by works and adorned by charity.

## An Exciting Experience

Two seamen arrived at Halifax last week who formed part of the crew of the Halifax sailing schooner, Agnes G. Donahoe and are said to have had quite an exciting experience. Several months ago while cruising in South America waters this schooner was seized by a Uruguayan gunboat and taken to Monte Video and the captain and crew held prisoners for weeks. It was reported quite recently that the vessel had been confiscated and the captain and the crew sentenced to five years imprisonment. This story however cannot be correct as on Saturday a letter was received from Captain Ray which stated that the condition of affairs remained unchanged. Both himself and vessel were still detained there, and it is impossible to say what the South American government intends to do with them. No claim has been entered against the Southern Republic, and none will be entered until it is definitely decided what action it intends to take. The case has been already before the Canadian government who made representations to the Imperial authorities looking to redress and it is likely also to Uruguay, regarding the detention of Donahoe and crew. When the situation looked quite serious at Monte Video and with prospects before them of being imprisoned, two seamen took desperate chances and made their escape. They stated that when a favorable opportunity was afforded they boarded an American man of war and under the Stars and Stripes were safely borne away. They were not contented aboard the warship, and as soon as a good opening presented itself they deserted and made their way to New York and from there they came to Nova Scotia.

The above is a copy of a report just received from the Seed Laboratory, Ottawa, of samples from our spring Stock of Seeds sent March 10th, 1905. You will notice that the percentage of foreign weeds in the Timothy seed is, in one sample, only ONE FIFTH OF ONE PER CENT., and in two other samples three-fifths of one per cent. All the samples of Clovers, with the exception of two, have less than two per cent. of foreign weeds in them, so that our Seed for this season's trade is practically free from weed seeds, and the highest grade in Canada, or anywhere else for that matter. We also sent samples of our Seed Wheat (four varieties), Seed Oats (four varieties), Seed Barley (two varieties), Field Peas, Vetches, etc. Mr. Clark, Chief of Seed Laboratory, writes us as follows: "I may say that I have examined all the samples of Grains and Vetches, and do not find any of them to contain noxious impurities." The original Official Reports can be seen at our office by anyone on application. We have also received a letter dated March 17th, 1905, from one of the largest Seed Growers, Grain and Seed dealers in Canada, from whom we have ordered a large number of cars of choice Seeds and Seed Grain, and they say: "Cars of Grain and Seeds for immediate shipment have gone forward, and we herewith enclose invoices for same. We feel like complimenting you on the quality of seeds you have bought. Without doubt, taken all around, they are the highest grade of Seeds we have shipped this year, and you need have no fear the Seed Bill will interfere in any way with any lots of Alisike, Mammoth Early, and White Clovers and Timothy you have purchased, as they are as pure as can be got."
