STRIKERS TO HOLD DEMONSTRATION

C. P. R. Striking Mechanics Will Parade to Church in Winnipeg Sunday September 6th.

Winnipeg, Aug. 25.—Although the C. P. R. strike situation which quiet here as compared with eastern points, the strikers have determined on a big demonstration on Sunday, September 6, when all union men of the strike will parade at the Trades and Labor hall and march to the Cathedral church, where a special service will be held.

Montreal, Aug. 25.—It is reported that the management of the striking mechanics will bring, through Alphonse Verville, Labor M.P., their claims to the notice of the railway commission that the C. P. R. rolling stock is getting into very bad condition. The company, on the other hand, states that the rolling stock is in the normal condition.

Violence in North Bay. North Bay, Aug. 25.—The strike situation here has reached an acute stage and acts of violence are daily occurring. Strike breakers are beginning to come to town and liquor with the result that bloody encounters are frequent. An unpleasant occurrence happened last night when a party of tourists returning from French river were stoned by mistake. The road from the wharf across the property of the C. P. R. and as the party, which consisted of fifteen Americans from Pittsburgh, Pa., approached the track a shower of missiles greeted them.

Toronto, Aug. 25.—The C. P. R. trains continue to arrive late owing to the bad condition of the rolling stock.

Montreal, Aug. 27.—Hartel, Chipit and Dandy strikers accused of intimidation in connection with the Papineau road affair, are being held for trial on Wednesday. They are out on bail of five hundred dollars each. (Calgary, Aug. 27.—C. P. R. officials here who are not connected with the mechanical end say that at Eholts shops have been dismissed several strike breakers and men who quit work. No one was sent in the mechanical department. All the men required at Calgary, seventy have come in here during the past three days. The strikers, on the other hand, claim that the shops are paralyzed, cars are disabled and engines crippled, and that the company has only fifteen men working, and these are quitting.

Montreal, Aug. 27.—Chairman Bell Handy declared tonight that there was no truth in the statement that there were discussions among the strikers and that a secret meeting of some fifty of the men had resolved to return to work. Inquiry at the C. P. R. also failed to corroborate the statement, although they expect the strike to give way soon. In fact, if any of the strikers wanted to go back to work no regulation was necessary. All they need do is to apply for a job, and if vacant, they will be taken on. Again at the C. P. R. headquarters it was declared there was no foundation in the reports that the train strikers, and would add them finally with the possibility of going men's unions in sympathy with on strike themselves. C. P. R. officials claim to have information that the strikers' unions are not in sympathy with the strikers. A number of mechanics were available today at the Angus shops, and it is said the eastern division of the road is fairly well supplied with men.

EDMONTON, ALBERTA, CANADA, MONDAY, AUGUST 31, 1908

Fired Four Shots at Woman.

Vancouver, B.C., Aug. 27.—Mrs. A. Goddard, who lives with her husband at the corner of 17th avenue and Ash street, was dangerously wounded tonight by L. Escurtore, a Frenchman, who had been annoying her for some time. He followed her home and fired four shots out of a revolver as the woman closed her door. He was arrested at 9 o'clock, three miles away from the scene of the shooting. The woman will recover.

G. T. P. Official to Inspect Lines.

Toronto, Aug. 26.—Because of the dissatisfaction of the G. T. P. shareholders with the present management of the divisions, First Vice-President Alfred Smith is on the way over from England. He will arrive in New York on Friday and will then go over to the company's lines.

ACTED AS CARRIER OF TYPHOID FOR 50 YEARS

American Public-Health Association in Session in Winnipeg Introduces Many Interesting Papers—Leading Health Officials Present From Every State.

Winnipeg, August 27.—The programme of the American Public Health Association yesterday was interfered with by a morning trip to Winnipeg Beach and the discussion of the new constitution. In the evening there was a banquet at the Royal Alexandra Hotel and a musicale for the visiting ladies in the parlor of the hotel. Among the interesting papers not reached were the Winnipeg papers on typhoid fever, which are of local interest and importance.

This morning the general session will be held at 9:30 o'clock to finish up the business and decide upon the next place of meeting. The election of new officers will also take place. The report of the executive committee was received and adopted. The new constitution was read and adopted. It was half past six o'clock when it was disposed of and the business of reading and discussing the lengthy programme of papers reached.

It was decided to extend the session to 10 o'clock, but even then it was impossible to carry out the programme. New members elected yesterday were Dr. Charles G. North, bacteriologist, New York; Dr. A. W. Moseley, Winnipeg; Dr. J. P. Prowse, Winnipeg; Dr. Walter T. Connell, professor of pathology and bacteriology, Queen's University, Kingston.

Dr. H. W. Hill, of the State Board of Health, Minneapolis, read an "Bacterial carriers of typhoid fever and epidemiology of typhoid fever," and drew attention to the communicative feature of the source of infection from rats. His milk. The new constitution operated so as to cut off this paper in the middle at the expiration of the fifth hour. Another paper on the same subject was read by Dr. John F. Anderson, of the Public Health and Marine Hospital Service, Washington, D.C., which dealt with the distinguishing characteristics of milk, water and contact outbreaks. "Bacterial carriers with special reference to typhoid fever" was discussed in a paper by Dr. Henry Albert, director of the state hospital, laboratory of Iowa. The speaker exhibited a table of epidemic outbreaks in the United States, proved to include the Hiram hospital outbreak from infected premises. The period of infection was shown to extend over a number of years, the persons suffering from typhoid. One case was mentioned where a child for 72 years, although she had had no recurrence of the disease herself. She was a boarding-house keeper in Boston and several cases occurred in her house. One person in five hundred adults, who had never had the disease, acted as carriers.

JOE MARTIN A CANDIDATE.

Says He Will Be Independent Liberal Candidate in Vancouver.

Vancouver, B.C., August 27.—Joe Martin, K.C., has arrived in Seattle on his way home from England. He on his way positively run as an Independent Liberal candidate in Vancouver. In view of the fact that the World newspaper has not taken up W. W. E. McInnes' nomination with any enthusiasm, and from other circumstances, it is reported that J. D. Taylor, editor of the World, will run as an Independent Labor candidate, perhaps assisted by the Anti-Social League. It is regarded as practically certain, C. E. Tisdale will be the Conservative candidate. W. J. Howett, attorney-general, has declined to run in the Conservative interests and will take little part in the Federal campaign.

Convicts Escape from Penitentiary.

Philadelphia, Aug. 27.—Two convicts working in a quarry in the state penitentiary in this city today scaled the high stone wall which surrounds the prison and jumped to the sidewalk below. One of them broke his leg in the fall and was captured after a fight by a prison guard. The other convict, John Berry, dashed away and although pursued by a large crowd, he escaped. Both men were in prison for robbery and were supposed to be reaching the top of the wall, which is twenty feet from the ground.

CHOICE TOMATOES A GUISE FOR RUM

Colchester Election Case Shows Up Conservative Methods in Nova Scotia—Witnesses Forget.

Halifax, Aug. 27.—The Bayne trial in connection with the Colchester election case reopened at Truro this morning after an adjournment of one week. A large number of new witnesses were examined, including many active Conservative workers in and around Truro. The trial is exciting great interest as Mr. Ritchie, counsel for the accused, admitted getting a box containing twelve bottles of rum, which he distributed, drinking some himself on his way home. Strange to say, he could not tell whence it came or whether he had met George Hall, the Conservative secretary, at Londonbury that day. Hall was called twice during the hearing today but could not be found.

George W. Stuart, Stanfield's chief supporter and chairman of the Conservative party, was called to the stand but was not overflowing with information. He was asked about certain alleged telephone messages from Bayne to him asking him to tell Frank Stanfield to "hurry up those two barrels of apples." Stuart admitted that he had got a telephone message from Bayne and said he understood it as asking him to tell Frank Stanfield to hurry up those two barrels of apples. Stuart said that he was not a supporter of Stanfield, which testimony is in striking contradiction to that of practically every other witness called. Other witnesses were examined but when asked to look upon the trial as a joke. The first witness called was C. R. Coleman, agent of the Dominion Express company. His testimony was extracted with great difficulty under a constant fire of interruptions from Mr. Ritchie, counsel for the accused, and it took nearly three quarters of an hour to get one complete answer recorded. Coleman swore that on November 25 he received a consignment marked "choice tomatoes," which he was under the impression was consigned to H. Johnson. He found on examination of his books that they had been addressed to J. H. Sullivan. There was no such person in Truro so far as he knew. He did not know to whom they were delivered as a man before. Ten boxes marked tomatoes came from Halifax. Coleman said he was a strong Conservative.

Told Not to Produce Books.

The next witness was F. W. Linton, agent for the Canadian Express company. He could not remember anything and when asked to refresh his memory from his books he had been instructed by his superior officers not to produce the books. He was excused and told to refresh his memory from his own notes. The prosecution's effort has been to connect Bayne with Stanfield's helpers and thereby with Stanfield. The whole case has been conducted with extreme delicacy and the prosecution owing to repeated interruptions and wranglings.

"Choice Tomatoes" Was Rye.

R. Murray, driver for the Canadian Express Co., swore that boxes of what he took to be whisky, marked "choice tomatoes," had come in on November 25 and had been delivered by him not to persons to whom they were addressed, but to prominent Conservatives in Truro on the instructions of a man he met on the street, whom he never saw before or since. The magistrate said the witness must not tell the name of the parties they will take a still bigger slice of the Pacific coast freight, which has been left going almost entirely to the Japanese lines. "In addition to these boats we are building four large steamships which will run from Japan to England via the Suez canal. All these vessels will be at the service of Japan in case of war. Our dockyard, of course, is not the only one that is active in producing this big order for auxiliaries. The dockyards at Kobe and other places are all running at their full capacity."

Two Brothers Killed.

London, N.S., Aug. 26.—Walter and Herbert Scott, brothers, 20 and 21 years of age, were instantly killed when their horse bolted in front of the St. John-Boston express.

LEFT AN ESTATE OF OVER \$56,000

Estate of Late John Brown, Edmonton Merchant, Goes to Cousins in Liverpool.

Letters of administration have been issued in the estate of a number of residents of Edmonton and the surrounding districts, who have died recently. The largest of these has been that of the estate of the late John Brown, merchant, of Edmonton, who died on November 18th, 1906. The late Mr. Brown died intestate, leaving an estate valued at \$56,700. His nearest relatives are Agnes and Margaret Brown, cousins, who reside in Liverpool, England. William Short has been appointed executor of the estate.

John R. Boyle, M.P.P., has been appointed executor of the estate of his brother, the late Lotus Hetherington Boyle, who died in Edmonton on Feb. 25th, 1908. His estate, which is valued at \$230, is left to his mother, Elizabeth Boyle, and to his brothers and sisters, John Robert Boyle, Wm. Alfred Boyle, Jean Boyle, Clara Boyle, Ethel Maud Boyle, Eva Marjorie Boyle, Agnes Goodale, wife of John Goodale, the Annie Stonehouse, wife of George Stonehouse.

JAPAN BUILDING AUXILIARY CRUISERS

Fast Steaming Liners Will Be Converted Into Warships in Time of Trouble—Dockyards Are Busy—May Be Officially But There is Need of Cruisers.

New York, Aug. 27.—According to Mr. Kashira Shiba, one of the managers of the Mitsubishi company in Yokohama, Japan, the Japanese government is making earnest effort to increase its fleet of auxiliary cruisers. Mr. Shiba declares that while the Japanese navy is highly efficient, there is need of a fleet of steamships which could in time of war be converted into cruisers.

"Our dockyard," said he "is working at its full capacity. We are at present turning out three 14,000 ton auxiliary cruisers, which will steam 21 knots, and which will ply between San Francisco and Hongkong via Japan. Incidentally they will take a still bigger slice of the Pacific coast freight, which has been left going almost entirely to the Japanese lines. These three boats will use oil for fuel. Our dockyard, of course, is not the only one that is active in producing this big order for auxiliaries. The dockyards at Kobe and other places are all running at their full capacity."

Saloonmen Heavily Fined.

London, Aug. 27.—The twenty hotel-keepers charged with selling liquor at hours during the Old Boy's run appeared before Police Magistrate Love yesterday, and all pleaded guilty. They were fined a total of \$1,900, without costs.

RAILWAY PORTER'S WINDFALL

He Will Probably Become the Owner of Jewelry Valued at \$10,000.

Montreal, August 25.—Ten thousand dollars' worth of diamonds and diamonds picked up at the C.P.R. Windsor station will become the property of the finder, Augustus V. Cooper, a porter, who was discharged from custody some days ago on the charge of stealing them. Mr. and Mrs. Burrows, of London, England, supposed owners of the diamonds, refused to give evidence to Mr. Ulric Lafontaine, who was sent to London for the purpose and waived all claim to the jewelry. The valuables are at present in the hands of the police.

C.N.R. President Coming West.

Toronto, Ont., Aug. 27.—Wm. Macdonald and a party of English tourists left this morning for Winnipeg.

POMP AND DISPLAY PURPOSELY OMITTED

Notification of John W. Kern, Democratic Vice-Presidential Candidate was Simple as Possible—Kern is Popular With All Sections and Makes Happy Reference to Bryan.

Indianapolis, Ind., Aug. 27.—The state fair grounds here yesterday were the center of interest to the Democrats of the United States, for there were gathered the great leaders of the party, with thousands of ardent supporters to witness the notification of John W. Kern of his nomination as the vice-presidential candidate and hear the speech of Wm. J. Bryan on the subject of "The Trusts," one of the greatest and most important features of the presidential campaign. There was an absence of pomp about the ceremonies as the result of the special request of Kern, who is known to his friends as a man who dislikes show and display. There was no parade. There was no street demonstration and also, at the request of Kern, the merchants and citizens had refrained from adorning the city in general decorations. In every way the occasion was made as simple as possible.

The leaders gathered at Democratic headquarters, and the only feature, bordering on the usual methods of celebration, was the trip to the fair grounds in automobiles. In thirty big cars the leaders drove to the fair grounds, and were greeted by big cheering crowds of Democrats.

Wm. J. Bryan appeared on the platform the crowd went wild and cheered him to the echo. Thomas Taggart formally opened the session, calling the crowd to order. He instructed Father Gavisk, who pronounced the invocation. Chairman Mack then made a brief address and introduced Theodore Bell, who formally notified Kern of his nomination. The vice-presidential candidate at once began his address. After Kern concluded, Thomas R. Marshall was introduced, and in a short speech told his high opinion of Bryan's nomination to the Democratic ticket in the state this year.

Then Bryan was called upon, and in a speech, bringing home every point with dramatic force and lifting the great audience of his feet with his eloquence. Kern, in accepting the nomination, paid a high tribute to Bryan, declaring that it is not under obligations to unlawful combinations of capital, but is free to serve the people by carrying out his platform pledges.

He declared that Bryan, while a foe to unlawful monopoly, is a friend to every legitimate enterprise. The unanimous choice of Bryan by the Denver convention and Kern, was deemed by the best interests of the country.

PROFIT IN THREE-CENT FARES

They Netted Cleveland Nearly \$20,000 During July.

Cleveland, O., Aug. 27.—According to figures given out by the Municipal Traction Company today, three-cent fares made a profit of \$19,686 during July. This is the first statement of profit that has not shown a deficit.

For May, the first month the railways were operated at three-cent fares, a loss of \$84,016 was reported. During that month the motormen and conductors were on a strike. For June the loss was given at \$23,229. The gross earnings for July were \$437,174.

Bryan Speaks Four Times.

Topeka, Kas., Aug. 27.—William Jennings Bryan made four speeches in Topeka this afternoon and evening. The first was from the balcony of the Hotel Thorp to a thousand people. He was then taken to Garfield park, where he talked to the Knights of Pythias, who were holding a picnic. This is the first fraternal order that Bryan joined, and his talk was simply fraternal. Tonight he was compelled to speak to two meetings, a big one in the Topeka auditorium before 5,000 people. Many were turned away.

Well Known Medical Man Dead.

London, Aug. 27.—After unsuccessfully fighting what had baffled the best doctors for months, Dr. George Hidge, of this city, and probably one of the best known medical men in Western Ontario, died in St. Joseph's hospital this morning in his 68th year. For years he was professor of clinical medicine in Western University.

163 EDITORS THE GUESTS OF CITY

National Editorial Association, Visit Alberta's Capital—Board of Trade Takes Them in Hand

(From Friday's Daily.) A party of 163 members of the National and Editorial Association of the United States arrived in the city by special train over the Canadian Northern at 12 o'clock today, and will remain here until Saturday morning. They are making a tour of Western Canada under the auspices of the Dominion government. To the majority of the members of the party this is their first trip through this portion of Canada, and the general expressions heard from the members of the association are of surprise and pleasure at the growth of this part of Canada, and the excellent prospects of future development.

The party were met at Vegreville by A. C. Fraser, president of the Board of Trade, F. T. Fisher, Geo. H. Massie and Mr. Studholme. These gentlemen welcomed the party to the city and distributed literature setting forth the advantages of Edmonton, and indicating the program of entertainment arranged by the Edmonton Board of Trade. The party arrived here at noon and repaired at once to the Alberta hotel, where they had lunch. At 2 o'clock the party assembled at the Board of Trade offices on First street, where automobiles and carriages were provided. They were driven about the city and surrounding districts, visiting all the principal points of interest and getting in touch with the conditions prevailing here. This evening they will be tendered an informal reception at the Assembly room of the Separate school, Third street, by the members of the Edmonton Board of Trade and city council. A short programme has been provided, speeches will be delivered by many of the visitors, who are politicians of renown in the United States, and by local gentlemen.

The visiting editors are accompanied on their trip by C. W. Speers, of Ottawa, general colonization agent of the Dominion government, and William F. White, of Ottawa, inspector of United States Immigration Agencies and press agent of the Dominion government. Mr. Speers is chief publicity agent of the C.N.R., accompanied the party to Edmonton from the Canadian Pacific, where the party were met here by George B. Coombs, of Calgary, travelling passenger agent of the C.P.R., who will accompany them over the C.P.R. The party leave by special train for Calgary at five o'clock Saturday morning. They will spend Saturday afternoon and evening in Calgary, and Sunday in Banff. They will then take a trip through southern Alberta and return east over the C.P.R., through Medicine Hat, Moose Jaw, Regina, Brandon and Winnipeg.

Speaking of the trip, Mr. White stated that the various members of the party expressed themselves as highly pleased with the progress of the country. The country was a revelation to them, and this trip will undoubtedly result in a number of returns to this portion of Canada. On their way west over the C.N.R. the party stopped at Humboldt, Saskatchewan, Rosetern, Battleford, Lloydminster, Vermilion, Vegreville, Fort Saskatchewan and other places. At each point they were met by a number of the more prominent citizens, who welcomed the party to Western Canada, and who gave them samples of grain, grasses and other products of the country.

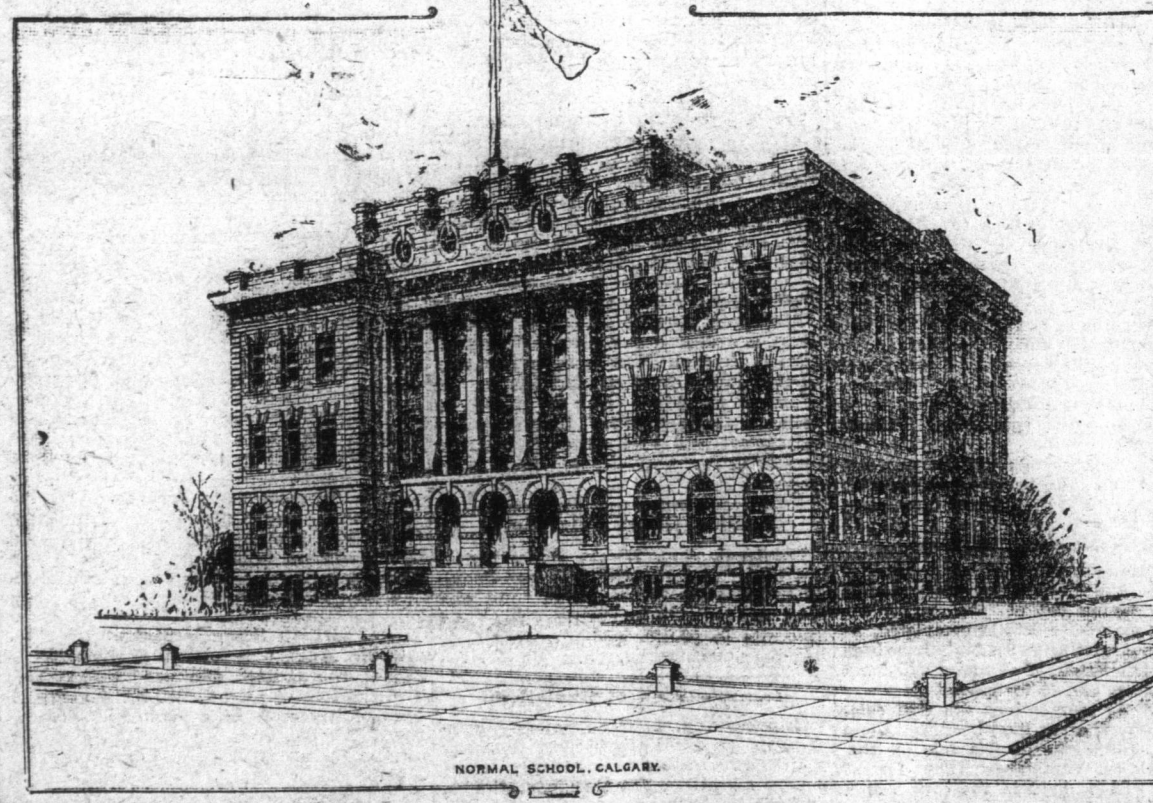

Mr. Speers corroborated the statement made by Mr. White as to the pleasure expressed by the different members of the party on this trip. The National Editorial association, he stated, which met in convention in St. Paul recently, was composed of representatives of each of the forty-four states in the union. The party now touring Canada was one of the largest and most representative organizations of newspaper men in the world. This was their twenty-third annual tour, and was the first time they had travelled through Western Canada.

Included in the party are many senators and congressmen, including ex-Governor White, West Virginia; Senator Perkins, Texas; Congressman Ashbrook, Ohio; Col. Diamond, Louisiana, and others. The various members of the party have signified their intention of going back to their homes and through the medium of the newspapers which they represent, of speaking in higher praise than ever before of Western Canada. They are astonished at the productions of the country, and the vast tracts of fertile land, rich with mineral resources, yet to be settled. It is evident that the trip is not only a pleasure to the members of the party, but will bear fruit to the Dominion of Canada in the stimulus to immigration, and the development of the great natural resources of the country.

Reception to Visiting Editors. Calgary, August 27.—The Board of Trade and City Council are arranging for a reception to the National Editorial Association here tomorrow. R. Grigg, of the Imperial Board of Trade, England, is here, reporting correspondence throughout Canada as report on matters of public interest, such as finances and state of trade.

Stepped off Moving Car.

Winnipeg, Aug. 28.—Mrs. Olga Bjornson of this city stepped off a car while it was moving and was thrown to the ground her skull being fractured. Her advanced age makes her condition precarious.

The new provincial Normal School, which opened in Calgary this week, is one of the most handsome and imposing buildings in the province. It is situated between Sixth and Seventh avenues West, and is built of Calgary sandstone. The dimensions of the building, which is three stories high, are 128 feet 8 inches by 92 feet 4 inches. The twelve class rooms are complete with chemical and physical laboratories, and will give accommodations to some three hundred students. On the ground floor is a large entrance hall, which is private rooms for the principal and teachers. On the second floor is an assembly hall and a large auditorium. A capable faculty has been appointed, and the school opened on August 24th, with an attendance of between eight and ninety students.

W. JOHNSTONE WALKER & CO. 267 JASPER AVE., EAST.
